They All Saw a
Cat Chronicle
Books
The author of
Straw Dogs,
famous for his
provocative
critiques of
scientific
hubris and the
delusions of

progress and
humanism,
turns his
attention to
cats—and
what they
reveal about
humans'
torturous
relationship to
the world and
to themselves.
The history of
philosophy
has been a
predictably
tragic or
comical

succession of
palliatives for
human
disquiet.
Thinkers from
Spinoza to
Berdyaev
have pursued
the perennial
questions of
how to be
happy, how to
be good, how
to be loved,
and how to
live in a world
of change and
loss. But

perhaps we can learn more from cats--the animal that has most captured our imagination--than from the great thinkers of the world. In *Feline Philosophy*, the philosopher John Gray discovers in cats a way of living that is unburdened by anxiety and self-consciousness, showing how they embody answers to the big questions of love and attachment, mortality, morality, and the Self:

Montaigne's house cat, whose unexamined life may have been the one worth living; Meo, the Vietnam War survivor with an unshakable capacity for "fearless joy"; and Colette's Saha, the feline heroine of her subversive short story "The Cat", a parable about the pitfalls of human jealousy. Exploring the nature of cats, and what we can learn from it, Gray offers a profound, thought-provoking

meditation on the follies of human exceptionalism and our fundamentally vulnerable and lonely condition. He charts a path toward a life without illusions and delusions, revealing how we can endure both crisis and transformation, and adapt to a changed scene, as cats have always done.

[The Cats on My Block](#) New York Review of Books

A presentation of some of the finest renderings of cats as they

have appeared in books over the centuries. *How Do Dinosaurs Love Their Cats?* Aladdin Animal lovers will laugh out loud at the quirkiness of their feline friends with these insightful and curious poems from the singular minds of funny cats. In this hilarious, bestselling book of tongue-in-cheek poetry. The author of the internationally syndicated comic strip Sally Forth

helps cats unlock their creative potential and explain their odd behavior to ignorant humans. With titles like "Who Is That on Your Lap?," "This Is My Chair," "Kneel Before Me," "Nudge," and "Some of My Best Friends Are Dogs," the poems collected in *I Could Pee on This* perfectly capture the inner workings of the cat psyche. With photos of the cat "authors" throughout, this whimsical animal book reveals kitties

at their wackiest, and most exasperating (but always lovable). Ideal for that "crazy cat lady" or "cat mom/dad" in your life this collection of poems makes for the perfect cat-themed gift for anyone who's obsessed with our feline friends. *Cats Are the Worst* Grand Central Publishing This cultural history reveals how cats became the undisputed mascot of the internet—"an essential look

at life online” (Ryan Milner, author of *The World Made Meme*). Journalists and their readers seem to need no explanation for the line, “The internet is made of cats.” Everyone understands the joke, but few know how it started. A *Unified Theory of Cats on the Internet* is the first book to explore the history of how the cat became the internet’s best friend. Internet cats can differ in dramatic

ways, from the goth cats of Twitter to the glamourpusses of Instagram to the giddy, nonsensical silliness of Nyan Cat. But they all share common traits and values. Bringing together fun anecdotes, thoughtful analyses, and hidden histories of the communities that built the internet, Elyse White shows how japonisme, punk culture, cute culture, and the battle among different

communities for the soul of the internet informed the sensibility of online felines. Internet cats offer a playful and useful way to understand how culture shapes—and is shaped by—technology. Western culture has used cats for centuries as symbols of darkness, pathos, and alienation. The communities that helped build the internet represented themselves as outsiders, with snark and alienation at

the core of their identity. Thus cats became the sine qua non of cultural literacy for the Extremely Online, as well as an everyday medium of expression for the rest of us. Whatever direction the internet takes next, the “series of tubes” is likely to remain cat-shaped. *Science Comics: Cats* National Geographic Books “Wherever one looks there are cats to be seen both inside

and outside a house.”--Title page verso. *It's Like This, Cat Chronicle* Books They All Saw A Cat — New York Times bestseller and 2017 Caldecott Medal and Honor Book The cat walked through the world, with its whiskers, ears, and paws . . . In this glorious celebration of observation, curiosity, and imagination, Brendan Wenzel shows us the many lives of one cat, and how perspective

shapes what we see. When you see a cat, what do you see? If you and your child liked *The Girl Who Drank the Moon*, *Finding Winnie*, and *Radiant Child* — you'll love *They All Saw A Cat* “An ingenious idea, gorgeously realized.” —Shelf Awareness, starred review “Both simple and ingenious in concept, Wenzel's book feels like a game changer.” —The Huffington Post

Jessica Kingsley Publishers
Most people love cats. They're fluffy, playful, and can be a joy to have as a companion. However, they can also be huge assholes. So what can you do? How do you deal with a roommate

who always seems to be plotting to kill you? While we all love sharing adorable photos of kittens, these frisky felines are known more for marching to the beat of their own drum than abiding by the rules. From running around your home at two in the morning, knocking everything off your shelves, or taking up most of your bed, these furry critters can be immensely

selfish and disrespectful to those who give them endless love and affection. Why Cats Are Assholes is up for such a challenge. From studying their history all the way back to ancient Egypt, comedian Liz Miele—the daughter of veterinarians—digests the cat psyche to try and understand why they do the things they do, and how we, as their loyal servants, can handle domestic bliss with them

around. With the help of her cat Pasta, Miele breaks down the common behaviors of cats in an attempt to try and better understand their plan of attack (if there is one), as well as what we can do to better prepare ourselves. Whether you have one, two, or twelve fur babies, Why Cats Are Assholes is the ultimate guide to better understanding your pet's behavior while taking back

your home from these domesticated terrorists. *Feline Philosophy* Simon and Schuster Dave has the usual adolescent problems, mitigated by the consoling company of his cat. Recounted with humor and a realistic teenage voice, this Newbery Award winner unfolds amid the excitement of 1960s New York City. "Superb." — The New York Times. Cat's First Baby Walker

Cat experts Fiona and Mel Sunquist present comprehensive entries for each of the thirty-seven cat species that include color distribution maps and up-to-date information related to the species' IUCN conservation and management statuses, while their informative sidebars reveal why male lions have manes (and why dark manes are sexiest), how cats see with their whiskers,

the truth behind our obsession with white lions and tigers, and why cats can't be vegetarians. The Wild Cat Book also highlights the grave threats faced by the world's wild cats--from habitat destruction to human persecution. **All Cats Are on the Autism Spectrum** New Directions Publishing Inspirational interiors and the enigmatic felines who call them home. Cats

can be notoriously aloof, yet they have a special knack for commanding a room. What can these curious creatures reveal about their owners' personal style and design sensibilities? *Where They Purr* showcases twenty-eight inspirational houses and their stylish interiors, along with the charismatic felines that call these places home. From a historic Victorian terrace to a

modern farmhouse with panoramic vistas, an art-filled inner-city apartment to a cozy rental that melds classic pieces and clever design, discover each cat's domain and their predilection for sunlit nooks, midcentury furniture, or rooms with a view. Through stunning photography, Paul Barbera captures these enviable homes complemented by the enigmatic qualities of

those most contrary of domestic companions: our cats. **Kitten Lady's Big Book of Little Kittens** Candlewick Press (MA) Equal time for canines! Three cats — Tiny, Moonpie, and André — think there might be a dog in this book, but it's up to the reader to help them find out. Can cats and dogs share the same turf? Revisit the age-old dilemma with a hide-and-seek romp among furry friends.

Brimming with humor and featuring Viviane Schwarz's exuberant artwork, here is a lively interactive exploration of the surprising joys of unlikely friendships from the creator of *There Are Cats in This Book* and *There Are No Cats in This Book*. [Cats in Their Gardens](#) National Geographic Books This format is designed to be read on color devices and cannot be

read on black-and-white e-readers. In Andy Hirsch's *Science Comics: Cats*, we meet feline friends from the tiniest kodkod to the biggest tiger, and find out what makes your neighborhood domestic cats so special. Equipped with teeth, claws, and camouflage to survive everywhere from deserts to mountaintops, how did these ferocious felines make the leap from predators to playmates...

and are they even done leaping? Every volume of *Science Comics* offers a complete introduction to a particular topic—dinosaurs, the solar system, robots, and more. Whether you're a fourth grader doing a natural science unit at school or a thirty year old with a secret passion for airplanes, these books are for you! *There are Cats in this Book* Chronicle Books Practical and effective

strategies for solving every feline behavior problem imaginable—from litter box issues to scratching, spraying, biting, and beyond. “Mieshelle Nagelschneider is a wizard at demystifying cat behavior and providing easy-to-follow steps for solving vexing problems.”—Bob Tarte, author of *Kitty Cornered Cat Whisperer*

Mieshelle Nagelschneider has been helping people deal with these

dilemmas for two decades, achieving a near-perfect success rate. Central to her approach is a keen understanding of the unique way cats see the world—their need for safety and security, their acute territoriality, and their insatiable desire to catch and kill prey. Her proven C.A.T. cat behavior modification plan is a commonsense course of action that can be specifically

tailored to your cat in the context of its behavior problems and its particular household environment. Easy-to-implement solutions help transform even the most anxiety-riddled companions into confident, gregarious, and relaxed cats who live longer, happier, and healthier lives. Inside you’ll discover • how to harness the power of “friendly pheromones” to improve your cat’s

appetite, exploration, grooming, and play • where, when, and how to create a litter box environment that will provide ease of access and reduce anxiety for you and your cat • how to end aggression in multiple-cat households and help your cats coexist peacefully Who says you can't train a cat? In this fascinating and indispensable book, the Cat Whisperer takes you inside the

mind of a feline to explain why members of one of the world's most inscrutable species act the way they do—and how you can convince them to change their behaviors for the sake of your peace of mind . . . and theirs.

Praise for The Big New Yorker Book of Cats "The Book of Cats comes a year after The Big New Yorker Book of Dogs—a publishing slight that, though it stings, I'll

forgive, as the latest anthology was worth the wait. . . . Two standout articles feature real-life obsessives of ages past who reveal today's Caturnet devotees—with their GIFs and Tumblrs and hastily aggregated listicles—for what they truly are: amateurs. . . . Eat your heart out, Cute Overload.”—The New York Times Book Review “A beautiful hardcover.”—Jenny McCarthy,

People “This irresistible anthology of articles, poems, essays, fiction, cartoons, and covers pulled from the New Yorker is a veritable treasure trove for cat lovers. Just dive right in; with stories from the likes of John Updike, Maeve Brennan, Roald Dahl, and Haruki Murakami interwoven with hilariously wry cartoons, one can't help but be enthralled. A must-have.”—Modern Cat “A shiny, well-fed

tome . . . The anthology embodies the cat's defining characteristic: its cluster of opposites, rolled together into a giant hairball of cultural attitudes—something, perhaps, at once uncomfortably and assuringly reflective of our own chronically conflicted selves.”—Brain Pickings “This gorgeous book has earned a permanent spot on my coffee table. It is an absolute joy to read

and browse through, and I know it will bring me hours and hours of pleasure for years to come. And it makes a perfect gift for the special cat lovers in your life.”—The Conscious Cat “[A] sumptuous volume.”—The Dallas Morning News
