"Womack and
Kruppa

present a thorough history of Harrison and Clapton's songmaking and recording sessions." — Booklist Newly revised and expanded, this paperback edition features exclusive material from the Malcolm Frederick Evans archives and draws on rare material released by the Harrison Estate. A new appendix includes a detailed sessionography and personnel listings for All

Things Must Pass, assembled from recently discovered documentation. George Harrison and Eric Clapton embarked upon a singular personal and creative friendship that impacted rock's unfolding future in resounding and far-reaching ways. All Things Must Pass Away: Harrison, Clapton, and Other Assorted Love Songs traces the emergence of

their relationship from 1968 though the early 1970s and the making of their career-defining albums, both released in November 1970. Authors Womack and Kruppa devote close attention to the climax of Harrison and Clapton's shared musicianship — the creation of All Things Must Pass, Harrison's powerful emancipatory statement in the wake of the Beatles, and Layla and

Other Assorted Love Songs, Clapton's impassioned reimagining of his art via Derek and the Dominos—two records that advanced rock 'n' roll from a windswept 1960s idealism into the wild and expansive new reality of the 1970s. *All Things Must Pass* reveals the foundations of Harrison and Clapton's friendship, focusing on the ways their encouragement and support of each other drove them to produce works that would cast long shadows over the evolving world of rock music. *All Things Must Pass* *Away Headline* Named one of the world's great blues-rock guitarists by Rolling Stone, Mike Bloomfield (1943–1981) remains beloved by fans forty years after his untimely death. Taking readers backstage, onstage, and into the recording studio with this legendary virtuoso, David Dann tells the riveting stories behind Bloomfield's work in the seminal Paul Butterfield Blues Band and the mesmerizing Electric Flag, as well as on the Super Session album with Al Kooper and Stephen Stills, Bob Dylan's *Highway 61 Revisited*, and soundtrack work with Peter Fonda and Jack Nicholson. In vivid chapters drawn from meticulous research, including

more than seventy interviews with the musician's friends, relatives, and band members, music historian David Dann brings to life Bloomfield's worlds, from his comfortable upbringing in a Jewish family on Chicago's North Shore to the gritty taverns and raucous nightclubs where this self-taught guitarist helped transform the sound of

contemporary blues and rock music. With scenes that are as electrifying as Bloomfield's solos, this is the story of a life lived at full volume.

[The Charlie Daniels Band Greatest Hits](#)
Courier Corporation
Eric Clapton-- aka "Old Slow Hand"--is one of the greatest guitarists of all time and the only musician inducted into the Rock and Roll Hall of Fame on three separate occasions. In his long career with such supergroups

as The Yardbirds, Cream, and Blind Faith, as well as a solo artist, he has received countless awards. To mark his illustrious 50-year career, Eric Clapton Treasures celebrates the legendary musician through stunning rarely published photographs and 20 items of removable facsimile memorabilia, including posters, tickets, flyers, and signed photographs. Eric Clapton

Treasures gives readers a front-row seat (and backstage pass, too) to Clapton's unparalleled career.

A retired group of legendary mercenaries get the band back together for one last impossible mission in this award-winning debut epic fantasy.

"Fantastic, funny, ferocious." -- Sam Sykes
Clay Cooper and his band were once the best of the

best, the most feared and renowned crew of mercenaries this side of the Heartwyld. Their glory days long past, the mercs have grown apart and grown old, fat, drunk, or a combination of the three. Then an ex-bandmate turns up at Clay's door with a plea for help -- the kind of mission that only the very brave or the very stupid would sign up for. It's time to get the band back together.

was riding high. His last album was his most critically lauded and commercially successful. He had fulfilled a lifelong dream by collaborating with his first and greatest musical hero, his brother Jimmie. His tumultuous marriage was over and he was in a new and healthy romantic relationship. Vaughan seemed poised for a new, limitless chapter of his life and career. Instead, it all came to a

shocking and sudden end on August 27, 1990, when he was killed in a helicopter crash following a dynamic performance with Eric Clapton. Just 35 years old, he left behind a powerful musical legacy and an endless stream of What Ifs. In the ensuing 29 years, Vaughan's legend and acclaim have only grown and he is now an undisputed international musical icon. Despite the cinematic

scope of Vaughan's life and death, there has never been a truly proper accounting of his story. Until now. Texas Flood provides the unadulterated truth about Stevie Ray Vaughan from those who knew him best: his brother Jimmie, his Double Trouble bandmates Tommy Shannon, Chris Layton and Reese Wynans, and many other close friends, family members,

girlfriends,
fellow
musicians,
managers and
crew
members.

 With striking intimacy and candor, Eric Clapton tells the story of his eventful and inspiring life in this poignant and honest autobiography . More than a rock star, Eric Clapton is an icon, a living embodiment of the history of rock music. Well known for his reserve in a profession marked by self-promotion, flamboyance, and spin, he

now chronicles, for the first time, his remarkable personal and professional journeys. Born illegitimate in 1945 and raised by his grandparents, Eric never knew his father and, until the age of nine, believed his actual mother to be his sister. In his early teens his solace was the guitar, and his incredible talent would make him a cult hero in the clubs of Britain and inspire devoted fans

to scrawl "Clapton is God" on the walls of London's Underground. With the formation of Cream, the world's first supergroup, he became a worldwide superstar, but conflicting personalities tore the band apart within two years. His stints in Blind Faith, in Delaney and Bonnie and Friends, and in Derek and the Dominos were also short-lived but yielded some of the most enduring songs in

history, including the classic "Layla." During the late sixties he played as a guest with Jimi Hendrix and Bob Dylan, as well as the Beatles, the Rolling Stones, and longtime friend George Harrison. It was while working with the latter that he fell for George's wife, Pattie Boyd, a seemingly unrequited love that led him to the depths of despair, self-imposed seclusion, and drug

addiction. By the early seventies he had overcome his addiction and released the bestselling album 461 Ocean Boulevard, with its massive hit "I Shot the Sheriff." He followed that with the platinum album Slowhand, which included "Wonderful Tonight," the touching love song to Pattie, whom he finally married at the end of 1979. A short time later, however, Eric had replaced

heroin with alcohol as his preferred vice, following a pattern of behavior that not only was detrimental to his music but contributed to the eventual breakup of his marriage. In the eighties he would battle and begin his recovery from alcoholism and become a father. But just as his life was coming together, he was struck by a terrible blow: His beloved four-year-old son, Conor, died in a freak accident. At

an earlier time Eric might have coped with this tragedy by fleeing into a world of addiction. But now a much stronger man, he took refuge in music, responding with the achingly beautiful "Tears in Heaven." Clapton is the powerfully written story of a survivor, a man who has achieved the pinnacle of success despite extraordinary demons. It is one of the most compelling

memoirs of our time. **Slowhand** St. Martin's Press From the acclaimed biographer who brought you the rock biography of Bruce Springsteen comes the life of musician Paul McCartney—from his groundbreaking years with the Beatles to Wings to his work as a solo artist and activist. More than a rock star, more than a celebrity, Paul McCartney is a cultural touchstone who helped

transform popular music as one half of the legendary Lennon-McCartney songwriting duo. In this definitive biography, Peter Ames Carlin examines McCartney's entire life, casting new light not just on the Beatles era but also on his years with Wings and his thirty-year relationship with his first wife, Linda McCartney. He takes us on a journey through a tumultuous couple of

decades in which Paul struck out on his own as a solo artist, reached the top of the charts with a new band, and once again drew hundreds of thousands of screaming fans to his concerts. Carlin presents McCartney as a musical visionary but also as a layered and conflicted figure as haunted by his own legacy—and particularly his relationship with John Lennon—as he

was inspired by it. Built on years of research and fresh, revealing interviews with friends, bandmates, and collaborators spanning McCartney's entire life, Carlin's lively biography captures the many faces of the living legend. *Cloud Nine* Chicago Review Press 'These guitars have been really good tools; they're not just museum pieces. They all have a soul and they all

come alive.' - Eric Clapton 'In his own words, Clapton tells his story through the history of his instruments.' - Rolling Stone In Six-String Stories Eric Clapton reflects on a legendary career as told through the tools of his trade: his guitars. Collected together here for the first time are the instruments Clapton sold in three record-breaking auctions between 1999 and 2011 to

benefit the Crossroads treatment centre he founded in 1998. Featuring some of the most iconic guitars ever played, Clapton guides the reader through nearly 300 instruments as he discusses their provenance, reveals insights about his own playing, and shares anecdotes from each chapter of his spectacular life in music. 'One by one these guitars

were the chapters of my life. They belong to a very well-loved family.' - Eric Clapton Six-String Stories presents a 'family tree' that makes connections between iconic instruments, such as Clapton's famous 'Blackie' Stratocaster, and previously unknown rarities, placing them in the chronology of his career. Clapton recalls the instruments he bought to

emulate his heroes, the guitars with unknown origins that became their own legend, the ones that never left his side, and the legacy they left behind. Every piece has been individually photographed, revealing every curve, detail and scratch, while the work of over 80 of the world's best rock photographers shows the instruments in play. See Clapton's evolution from the psychedelic

Sixties, through the stripped-back Seventies, electric Eighties, and unplugged Nineties, right up to the sale of the last guitar. 'As an avid rock or blues fan, I would look at all the pictures in this book.' - Eric Clapton
Historical and technical information for each piece in the collection - including playlists and concert dates for those instruments used on records and at public

appearances - completes the story behind each guitar. 'The guitars are things of great beauty.' - Eric Clapton
Clapton St. Martin's Press
Updated to include Paul McCartney's knighting and the deaths of John Lennon and George Harrison.
Philip Norman's biography of the Beatles is the definitive work on the world's most influential band—a beautifully written account of their lives, their music,

and their times. Now brought completely up to date, this epic tale charts the rise of four scruffy Liverpool lads from their wild, often comical early days to the astonishing heights of Beatlemania, from the chaos of Apple and the collapse of hippy idealism to the band's acrimonious split. It also describes their struggle to escape the smothering Beatles' legacy and the tragic deaths of John

Lennon and George Harrison. Witty, insightful, and moving, *Shout!* is essential reading not just for Beatles fans but for anyone with an interest in pop music. *Shout!* Hachette UK From the Yardbirds to Cream, Blind Faith to Derek and the Dominos, and a hugely-successful solo career, Eric Clapton's fifty years in the music business can look like an uninterrupted

rise to become one of the greatest guitar players who ever lived. But his story is as complicated as it is fascinating. Clapton's god-like skill with a guitar was matched by an almost equal talent for self-destruction. He has never shied away from telling the truth about his battles with drink and drugs - or the sometimes catastrophic impact they had on the other people in his life,

including his first wife Pattie Boyd. And without those deep personal lows we may never have had the musical highs that won him millions of fans. His story is also one of a long but successful road to sobriety, redemption and happiness. *Motherless Child* chronicles Clapton's remarkable journey: the music, the women, the drugs, the cars, the guitars, the heartbreak

and the triumphs are all here. The book includes interviews with some people close to Clapton who have never spoken on the record before. It explores his musical legacy as one of the most influential musicians of his generation, and as the keeper of the flame for the blues.

The Decibel Diaries

Carlton Books
It didn't take long after Jimi Hendrix's death for the artist to

become a myth of music. He has been surrounded by a shroud of intrigue since he first came into the public eye, and the mystery has only grown with time. Much has been written and said about him by experts and fans and critics, some of it true and some of it not; Starting at Zero will set the record straight. This is Hendrix in his own words. The lyricism and rhythm of Jimi Hendrix's writing will be

of no surprise to his fans. Hendrix wrote prolifically throughout his life and he left behind a trove of scribbled-on hotel stationary, napkins and cigarette cartons. Starting at Zero weaves the scraps and bits together fluidly with interviews and lyrics revealing for the first time a continuous narrative of the artist's life, from birth through to the final four years of his life. The result is a beautifully poetic,

charming and passionate memoir as smooth and memorable as Hendrix's finest songs. The pieces of Starting at Zero came together in large part because of the inspiration of Alan Douglas. Douglas first met Jimi Hendrix backstage at Woodstock, and soon after became Hendrix's producer and close friend. In creating the book he joined forces with Peter Neal, who edited Hendrix's writing with

the reverence and light touch it deserved. Wild Thing: The Short, Spellbinding Life of Jimi Hendrix Creative Concepts Longlisted for the 2020 Andrew Carnegie Medals for Excellence This blazingly intimate biography of Janis Joplin establishes the Queen of Rock & Roll as the rule-breaking musical trailblazer and complicated, gender-bending rebel she was. Janis

Joplin's first transgressive act was to be a white girl who gained an early sense of the power of the blues, music you could only find on obscure records and in roadhouses along the Texas and Louisiana Gulf Coast. But even before that, she stood out in her conservative oil town. She was a tomboy who was also intellectually curious and artistic. By the time she reached high school, she had drawn the

scorn of her peers for her embrace of the Beats and her racially progressive views. Her parents doted on her in many ways, but were ultimately put off by her repeated acts of defiance. Janis Joplin has passed into legend as a brash, impassioned soul doomed by the pain that produced one of the most extraordinary voices in rock history. But in these pages, Holly George-Warren provides a

revelatory and deeply satisfying portrait of a woman who wasn't all about suffering. Janis was a perfectionist: a passionate, erudite musician who was born with talent but also worked exceptionally hard to develop it. She was a woman who pushed the boundaries of gender and sexuality long before it was socially acceptable. She was a sensitive seeker who wanted to

marry and settle down—but couldn't, or wouldn't. She was a Texan who yearned to flee Texas but could never quite get away—even after becoming a countercultural icon in San Francisco. Written by one of the most highly regarded chroniclers of American music history, and based on unprecedented access to Janis Joplin's family, friends, band mates, archives, and

long-lost interviews, Janis is a complex, rewarding portrait of a remarkable artist finally getting her due.

Eric Clapton Day by Day
Vintage

For over five decades, Eric Clapton has ranked among rock's premiere guitarists—and since the early 1980s, famed music photographer Gene Shaw has been capturing great moments from Slowhand's electrifying career. More

than 150 of Shaw's rare color and black-and-white photographs offer a front-row fan's perspective on many legendary musical events.

Highlights include Clapton's performance at the 1983 ARMS benefit; the 1992 show with Elton John at Shea Stadium; the 2005 Cream reunions at the Royal Albert Hall and Madison Square Garden; several appearances

at the Rock and Roll Hall of Fame induction ceremonies; and the current Crossroads Guitar Festivals.

Shaw provides a commentary on each show, recapturing the emotionally charged moods of venues ranging from small clubs and theaters to vast stadiums and arenas. Notes on the performances include a partial band lineup and complete set list. This

unique retrospective includes an Introduction by Rolling Stone writer Anthony DeCurtis and a Foreword by John "Crash" Matos, artist and designer of some of Clapton's signature guitars. *Mick Jagger* Carlton Books Living a lie could crush one's spirit forever. But admitting the truth could be even worse. Bestowed with a rare musical gift, but burdened by demons of self-doubt and passions

forbidden in 19th century Russia, Pyotr Ilyich Tchaikovsky struggled to release the music inside his head. And equally, to find romantic fulfillment that always remained just beyond his reach. He was deeply affected by the women in his life - those he loved, those he despised, and those whose affection he longed so badly to hold. Yet, aside from music, his truest passion was reserved only

for men. Tchaikovsky refused to abide by the rules of the musical establishment of his time. Assailed by critics as being 'neither Russian nor German, ' he endured scathing criticism which he often took to heart, destroying many of his own 'imperfect' compositions. This compelling new work takes you inside the head of Pyotr - from age seven to his untimely

death at fifty-three. It also provides a layman's guide to his music and his musical influences, and the techniques Tchaikovsky used to chart his musical destiny.

Genesis Publications

Anyone who feels a connection to the best music of the last fifty years-and who

doesn't?-will revel in this uniquely American success story.

Even at a young age, Richard Perry knew that his destiny was to bring music into people's lives. What he couldn't have dreamed was that his meteoric rise through the ranks of the music business would result in successful, ground-breaking, and award-winning collaborations with . . . Rod Stewart Ray Charles Barbra Streisand

Ringo Starr The Pointer Sisters Carly Simon Diana Ross Ella Fitzgerald And many others, all of whom trusted him to shape the sound that made them great. In spite of Perry's numerous successes, he has had to overcome many adversities. After contracting Polio at the age of twelve, he wasn't expected to walk again. But Perry proved doctors wrong by excelling as a very

successful high jumper on his track and field team. Forty-eight years later in 2003, he was diagnosed with Parkinson's Disease, and even though there is no known cure, he has continued to work and write. In this candid and page-turning memoir, Perry transports us

through his eventful life, from his childhood in Brooklyn, where he played in bands, starred in musicals, and witnessed the birth of rock 'n' roll; through his sometimes rocky but always thrilling climb up the music-business ladder; and finally, into the studios and personal lives of the

many superstars who provide our most enduring soundtrack. Throughout his story, Perry remains entertaining and fun-loving company, always awed by his own proximity to greatness and boundlessly enthusiastic about his contributions to our most beloved art form.
