Hoosiers and the American Story

University of Oklahoma Press
 How Wabash College, a small, all-male liberal arts college chose to become NCAA Division III in athletics, rose to prominence with its football team, and won a national championship in basketball as well.
The National Nurseryman Prentice Hall
 Although readers of modern literature have always known about the collaboration of W.B. Yeats and Ezra Pound, the crucial winters these poets spent living together in Stone Cottage in Sussex (1913-1916) have remained a mystery. Working from a large base of previously unpublished material, James

Longenbach presents for the first time the untold story of these three winters. Inside the secret world of Stone Cottage, Pound's Imagist poems were inextricably linked to Yeats's studies in spiritualism and magic, and early drafts of *The Cantos* reveal that the poem began in response to the same esoteric texts that shaped Yeats's visionary system. At the same time, Yeats's autobiographies and Noh-style plays took shape with Pound's assistance. Having retreated to Sussex to escape the flurry of wartime London, both poets tracked the progress of the Great War and in response wrote poems--some unpublished until now--that directly address the poet's political function. More than the story of a literary friendship, *Stone Cottage* explores the Pound-Yeats connection within the larger context of

modern literature and culture, illuminating work that ranks with the greatest achievements of modernism.
Frauds and Falsehoods of the Republican Party U of Nebraska Press
 On forming people who form communion
 Theological education has always been about formation: first of people, then of communities, then of the world. If we continue to promote whiteness and its related ideas of masculinity and individualism in our educational work, it will remain diseased and thwart our efforts to heal the church and the world. But if theological education aims to form people who can gather others together through border-crossing pluralism and God-drenched communion, we can begin to cultivate the radical belonging that is at the heart of God's transformative work. In

this inaugural volume of the Theological Education between the Times series, Willie James Jennings shares the insights gained from his extensive experience in theological education, most notably as the dean of a major university's divinity school—where he remains one of the only African Americans to have ever served in that role. He reflects on the distortions hidden in plain sight within the world of education but holds onto abundant hope for what theological education can be and how it can position itself at the front of a massive cultural shift away from white, Western cultural hegemony. This must happen through the formation of what Jennings calls erotic souls within ourselves—erotic in the sense that denotes the power and energy of authentic connection with God and our fellow human beings. After Whiteness is for anyone who has ever questioned why theological education still matters. It is a call for Christian intellectuals to exchange isolation for intimacy and embrace their place in the crowd—just like the crowd that followed Jesus and experienced his miracles. It is part memoir, part decolonial analysis, and part poetry—a multimodal discourse that deliberately transgresses boundaries, as Jennings hopes theological education will do, too.

A Life on the American Frontiers: Collected Works of Henry Schoolcraft Indiana University Press

Describes the life of Sarah Goode, who was born a slave and grew up to invent a space-saving foldable bed and became the first African American woman to obtain a patent in the United States.

The American Florist University of Missouri Press

A biography of the first astronaut to walk on the moon draws on NASA archives and interviews with family and friends to portray an enigmatic and private man who braved the dangers of space travel to become a member of the Apollo 11 crew.

The Seeker and the Monk Good Press

"During the expedition, twenty-three-year-old Bodmer sketched and painted a wealth of landscapes and Native American portraits that would be immortalized as engravings in Maximilian's published journals and accompanying atlas. Now considered the most vivid and instructive depiction of the nineteenth-century American West and its people prior to the decimation of many Plains tribes by disease, Bodmer's artwork continues to intrigue historians, scholars, and collectors."

Wilderness Journey Oxford University Press
They lived "green" out of necessity -- walking to work, repairing everything from

worn shoes to wristwatches, recycling milk bottles and packing containers. Music was largely heard live and most residential streets had shade trees. The nearby Wabash River -- a repeated subject of story and song -- transported Sunday picnickers to public parks. In the form of an old-fashioned city directory, *An American Hometown* celebrates a bygone American era, focusing on life in 1920s Terre Haute, Indiana. With artfully drawn biographical sketches and generously illustrated histories, noted musician, historian, and storyteller Tom Roznowski not only evokes a beauty worth remembering, but also brings to light just how many of our modern ideas of sustainable living are deeply rooted in the American tradition.

One Giant Leap University of Illinois Press

The content of the autobiography of Adnan A. Musallam, PhD, transcends his birth and upbringing in a Christian Palestinian Arab family in Bethlehem, the Holy Land, and his traumatic childhood and goes beyond that into another very different culture in America at an early age, where he lived as an exchange student with five Rotary families while attending Wabash High School in Wabash, Indiana, from 1962 to 1963. It was a continuous adjustment as he was moving from one very kind family to another. The high school diploma he got in June 1963 paved the way for his BA (1967), MA (1970), at Indiana University, Bloomington, Indiana and Ph.D. (1983) at the University of Michigan at Ann Arbor Michigan. But the ups and downs of life in Indiana and Michigan led to a divorce and led him to enlist in the United States Navy in January 1975. At the end of active duty in May 1977, he was awarded a United States Navy Achievement Medal; and he was enrolled in the doctoral program at the University of Michigan, Ann Arbor, Michigan. Eventually, he joined the teaching staff at Bethlehem University in the Holy Land beginning in September 1981, and he taught history at the Tour Guide Program at Bethlehem Bible College. Adnan is married to Salwa Sayeh, who both have five daughters and many grandchildren and great-grandchildren. Appendix A and appendix B revolve around Adnan's stay in Wabash, while appendix C focuses on his membership in the Delta Chi fraternity at Indiana University, and appendix D deals with Adnan's career and thought. It is clear from the content of Adnan's autobiography that his life and thought are closely intertwined with the Palestinian Israeli conflict, 1948-present. 44

The Chicago Renaissance began in the

early 1900s and lasted until approximately 1930. The leading writers of the period, including Theodore Dreiser ("*Sister Carrie*") *American Stationer and Office Manager* Psychology Press

First Published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

Phi Gamma Delta Quarterly Indiana Historical Society

This account of a dramatic moment, and a classic speech, is "a must-read for anyone interested in presidential politics" (*Indiana Magazine of History*). On April 4, 1968, Senator Robert F. Kennedy Jr., arrived in Indiana to campaign for the state's Democratic presidential primary. As Kennedy prepared to fly from an appearance in Muncie to Indianapolis, he learned that civil rights leader Dr. Martin Luther King Jr., had been shot outside his hotel in Memphis, Tennessee. Before his plane landed in Indianapolis, Kennedy heard the news that King had died.

Despite warnings from Indianapolis police that they could not guarantee his safety, and concerns from his own staff, Kennedy decided to proceed with plans to address an outdoor rally to be held in the heart of the city's African American community. On that cold and windy evening, Kennedy broke the news of King's death in an impassioned, extemporaneous speech on the need for compassion in the face of violence. It has proven to be one of the great speeches in American political history. This book explains what brought the politician to Indiana that day, and explores the characters and events of the 1968 Indiana Democratic presidential primary—in which Kennedy, who had been an underdog, would go on to a decisive victory.

From Bethlehem to the United States Wm. B. Eerdmans Publishing

A supplemental textbook for middle and high school students, *Hoosiers and the American Story* provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national

issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

The Rotarian Fulton Books, Inc. Written in a clear, engaging style with a straightforward chronological organization, *The American Journey* introduces readers to the key features of American political, social, and economic history. This new edition focuses more closely on the theme of the American journey, showing that our attempt to live up to and with our ideals is an ongoing process that has become ever more inclusive of different groups and ideas. Covering the period of Reconstruction after the Civil War to the present, and including the events of 9/11/2001, prominent coverage is given to politics, religion and the Great Wars. Hundreds of maps, graphs, and illustrations help readers absorb history and bring it to life. For those interested in a comprehensive study of post-Civil War U.S. history that is presented in a flowing, lively narrative.

Henry Schoolcraft's 'A Life on the American Frontiers: Collected Works of Henry Schoolcraft' offers a comprehensive view of his experiences and observations as an explorer, geologist, and ethnologist in the early 19th century. This collection showcases Schoolcraft's meticulous documentation of Native American culture, folklore, and traditions, providing valuable insights into a rapidly changing American landscape. His writing style is both informative and engaging, reflecting his dedication to preserving the history and heritage of the indigenous peoples he encountered. Schoolcraft's work serves as a significant contribution to American literature and ethnography, bridging the gap between the past and the present. Through his detailed accounts and vivid descriptions, readers are transported to a bygone era, allowing them to appreciate the complexity and richness of Native American societies. This anthology is a must-read for anyone interested in American history, anthropology, or Indigenous studies, as it sheds light on a pivotal period of cultural exchange and transformation in the United States.

Readers of *Indiana's Timeless Tales - 1782 - 1791* will discover a wealth of early Indiana history with this timeline of events that cover Indiana history from the formation of the Northwest Territory until General St. Claire's disastrous campaign during Little Turtle's War at the Battle of

the Wabash. Northwest Territory Pressure on the native tribes that inhabited the Ohio River Valley region increased after the formation of the Northwest Territory by the Congress. Pioneers began moving into southern Ohio and to a lesser extent the area that would become southern Indiana. Little Turtle's War, or the Northwest Indian War The Miami Chief Little Turtle led the tribes that had united in the Northwestern Confederacy and launched raids against the settlements that encroached on native lands. The violence sparked a number of U. S. military expeditions into Ohio and Indiana. General Arthur St. Claire's expedition in 1791 ended in disaster and the largest United States military defeat, by ratio, in the nation's history at the Battle of the Wabash, sometimes called St. Claire's Defeat. history journal, time line, timeline, northwest indian war, frontier history, little turtle's war, battle of the wabash

Strange as it may seem today, William Clark—best known as the American explorer who joined Meriwether Lewis in leading an overland expedition to the Pacific—has many more claims to fame than his legendary Voyage of Discovery, dramatic and daring though that venture may have been. Although studies have been published on virtually every aspect of the Lewis and Clark journey, *Wilderness Journey* is the first comprehensive account of Clark's lengthy and multifaceted life. Following Lewis and Clark's great odyssey, Clark's service as a soldier, Indian diplomat, and government official placed him at center stage in the national quest to possess and occupy North America's vast western hinterland and prefigured U.S. policies in the region. In his personal life, Clark had to overcome challenges no less daunting than those he faced in the public arena. Foley pays careful attention to the family and business dimensions of Clark's private world, adding richness to this well-rounded and revealing portrait of the man and his courageous life. Coinciding with the bicentennial in 2004 of the departure of Lewis and Clark's famed Corps of Discovery, *Wilderness Journey* fills a major gap in scholarship. Intended for the general reader, as well as for specialists in the field, this fascinating book provides a well-balanced and thorough account of one of America's most significant frontiersmen.
