### *Releasing the Nudes - Part 3* Harpercollins

Here is the author's fifth volume of classic fine art nudes which continues the tradition of being a mixture of different styles from different time periods in celebration of the nude form. This pictorial is like walking into an art museum, entering a gallery, and gazing at the paintings to discover artwork by some of the greatest artists who have ever lived. Each painting presented in this book represents the societies and times in which they were painted. Yet they all transcend the parameters of the moment to become true works of art. The beauty and the fascination of the nude is explored in both classical and new ways. Some of the artists in this book will be familiar to you and some may not be familiar to you. Rest assured, though, each work of art is worthy of your attention. Here are fifty great nudes - enjoy! (Don't forget to check out the other four volumes in my series of books of Classical Fine Art Nudes.) The artists included in this pictorial book are: Georges le Onnec, Gustave Courbet, Gustav Klimt, Raimundo de Madrazo Garreta, Ishikawa Seishun, Paul Gustav Fischer, Edouard Dantan, Gaston Bussiere, Jan Massys, Blas Olleros y Quintana, Egon-Schiele, After Bloemaert Abraham, Louis Icart, Charles Chaplin, François-Gérard, Felix Vallotton, William Etty, Paul Gauguin, George Barbier, Edvard Munch, Carl Larsson, Anna Bilińska-Bohdanowicz, Joseph Stella, Wojtech Hynais Poloakt, Henri Edmond Cross, Gustave Dore, Elihu Vedder, Boris Kustodiev, William Merritt Chase, Pierre Bonnard, Edouard Debat Ponsan, William Sergeant Kendall, Peter Paul Rubens, Adolf Ziegler, Frederick Frieseke, Clemens von Pausinger, Kenyon Cox, Jean Bourdichon, Henri Matisse, Cornelis Cornelisz van Haarlem, David Shterenberg, Aba Novák, Kuroda Seiki, Lovis Corinth, Elihu Vedder, Carl Larsson, Childe Hassam and Vlaho Bukovac.

### *The Nude in Western Art* Routledge

The art of climbing dis-roped and disrobed. Twenty years ago, Dean Fidelman asked a rock climber to take off her shoes and boulder nude, and his famous series Stone Nudes was born. The stunning black-and-white images of athletic figures captured in motion on cliffs in breathtaking wild landscapes have made Fidelman famous within the climbing community. Fidelman followed his nomadic muses around North America and the world, framing them in the picturesque landscapes of Yosemite Valley; Joshua Tree; Moab, Utah; Patagonia; Europe; and coastal Thailand. The sensual photographs uniquely capture the stark beauty of athletes on the stone, their muscular bodies camouflaging with the formations of the rocks they are poised on. This book will appeal to those interested in climbing, lovers of nude photography, as well as anyone who appreciates breathtaking images of improbable physical feats across stunning landscapes.

### *Art Models 5* Bookthrift

Collects essays about the years the author spent as a professional nude model.

### *Art of the Nude* Rizzoli Publications

Whether for work on a finished piece, trying a new technique, or getting in some practice time, this

figure study enables artists to work when and where they want with their choice of model, pose, and view. The latest in the series features 12 new male and female art models--as well as Becca from the previous book--in a collection of poses selected by readers and visitors to the authors' website. The contrast has also been increased in many of the photos to provide deeper, more challenging shadows. While the guide includes individuals and couples with a wide range of body types in natural, relaxed stances as well as some inspired by classical works of art, the primary focus is on dynamic poses--twisting, scrunching, reaching, and even fighting. Poses are precisely lit, revealing every area of the model, and have been carefully chosen to illustrate important effects such as foreshortening and perspective changes. A judicious amount of photo retouching is done, not to make the models more glamorous or plastic, but to remove distractions that detract from the essence of the models. The PC- and Mac-compatible DVD-ROM included in the book features more than 1,200 high-resolution photos available in a number of viewing options--on a computer screen, printed out, projected for a group, or via a high-definition television. Each angle of every pose may also be enlarged, enabling artists to zoom in on specific body parts to achieve a higher level of detail.

### **Art Nude** Routledge

One hundred nudes d'auteur and a selection of passages from famous authors explore ironically and erotically a theme dear to the art of all times. Through the centuries, the evolution of an idea of the body viewed as the place of beauty and desire.

### **Twenty-Five Nudes** Independently Published

An impressive sampling of life drawings by 45 of the art world's greatest masters, from Dürer and Michelangelo to Modigliani and Derain. Other artists include Raphael, Rubens, Gauguin, Matisse, Rodin, and others.

### *100 nudes* National Geographic Books

Just as there is a fundamental difference in the use of the words "naked" and "nude", the unclothed body can evoke a feeling of delight or shame, serving as a symbol of contradictory concepts - beauty and indecency. This book is devoted to representations of the nude by great artists from antiquity and the Italian Renaissance to French Impressionism and contemporary art; from Botticelli and Michelangelo to Cézanne, Renoir, Picasso and Botero. This beautifully produced book provides a collection that will appeal to all art lovers.

### *Stone Nudes* Courier Corporation

"Degas and the Nude" is the first book in a generation to explore the artist's treatment of the nude from his early years in the 1850s and 1860s, through his triumphs in the 1880s and 1890s, all the way to his last decades when the theme dominated his artistic production in all media. With essays by leading American and French critics, it provides a new interpretation of Degas' evolving conception of the nude, situating it in the subject's broader context among his peers in nineteenth-century France. It explores how Degas exploited all of the body's expressive possibilities, how his vision of the nude informed his notion of modernity, and how he abandoned the classical or

historical form in favor of a figure seen in her own time and setting--whether engaged in overtly carnal acts or just stepping out of an ordinary bath.--

Erotic Ambiguities Amherst Media, Inc

- Beautiful coffee-table book--at an affordable price! - Author is well known in fine art photography circles, with exhibits planned in the US Pascal Baetens's sublime black-and-white fine art nudes are praised around the globe, and here, in his fourth book, his work reaches a crescendo of style and purity. Baetens's photos remind us of those precious moments of discovery when all was well with the world and nature was in perfect harmony with the beauty of the female form, says Andrew Rawlins. Everyone who appreciates the beauty and the art of female nudes needs this beautiful book by a rising star."

*The Last Nude* Lulu.com

Cento nudi d'artista e una selezione di brani d'autore esplorano con malizia e ironia un tema caro all'arte di tutti i tempi. Attraverso i secoli, l'evoluzione di un'idea del corpo inteso come luogo della bellezza e del desiderio.

**Degas and the Nude** Smithmark Publishers

A thoughtful introduction to art and its interpretation for children, with a sense of humor *Why is Art Full of Naked People?* is an irreverent and informative primer that asks tricky questions about what makes art art. What is with all the fruit? Why is art so weird nowadays? There are questions about how art views the world, from cave paintings through to Cubism, from the Renaissance to contemporary art, questions about different genres, including still-life painting, landscapes and portraits, and questions about the role and value of art in the past and today. Artists ask questions when they make art and viewers ask questions when they look at art; this book provides an engaging way for young people to explore asking and answering questions for themselves. The book is structured around twenty-two questions, each one tackled over two spreads. Through this provocative approach it offers an introduction to art history and a toolkit to enable young people to feel confident asking questions, searching for answers, and "reading" art for themselves.

**The Nude: A Study in Ideal Form** Barron's Educational Series

In 1989, in what might have been the darkest hours of the AIDS epidemic, artist and illustrator Mats Gustafson began a series of nudes in watercolor, wash, and ink that would explore the stripped-down human body at a moment when it seemed most at risk of erasure. When encountering the Swedish-born artists series of nudes, it becomes evident that even the annals of art have rarely treated the nude figure as a mortal, perishable vessel... But within these fifty-odd works, Gustafson celebrates the vulnerable, fragile, fleeting nature of the physical body. His watercolors saturate the paper with the softness and permeability of human skin their surfaces seem to breathe as lithe limbs and torsos stretch across the surface. Men and women, often alone, sometimes captured in an embrace, confront us directly with their unclothed and thus, unprotected selves. The result is less a shock than an invitation to intimacy, as if we have walked in on a moment of heart-thrashing honesty. from the introduction by Christopher Bollen Mats Gustafson, born in Sweden in 1951, has long been recognized for his international career as a top fashion illustrator. first working at British Vogue in 1978, Gustafson quickly moved on to American Vogue, Andy Warhols Interview, and the worlds most important fashion magazines and international fashion houses (Comme des Garcons,

Chanel, Yohji Yamamoto). In addition to his acclaimed fashion work, he has had a dual career as an artist. In *Nude*, Gustafson's second artist book with August edition, he shares a very personal side of himself and his work.

*The Nude* Createspace Independent Publishing Platform

Images of the nude human form are among the oldest art forms—from simple drawings, to grand statuary, to classic painting and contemporary photography, artists' fascination with the human body has endured throughout time and across every form of creative expression. Within the pages of this book, accomplished fine-art nude photographer Jennifer Emery begins by presenting the key elements of lighting and posing the human body to best flatter the subject and express the desired design. With these fundamentals in place, she expands and elevates the practice of photographing nudes to develop more conceptual, fine-art looks that go beyond merely representing the subject and strive to communicate more complex ideas and aesthetics. As she demonstrates, fine-art nude photography can go far beyond a mere black backdrop and some interesting lighting. Full of color, motion, and style, Emery's images spark intrigue, admiration, passion, and excitement!

The Naked Nude Routledge

Mithamaly Siharath, more commonly known as Maly Siharath was born on December 22, 1975, Vientiane, Laos is a Model and Fashion stylist for celebrities, magazine, red carpets, films and campaigns. She finally released her nude photography in a book with various fashion and glamour photographers.

The Nude in Art University of Arkansas Press

This book provides a timely reappraisal of one of the most enduring subjects in the history of art – the naked body. Beginning with reflections on what denuding entails and means, the volume then shifts to a consideration of body politics in the context of Black political empowerment, disability, and queer and Indigenous politics of representation. Themes including the animal nude, the male nude, and nudity in childhood are also considered. The final section examines the nude from the perspective of the artist and the artist's model. The book will be of interest to scholars working in art history, comparative literature, cultural studies, gender studies, queer studies, screen studies, and trans studies.

**On the Nude** MFA Publications

"Art is always ambiguous. When it involves the female body it can also be erotic. *Erotic Ambiguities* is a study of how contemporary women artists have reconceptualised the figure of the female nude. Helen McDonald shows how, over the past thirty years, artists have employed the idea of ambiguity to dismantle the exclusive, classical ideal enshrined in the figure of the nude, and how they have broadened the scope of the ideal to include differences of race, ethnicity, sexuality and disability as well as gender." "McDonald discusses the work of a wide range of women artists, including Barbara Kruger, Judy Chicago, Mary Duffy, Zoe Leonard, Tracey Moffatt, Pat Brassington and Sally Smart. She traces the shift in feminist art practices from the early challenge to patriarchal representations of the female nude to contemporary, 'postfeminist' practices, influenced by theories of performativity, queer theory and postcoloniality. McDonald argues that feminist efforts to develop a more positive representation of the female body need to be reconsidered, in the face of the resistant ambiguities and hybrid complexities of visual art in the late 1990s."--Jacket.

**Art Models 5 Life Nude Photos for the Visual Arts** CreateSpace

"Fine Art Nudes" is a selection of 50 breathtaking photographs documenting the female nude. With the help of a large collection of stunning glamour models, Jean-Christophe Destailleur explores the art of black and white nude photography. At the very least, this book will make you rethink what is truly glamorous.

*Mats Gustafson: Nude* Thames & Hudson

Fifth volume in the popular series of books starring African male nudes. There are a great variety of artists, styles and subjects of international erotic art in this beautiful book.

[Black Volume 5](#) Amphoto Books

Artists have, since the beginning of artistic history, portrayed the female nude in their work. Here is a collection of fine art nudes created by artists you may find both familiar and unfamiliar, but who

are sure to delight in either case. Art can reveal not only the naked body of a woman, but the times she lives in, allowing us to take a trip into our past and find that it is not so different from today. Herein lies fifty-four examples of the beauty of the female form as seen through the eyes of great artists.

**Live Nude Girl** Riverhead Books

Whether for work on a finished piece, trying a new technique, or getting in some practice time, this figure study enables artists to work when and where they want with their choice of model, pose, and view. The latest in the series features 12 new male and female art models as well as Becca from the previous book in a collection of poses selected by readers and visitors to the authors' website. The contrast has also been increased in many of the photos to provide deeper, more challenging shadows.
