REYES DIAZ

Inside the Yellow Submarine HarperCollins Acquired wisdom has always put Sgt. Pepper at the head of the class, but it was Revolver that truly signaled The Beatles' sea change from a functional band to a studio-based ensemble. These changes began before Rubber Soul but came to fruition on Revolver, which took an astonishing 300 hours to produce, far more than any rock record before it. The making of Revolver – hunkered down in Abbey Road with George Martin – is in itself a great Beatles story, but would be nothing if the results weren't so impactful. More than even Sgt. Pepper and Pet Sounds, Revolver fed directly into the rock 'n' roll zeitgeist, and its influence could be heard everywhere: from the psychedelic San Francisco sound (Jefferson Airplane, Grateful Dead); to the first wave of post-blues hard rock (Sabbath, Zeppelin); through movie soundtracks and pretty much everything that followed it – including every generation of guitar-based pop music

and even heavy metal. More than any record before or after, Revolver was the game-changer, and this is, finally, the detailed telling of its storied recording and enormous impact.

Roads to Power Penguin An NPR Best Book of the Year • Winner of the Virgil Thomson Award for Outstanding Music Criticism “This is the best book about the Beatles ever written” —Mashable Rob Sheffield, the Rolling Stone columnist and bestselling author of *Love Is a Mix Tape* offers an entertaining, unconventional look at the most popular band in history, the Beatles, exploring what they mean today and why they still matter so intensely to a generation that has never known a world without them. *Dreaming the Beatles* is not another biography of the Beatles, or a song-by-song analysis of the best of John and Paul. It isn't another exposé about how they broke up. It isn't a history of their gigs or their gear. It is a collection of essays telling the story of what this ubiquitous band means to a generation who grew up with the Beatles music on their parents' stereos and their faces on T-shirts.

What do the Beatles mean today? Why are they more famous and beloved now than ever? And why do they still matter so much to us, nearly fifty years after they broke up? As he did in his previous books, *Love is a Mix Tape*, *Talking to Girls About Duran Duran*, and *Turn Around Bright Eyes*, Sheffield focuses on the emotional connections we make to music. This time, he focuses on the biggest pop culture phenomenon of all time—The Beatles. In his singular voice, he explores what the Beatles mean today, to fans who have learned to love them on their own terms and not just for the sake of nostalgia. *Dreaming the Beatles* tells the story of how four lads from Liverpool became the world's biggest pop group, then broke up—but then somehow just kept getting bigger. At this point, their music doesn't belong to the past—it belongs to right now. This book is a celebration of that music, showing why the Beatles remain the world's favorite thing—and how they invented the future we're all living in today.

Yellow Submarine Hal Leonard Corporation Fifty years ago, The Beatles set off on a

magical adventure — and this psychedelic anniversary edition let fans of all ages join the iconic journey. It was fifty years ago today! Some 80,000 leagues beneath the sea, a colorful land of music and laughter existed called Pepperland — a place where Sgt. Pepper's Lonely Hearts' Club Band was always playing your song. That is, until the Blue Meanies burst onto the scene and chased all the magical music away. . . . So began the classic 1968 film *Yellow Submarine*, inspired by the eponymous song. With a refreshed mid-hardcover and a cut-paper, accordion-fold gift edition marking half a century since the tale first dazzled audiences, nostalgic Beatles fans and excited youngsters alike will be clamoring for a ticket to ride.

Discusses the history of rock and roll music in the comic book industry.

The Beatles - All These Years - Extended Special Edition Pan Macmillan

Illustrated fiction book based on the Beatles *Yellow submarine* film.

Revolver Rowman & Littlefield

The Beatles *Magical Mystery Tour* and *Yellow Submarine* is the latest installment in the Beatles Album Series by Beatles historian Bruce Spizer.

The book covers the songs and projects undertaken by the Beatles shortly after completion of their album *Sgt. Pepper's Lonely Hearts Club Band* in April 1967. In following ten months, the group wrote and recorded the song "All You Need Is Love" for the *Our World* TV program that was broadcast by satellite throughout the world, wrote the songs for and filmed the TV spectacular *Magical Mystery Tour*, wrote the songs for their feature length cartoon film *Yellow Submarine*, and recorded the songs "Lady Madonna" and "Across The Universe" before heading to India to

study transcendental meditation in mid-February 1968. The book covers these remarkable achievements from the British, American, and Canadian perspectives, and includes chapters on the packaging of the albums and the writing and recording of the songs. It also has chapters on how the Beatles influenced our world, the friendly rivalry between the Beatles and the Rolling Stones, the Beatles Saturday morning cartoons, dozens of fan recollections, and more. The book has over 150 images.

A Hard Day's Write

Hachette UK

The first detailed examination of the place of pop music film in British cinema, Stephen Glynn explores the interpenetration of music and cinema in an economic, social and aesthetic context through case studies ranging from Cliff Richard to The Rolling Stones, and from The Beatles to Plan B. *Up Periscope Yellow* Open Road + Grove/Atlantic
Eleven year-old Wyatt Flynn had something

amazing happen to him: he got superpowers! The only problem? Wyatt got his superpowers totally by mistake and his dad thinks he's too young to have superpowers. Plus his dad also worries what would happen if everyone found out ... so he makes Wyatt hide them. In graphic novel format.

Sam the Cooking Guy
Springer

A strong, loving and passionate wife discovers a handwritten note on her husband's desk that has the power to either destroy her or make her stronger yet. Still Crazy is the story of one woman's journey through pain, betrayal, and forgiveness as she learns to hold onto her faith and, for the first time in her life trust in herself. Julie Holliday has always had a dream - to be the perfect wife. After she gives her heart to the love of her life, all she wants is for Dan to adore her the way she adores him. With only a high school equivalency in one hand and a fist full of ambition in the other, together they build a million-dollar empire. It seems Julie and Dan have a fairytale life - that is, until the day she discovers her love for him is not enough to stop Dan from having what she

suspects is numerous affairs.

20 master recipes, more than 100 dishes—weeknight cooking has never been so exciting or so easy! Say goodbye to fourth-night-in-a-row meat loaf and identical containers of tragically “meal-prepped” chicken thighs. YouTube cooking sensation and restaurateur Sam the Cooking Guy is here to save us from mediocre leftovers. With 20 bulk-cooking master dishes, each featuring a main protein, with corresponding follow-up meals that all benefit from the work you’ve already done, Sam ensures that you’ll never be bored in the kitchen again! Sam’s recipes are simple and quick, but never tired. Your Mexican Meat Loaf from Sunday can shapeshift into Tuesday night’s Tacos or Thursday’s Sloppy Joes. Monday’s Roast Chicken becomes Wednesday’s Thai Chicken Curry or

Friday’s Baked Taquitos.

“Aw man, Beer-Braised Short Ribs again?” “Nah: Short Rib Egg Rolls!”

Sam’s genuine and engaging personality, along with vibrant color photography, makes this book a lifesaver for busy folks who are looking for dinners that they can finally be excited about.

Faber & Faber

'Mark Lewisohn knows the Fab Four better than they knew themselves' The Guardian This extended special edition of Mark Lewisohn's magisterial book *Tune In* is a true collector's item, featuring hundreds of thousands of words of extra material, as well as many extra photographs. It is the complete, uncut and definitive biography of the Beatles' early years, from their family backgrounds through to the moment

they're on the cusp of their immense breakthrough at the end of 1962. Designed, printed and bound in Great Britain, this high-quality edition consists of two beautifully produced individual hardbacks printed on New Langely Antique Wove woodfree paper, with red-and-white head and tail bands and red ribbon marker. The two books will sit within a specially designed box and lid featuring soft touch and varnish finishes. The whole product comes shrinkwrapped for extra protection. Mark Lewisohn's biography is the first true and accurate account of the Beatles, a contextual history built upon impeccable research and written with energy, style, objectivity and insight. This extended special edition is for anyone who wishes to own the complete story in all its stunning and extraordinary detail. This is genuinely, and without question, the lasting word from the world-acknowledged authority. 'Mark Lewisohn is the world's leading Beatles historian and writer' Nothing is Real - A Beatles Podcast 'An absorbing and enthralling account of the lives of all the leading

players, written with integrity and honesty' thecavernclub.com
It's All in the Mind
 Marvel Universe
 Roads to Power tells the story of how Britain built the first nation connected by infrastructure, how a libertarian revolution destroyed a national economy, and how technology caused strangers to stop speaking. In early eighteenth-century Britain, nothing but dirt track ran between most towns. By 1848 the primitive roads were transformed into a network of highways connecting every village and island in the nation—and also dividing them in unforeseen ways. The highway network led to contests for control over everything from road management to market access. Peripheries like the Highlands demanded that centralized government pay for roads they could not afford, while English counties wanted to be spared the cost of underwriting roads to Scotland. The new network also transformed social relationships. Although travelers moved along the same routes, they occupied increasingly isolated spheres. The roads were

the product of a new form of government, the infrastructure state, marked by the unprecedented control bureaucrats wielded over decisions relating to everyday life. Does information really work to unite strangers? Do markets unite nations and peoples in common interests? There are lessons here for all who would end poverty or design their markets around the principle of participation. Guldi draws direct connections between traditional infrastructure and the contemporary collapse of the American Rust Belt, the decline of American infrastructure, the digital divide, and net neutrality. In the modern world, infrastructure is our principal tool for forging new communities, but it cannot outlast the control of governance by visionaries.

Inside the Yellow

Submarine University of Chicago Press
 In *Psychedelia and Other Colours*, acclaimed author Rob Chapman explores in crystalline detail the history, precedents and cultural impact of LSD, from the earliest experiments in painting with light and immersive environments to the

thriving avant-garde scene that existed in San Francisco even before the Grateful Dead and the Fillmore Auditorium. In the UK, he documents an entirely different history, and one that has never been told before. It has its roots in fairy tales and fairgrounds, the music hall and the dead of Flanders fields, in the Festival of Britain and that peculiarly British strand of surrealism that culminated in the Magical Mystery Tour. Sitar and Sergeant Pepper, surfadelica and the Soft Machine, light shows and love-ins - the mind-expanding effects of acid were to redefine popular culture as we know it. *Psychedelia and Other Colours* documents these utopian reverberations - and the dark side of their moon - in a perfect portrait.

Still Crazy Westminister

John Knox Press

"Doggett's encyclopaedic account of Sixties counter-culture is a fascinating history of pop's relationship with politics." —*The Independent* Between 1965 and 1972, political activists around the globe prepared to mount a revolution. While the Vietnam War raged, calls for black power grew

louder and liberation movements erupted everywhere from Berkeley, Detroit, and Newark to Paris, Berlin, Ghana, and Peking. Rock and soul music fueled the revolutionary movement with anthems and iconic imagery. Soon the musicians themselves, from John Lennon and Bob Dylan to James Brown and Fela Kuti, were being dragged into the fray. From Mick Jagger's legendary appearance in Grosvenor Square standing on the sidelines and snapping pictures, to the infamous incident during the Woodstock Festival when Pete Townshend kicked yippie Abbie Hoffman off the stage while he tried to make a speech about an imprisoned comrade, Peter Doggett unravels the truth about how these were not the "Street Fighting Men" they liked to see themselves as and how the increasing corporatization of the music industry played an integral role in derailing the cultural dream. *There's a Riot Going On* is a fresh, definitive, and exceedingly well-researched behind-the-scenes account of this uniquely turbulent period when pop culture and politics shared the world

stage with mixed results. "A fresh and near-definitive slant on a subject you might have thought had been picked clean by journalists and historians." —*Time Out London* "An extraordinary book . . . Doggett emerges triumphant. Grab a copy—by any means necessary." —*Mojo*
