## LEONIDAS ELSA

---

The I Ching Sevenstar Communications, U.S.

The I Ching (pronounced ee-ching) is the oldest and most respected oracle or divinatory system in the world. There are currently two translations available which offer somewhat conflicting interpretations - the popular Confucian version and an earlier Taoist version called Zhouyi. Reconstructed by twentieth-century scholars and archaeologists, Zhouyi presents the highly imaginative world of myth and ritual that is the hidden base of thousands of years of Eastern thought. Now, for the first time ever, Stephen Karcher fuses these two traditions using modern scholarship and archaeological and linguistic research, along with a wide background in Eastern philosophy and comparative religion, and presents them to the modern Western reader in a comprehensive and accessible new form. TOTAL I CHING is a complete oracle with instruction for immediate use in all life situations, but is also the first translation to detail the mythology of the divinatory system, offering a revolutionary new approach to the world's oldest wisdom tradition.

*I Ching in Plain English* The I Ching or Book of Changes

The I Ching has influenced thinkers and artists throughout the history of Chinese philosophy. This new, accessible translation of the entire early text brings to life the hidden meanings and importance of China's oldest classical texts. Complemented throughout by insightful commentaries, the I Ching: A Critical Translation of the Ancient Text simplifies the unique system of hexagrams lying at the centre of the text and introduces the cultural significance of key themes including yin and yang, gender and ethics. As well as depicting all possible ethical situations, this new translation shows how the hexagram figures can represent social relationships and how the order of lines can be seen as a natural metaphor for higher or lower social rank. Introduced by Hon Tze-Ki, an esteemed scholar of the text, this up-to-date translation uncovers and explains both the philosophical and political interpretations of the text. For a better understanding of the philosophical and cosmological underpinning the history of Chinese philosophy, the I Ching is an invaluable starting point.

*The I Ching (Book of Changes)* e-artnow

Often referred to as the Eranos edition, this revised and updated translation offers the most substantial advance in I Ching since Richard Wilhelm introduced the oracle to the West in the 1920s. The I Ching is one of the oldest Chinese texts and the world's oldest oracle. Accumulated from over 2,500 years of diviners, sages and shamans and born out of the oral tradition, the I Ching as we know it today is a collection of texts, imagery and advice, philosophy and poetry, divided into 64 chapters. There are 64 hexagrams, created from a collection of six lines, either broken or solid. In order to "read" from the book, you must cast a hexagram. The traditional method required yarrow sticks but nowadays is based on tossing three coins six times. The Original I Ching Oracle or Book of Changes was inspired by Carl Gustav Jung's insights into the psyche and researched for more than 60 years through the Eranos Foundation of Switzerland. It presents the oracular core of the I Ching

as a psychological tool: the symbols interact with our minds in the same way dream images do.

Images in the Heavens, Patterns on the Earth SCB Distributors

The I Ching is an ancient Chinese work of divination that examines the patterns, or hexagrams, traditionally formed by dropping bundles of dried grass stalks. This edition features interpretations of the 64 hexagrams, including the Judgment, written by King Wen in the 12th Century BCE; The Commentary and The Image (both attributed to Confucius); and The Lines, written by King Wen's son, and here enhanced by modern commentary.

A Tale of the I Ching World Scientific

The classic guide to tapping the practical benefits of an age-old book of wisdom--revised to captivate today's spiritual seekersBased on the revered Chinese philosophy with a 5,000-year-old tradition, the I Ching, or Book of Changes, is rich in revelations. An eminent expert on the powers of the subconscious, Dr. Joseph Murphy opens the guiding force of this ancient text to anyone with an appreciation of the possibilities. With the help of three coins--ordinary pennies will do-- readers will learn to apply their intuitive abilities to receive the I Ching's answers. With a practical outlook, this hands-on guide presents simple techniques for enlisting the I Ching's aid in everyday problem-solving and decision-making. Murphy explains the I Ching hexagram system, revealing its roots in human psychology and the principle of constant change. Demystifying obscure terms and symbols, the author leads the way to consulting the I Ching for clarity and guidance in times of confusion and crisis. By combining basic mathematical formulas with spiritual awareness, readers will realize the miracle-working potential of their own mind and connect with the I Ching's truths. As a result, they'll gain vital insights into questions about career, family, romance, financial security, and life goals. And they'll discover the wonder of genuine peace of mind. SECRETS OF THE I CHING, does not claim to predict the future. But it does provide the tools to mark any future with the promise of greater personal and spiritual fulfillment.

I Ching Piatkus

The philosophy found in the I Ching was created by the ancients from their careful observaton of nature. We 'moderns' can use the sixty-four hexagrams found in the I Ching as a predictive tool to enhance our lives and reconcile our spiritual and physical selves. When one consults the 'I CHING', the hexagram gives the general background of the situation, while the lines indicate the correct way in which to handle the specific circumstance. This masterful translation by Hua-Ching Ni is popular throughout the world.

**The I Ching or Book of Changes** Bloomsbury Publishing

This revised and expanded edition of Wu Wei's well-loved version of the I Ching is unparalleled in its clarity, making this the easiest-to-grasp I Ching ever published. The I Ching is a book of answers that miraculously guides us to success in every possible situation. Yet, if we are to rely with absolute certainty on the I Ching for guidance to our most vital questions, we need answers that are clear and straightforward, leaving no room for confusion or misunderstanding. Wu Wei has guided thousands of people in the use of this great book and knows precisely what you need so you can put your trust in its prophetic guidance. Wu Wei's insightful interpretations of the I Ching's sixty-four hexagrams

provide perfectly clear, unambiguous direction while remaining completely true to the ancient writings. You will know exactly what action to take to avoid misfortune and achieve success. The I Ching: The Book of Answers contains everything you need to know about the I Ching and how to use it.

#### **The I Ching Workbook** SCB Distributors

First among the ancient classics, the I Ching or Book of Changes is one of the world's most influential books, comparable to the Bible, the Koran, and the Upanishads. The I Ching's purpose is universal: to provide good counsel to its users in making decisions during times of change. Since its origins about 3,000 years ago, it has become a compendium of wisdom used by people of many cultures and eras. This groundbreaking new translation by Dr. Margaret Pearson is based on the text created during the first centuries of the Zhou Dynasty, study of documents showing how it was used in the dynasty, and on current archaeological research findings. Her translation removes centuries of encrusted inaccuracies to better reveal the I Ching's core truths for today's readers. Whether you are interested in trying this millennia-tested method of making wise choices or in understanding the world view of the early Chinese, this edition is essential reading.

#### Total I Ching Penguin Classics

This book contains a dramatic and revealing translation of this ancient classic into English. The Chinese original is set side-by-side with the translation. Two things set this work apart from other translated versions. First, archeological findings are used to uncover the meaning of passages obscured for thousands of years. Second, it preserves the flavor of the original in a poetic rendition. An introductory part of this book provides the historical and philosophical background to the I Ching. The story is told of the ancient Chinese civilization, pointing out events and figures mentioned in the I Ching. The undisguised face of the I Ching will appeal to the modern reader, who will read it in his or her own individual way, as poetry, as discoverer of self, or as soothsayer. It is in the grand tradition of the I Ching for different people to see different things.: To Confucius, who was born in 550 B.C., it was a source of ethics.; To Leibnitz, the eighteenth-century inventor of calculus, it was the essence of binary mathematics.; To Jung Freud's rival in psychology, it was an explorer of the unconscious.; To some Wall Streeters, it predicts the stock market. This second edition includes a new chapter on a historical perspective, and other additions, changes and minor reformatting. Sample Chapter(s). Chapter 1: Introduction (285 KB). Readership: Graduate and undergraduate students, academic researchers, scholars who are interested in Chinese classics, history and culture; general audience interested in Chinese classics and culture.

#### **The I Ching** Oxford University Press

The I Ching, usually translated as Book of Changes, is an ancient Chinese divination text and among the oldest of the Chinese classics. Originally a divination manual in the Western Zhou period (1000–750 BC), over the course of the Warring States period and early imperial period (500–200 BC) it was transformed into a cosmological text with a series of philosophical commentaries known as the "Ten Wings". The I Ching is used in a type of divination called cleromancy, which uses apparently random numbers. Six numbers between 6 and 9 are turned into a hexagram, which can then be looked up in the text, in which hexagrams are arranged in an order known as the King Wen sequence. The interpretation of the readings found in the I Ching is a matter which has been

endlessly discussed and debated over in the centuries following its compilation, and many commentators have used the book symbolically, often to provide guidance for moral decision making as informed by Confucianism, Taoism and Buddhism.

#### *The I-Ching Or The Book Of Changes* HarperElement

Written by experienced I-Ching diviner Hilary Barrett, this practical guide sets out the ancient principles of I-Ching, and how it can readers help with any life dilemmas. Instructions set out the method of divination, with clear pictures and questions accompanying each step. Includes: - A key to the hexagrams - Diagrams of stick formations - How to record and act on your readings

#### **The Taoist I Ching** Routledge

This sequel to the popular I Ching Wisdom Volume One contains more of Wu Wei's profound sayings drawn from the I Ching's deepest wisdom. I Ching Wisdom Volume Two also contains more of Wu Wei's delightful Chinese ink drawings done in the Zen style and profound sayings drawn from the I Ching's deepest wisdom. Wu Wei has added his enlightened comments to these sayings to help us apply the practical, timeless wisdom of the I Ching to our lives. The I Ching's insights, says Wu Wei, help us steer a safer, clearer course through the uncharted journey of our lives, teach us to recognize and avoid the pitfalls that beset the path of the unenlightened, and show us how to "soar to the heights of success and good fortune."

#### I Ching Piatkus Books

This sequel to the popular I Ching Wisdom Volume One contains more of Wu Wei's profound sayings drawn from the I Ching's deepest wisdom. Wu Wei has added his enlightened comments to these sayings to help us apply the practical, timeless wisdom of the I Ching to our lives. The wisdom of the I Ching reveals the universal laws that govern us all, and I Ching Wisdom shows us how to live in harmony with those laws to live a life of peace, love, happiness, prosperity, and success. The I Ching's invaluable insights, says Wu Wei, help us steer a safer, clearer course through the uncharted journey of our lives, teach us to recognize and avoid the pitfalls that beset the path of the unenlightened, and show us how to "soar to the heights of success and good fortune." Each saying is accompanied by a delightful Chinese ink drawing done in the Zen style by the author.

#### *I Ching* Chartwell Books

Having masterfully translated a wide range of ancient Chinese poets and philosophers, David Hinton is uniquely qualified to offer the definitive contemporary English version of Lao Tzu's Tao Te Ching. Like all of his translations, Hinton's translation of the Tao Te Ching is mind-opening, presenting startling new dimensions in this widely-influential text. He shows how Lao Tzu's spirituality is structured around the generative life-force, for example, and that this system of thought weaves the human into natural process at the deepest levels of being, thereby revealing the Tao Te Ching as an originary text in deep feminist and ecological thought. Lao Tzu's Tao Te Ching is not only the single most important text ever composed in China, it is probably the most influential spiritual text in human history. In the past, virtually all translations of this text have been produced either by sinologists having little poetic facility in English, or writers having no ability to read the original Chinese. Hinton's fluency in ancient Chinese and his acclaimed poetic ability provide him the essential qualifications. Together, they allow a breathtaking new translation that reveals how remarkably current and even innovative this text is after 2500 years.

*I Ching* Princeton University Press

"Teaching the I Ching (Pinyin Yijing) is a comprehensive and authoritative source for attaining an understanding of 3,000 year old Book of Changes, arguably the most influential Chinese classical text. It provides up-to-date coverage of key aspects, including bronze age origins, references to women, excavated manuscripts, the canonical commentaries, cosmology, and the Yijing in modern China and the West"--

**I Ching** [Princeton, N.J.] : Princeton University Press

I Ching was among "the five classics" edited by Confucius, and the philosopher is reputed to have wished for fifty more years of life to study it. The Book of Changes, as it is known in the Western world, dates back to before 1,000 B.C. and ranks among the most important works in the history of Chinese culture. The ancient text has provided inspiration to countless spiritual seekers of many persuasions. One of the few divination manuals to survive into modern times, I Ching is of enormous significance to the history of religions and philosophy. Its profound influence extends to the worlds of business, psychoanalysis, literature, and art. This volume is the standard English translation by the great Sinologist James Legge, prepared for the series Sacred Books of the East. It contains the basic text attributed to King Wan and his son, the Duke of Chou, Appendixes usually ascribed to Confucius, an informative Preface by Legge, and extensive footnotes.

[Tao Te Ching](#) Princeton University Press

This magical tale takes us on an enchanted journey back in time to the origins of the I Ching in ancient China. A Tale of the I Ching tells the story of the young village ne'er-do-well, who becomes the first disciple of the great sage emperor Fu Hsi-the creator of the I Ching. As Fu Hsi opens the heart of the I Ching to the young student who sits at his feet, the inner workings of that great book of divination are revealed. Readers the world over say that the marvelous story of A Tale of the I Ching opens the I Ching to them as never before. "Of all the stories you have heard of the great sage ruler, even though they were magnified a hundred times, none can do him the honor he deserves. Of all people, he is the most worthy, the most honorable, the wisest. The wisdom of the world flows through him like a sparkling brook through the forest. When he speaks, time seems to cease." -from A Tale of the I Ching

[The Original I Ching Oracle or The Book of Changes](#) Shambhala Publications

An important, new interpretation of the I Ching, the 5,000-year-old Chinese book of wisdom, in a unique workbook format designed to help truth-seekers find new meaning and enlightenment in its ancient lore. Designed for those actively exploring this ancient system in order to better understand their lives, The I Ching Workbook serves as a simple guide to the study and interpretation of the I

Ching's advice. It provides a format for each of the 64 hexagrams that allows one to record the various responses of the I Ching. Insights regarding health, relationships, business, politics, travel, career, social events, and inner development have been sought of the I Ching, or Book of Change, for thousands of years. With continued consultation of the I Ching concerning all aspects of your life, you will begin to perceive patterns to the I Ching's responses—and therefore, certain patterns to the changes in your life. R.L. Wing's new interpretation incorporates cultural and linguistic changes that will greatly enhance your understanding of our world's most ancient book. You can now begin to use this valuable tool to bring new meaning and insight into your life.

[How to Use the I Ching](#) Harmony

How the I Ching became one of the most widely read and influential books in the world The I Ching originated in China as a divination manual more than three thousand years ago. In 136 BCE the emperor declared it a Confucian classic, and in the centuries that followed, this work had a profound influence on the philosophy, religion, art, literature, politics, science, technology, and medicine of various cultures throughout East Asia. Jesuit missionaries brought knowledge of the I Ching to Europe in the seventeenth century, and the American counterculture embraced it in the 1960s. Here Richard Smith tells the extraordinary story of how this cryptic and once obscure book became one of the most widely read and extensively analyzed texts in all of world literature. In this concise history, Smith traces the evolution of the I Ching in China and throughout the world, explaining its complex structure, its manifold uses in different cultures, and its enduring appeal. He shows how the indigenous beliefs and customs of Japan, Korea, Vietnam, and Tibet "domesticated" the text, and he reflects on whether this Chinese classic can be compared to religious books such as the Bible or the Qur'an. Smith also looks at how the I Ching came to be published in dozens of languages, providing insight and inspiration to millions worldwide—including ardent admirers in the West such as Leibniz, Carl Jung, Philip K. Dick, Allen Ginsberg, Hermann Hesse, Bob Dylan, Jorge Luis Borges, and I. M. Pei. Smith offers an unparalleled biography of the most revered book in China's entire cultural tradition, and he shows us how this enigmatic ancient classic has become a truly global phenomenon.

[I Ching Wisdom](#)

Based on several new translations of the I Ching, this groundbreaking interpretation explores the meaning of the ancient text and places it within the context of contemporary experience. Once used for consultation and guidance, this spiritual classic has come to emphasize inner development, relationship connections, the management of daily life changes, and the balance and harmony available in philosophies and actions. This edition's condensed commentary on coins and hexagrams allows for quick and easy consultation.
