Contains contemporary quotations drawn from speeches, letters, diaries, newspaper articles, and memoirs.

French Revolution Basic Books

From King Louis XVI to Napoleon Bonaparte, readers will discover the incredible people, ideas, and battles that lived and occurred during the French Revolution. Through captivating photos, images, supportive text, and compelling facts, this book provides an exciting reading experience as children learn about the events that led to the storming of the Bastille, the Declaration of the Rights of Man and Citizens, Robespierre, and King Louis XVI's wife, Marie Antoinette. This book also includes text features like a table of contents, glossary, and index, as well as an in-class writing activity to further students' understanding of the storming of Bastille.

A Short History of the French Revolution Routledge

The French Revolution overthrew the monarchy, established a republic, catalyzed violent periods of political turmoil, and finally culminated in a dictatorship under Napoleon who brought many of its principles to areas he conquered in Western Europe and beyond. Inspired by liberal and radical ideas, the Revolution profoundly altered the course of modern history, triggering the global decline of absolute monarchies while replacing them with republics and liberal democracies. Contents: The Old Regime in Europe The Old Regime in France Beginnings of the Revolution The Making of the Constitution The Legislative Assembly The Convention The Directory The Consulate The Early Years of the Empire The Empire at Its Height The Decline and Fall of Napoleon Declaration of the Rights of Man and of the Citizen The Social Contract The Spirit of the Laws The State of Society in France Before the Revolution

The French Revolution and Napoleon Routledge

Economic inequality and abuse of power by the reigning government were two major factors in the outbreak of the French

Revolution. The French peasants' anger about these issues was so great that they turned to extreme violence, killing anyone who voiced dissent with the revolutionary cause. Informative sidebars and primary sources are presented alongside the engaging main text to help illustrate the danger of allowing social and economic disparity to remain unaddressed by governing bodies. A fact-filled timeline highlights key events before, during, and after the revolution.

The French Revolution and Napoleon Longman Group United Kingdom

Examines the history of France between the years 1789 and 1815, the causes behind the great upheaval of 1789, the bloody and tumultuous events of the Revolution itself, and the years immediately after the Revolution when France became the dominant power in Europe, led by a man who seemed to embody the spirit of the new era-Napoleon Bonaparte.

The History of the French Revolution and Napoleon Manchester University Press

This volume, comprising Part I of the authors classic work *Revolutionary France 1770-1880*, offers a vivid narrative and radical reinterpretation of the years surrounding the momentous events of 1789 and their aftermath. During this period there were not one, but two revolutions: by intent the first was egalitarian, the second- Bonapartes authoritarian. The tension between the two characterized the period and was to shape the Republic that eventually emerged from the ruins of the ancien regime.

The French Revolution and Napoleon Wiley-Blackwell

The modern era has unfolded in the shadow of the French Revolution. Almost all future revolutionary movements looked back to the Revolution as their predecessor. Its central phrases and cultural symbols, such as La Marseillaise and Liberté, fraternité, égalité, ou la mort, became the clarion call for other major upheavals in modern history, including the Russian Revolution over a century later. The values and institutions of the Revolution dominate French politics to this day. The Revolution resulted in the suppression of the feudal system, emancipation of the individual, a greater division of landed property, abolition of the privileges of noble birth, and nominal establishment of

equality among men. The French Revolution differed from other revolutions in being not only national, for it intended to benefit all humanity. Contents: Old Regime in Europe The Old Regime in France Beginnings of the Revolution The Making of the Constitution The Legislative Assembly The Convention The Directory The Consulate The Early Years of the Empire The Empire at Its Height The Decline and Fall of Napoleon The French Revolution and Napoleon Harvard University Press Allons enfant de la Patrie, le jour de gloire est arrivé! "Arise children of the Fatherland, the day of glory has arrived!" These opening lines to La Marseillaise, France's famously stirring and evocative national anthem, capture perfectly the passion, fear, and frenetic energy of Republicanism's sanguinary birth on French soil. Through the violence of the Revolutions (yes there were many) the reign of the Bourbon monarchy came to an end and modern France was born. French Revolutions For Beginners examines the several bloody revolutions and counter-revolutions throughout the course of the 19th century and the constant upheavals and disruptions in France's ever changing political landscape from 1789-1900. While most people have some familiarity with names like Louis XVI and Napoleon, the details of what exactly happened during the French Revolution - apart from pithy royal pronouncements about cake eating and the ever-falling blade of the guillotine - are often difficult to understand, and for good reason: there were a whopping 15 changes of government in less than a century! The legacy of the French Revolutions remains with us today; we see it all over the world when an oppressed people rise up against an authoritarian regime demanding their rights as citizens be recognized. French Revolutions For Beginners presents the major political figures, events and hot-button political issues of this extremely violent, chaotic, confusing - but always exciting - period in a way that is accessible, interesting, and fun to both history-buffs and the neophyte alike.

Napoleon Comes to Power e-artnow

The History of the French Revolution Free Spirit Publishing
A Short History of the French Revolution is an up-to-date survey of the French Revolution and Napoleonic era that introduces readers to the origins and events of this turbulent period in French history, and historians' interpretations of these events. The book covers all aspects of the Revolution, including the political, social, and cultural origins of the Revolution, and its causes, events, and aftermath, to provide readers with a full, and yet concise, overview of the Revolution that helps them easily understand the key elements of the subject. Fully updated and revised, this new edition allows students to engage with the most current work on the subject with increased attention given to women's role in the Revolution, full coverage of the struggles over race and slavery, a new emphasis on the populist element in revolutionary politics, and an expanded discussion of the historiography of the era. Supported by learning objectives, critical thinking questions, and suggestions for further reading, this is the perfect introduction to the French Revolution for students of French and European History in the late eighteenth century.

The French Revolution, Napoleon, and the Republic

Cengage Learning

This second edition provides an updated narrative and analysis of one of modern Europe's most important and dramatic events. The author examines the causes, course and impact of the French Revolution from its onset through to the overthrow of Napoleon. Starting with the ancien regime, the text covers the events that led to the outbreak of the revolution in 1789, the rise of the republican movement, the Terror and the Thermidorian reaction. Coverage of the impact of the Revolution on France and the rest of Europe has been fully updated, to take into account recent research. The title also considers the latest historical interpretations of French Revolution. The updated study guides

provide a firm basis for answering source-based and essay questions.

France in Revolution Allen & Unwin Australia

French Revolution: The Basics is an accessible and concise introduction to the history of the revolution in France. Combining a traditional narrative of with documents of the era and references to contemporary imagery of the revolution, the book traces the long and short term causes of the French Revolution as well as its consequences up to the dissolution of the Convention and the ascendancy of Napoleon. The book is written with an explicit aim for its reader to acquire understanding of the past whilst imparting knowledge using the underlying the historical concepts such as evidence, continuity and change, cause and effect, significance, empathy, perspectives, and contestability. Key topics discussed within the book include: The structure of French society before 1789. The long- and short-term factors that contributed to the French Revolution. How ordinary French people, including women and slaves participated in the revolution. What brought about the end of the ancien regime. The major reforms of the National Assembly, 1789-1791 and how they lead to the division and radicalisation of the revolution. How did the alternative visions of the new society divide the revolution and what were the internal and external pressures on the revolution that contributed to its radicalisation. The forms of terror which enabled reality triumph over the idealism. The rise of Napoleon Bonaparte as military leader and Emperor. This book is an ideal introduction for anyone wishing to learn more about this influential revolution in the shaping of modern Europe and the world.

The Old Regime and the Revolution Greenhaven Publishing LLC

This volume collects together a wide selection of primary texts that explain the processes behind the enormous changes undergone by France and Europe between 1787 and 1815, from the origins of the Revolution to the counterrevolution and from Marie-Antoinette to Bonaparte. The achievements, terror and drama of the French Revolutionary and Napoleonic period restructured politics and society on a grand scale, making this the defining moment for modern European history. While bringing the impact of historical events to life, Philip Dwyer and Peter McPhee provide a clear outline of the period through the selection of key documents, lucid introductory passages and commentary. They

illustrate the meaning of the Revolution for peasants, sans-culottes, women and slaves, as well as placing events within a wider European and global context. Students will find this an invaluable source of information on the Revolution and its international significance.

A New World Begins The Rosen Publishing Group, Inc

This book invites scholars and students alike to reconsider the transition from the French Revolution to Napoleon. This period is often described in terms of social chaos, ineffectual government, and democratic disappointment. Rather than simply trying to efface this image, this collection explores the ambiguities and continuities of the period from 1794 to 1814. Such an approach offers numerous insights into the problems of a post-revolutionary order where high ideals confronted harsh realities.

The French Revolution and Napoleonic Era e-artnow

For those who lived in the wake of the French Revolution, its aftermath left a profound wound that no subsequent king, emperor, or president could heal. "Children of the Revolution" follows the ensuing generations who repeatedly tried and failed to come up with a stable regime after the trauma of 1789.

History of the French Revolution from 1789 to 1814 Red Wheel/Weiser

This volume traces Napoleon's rise to power and also examines the events before and after the coup d'état of 1799. Recent research has suggested that the Bonapartist dictatorship was by no means a foregone conclusion, the inevitable outcome of a corrupt and discredited revolutionary regime. There is now greater awareness of the difficulties faced by the Directory (as the constitutional system was called after 1795) in steering a middle course between royalism and jacobinism and also a greater recognition of its achievements. By the time that Napoleon crowned himself Emperor in 1804, the Revolution was effectively over. An ingenious balance had been struck between democracy and authority, between hierarchy and equality, in short between the old order and the new, a synthesis which disarmed radicals and attracted conservatives. This hybrid of revolution and tradition only lasted for a further decade in France, but it exerted a profound influence over nineteenth-century political culture. The Napoleonic episode thus repays careful attention at a deeper level than the personal and military heroics that usually predominate, as this study will demonstrate.

The French Revolution 1787-1804 Taylor & Francis

From the turmoil and tragedy of the French Revolution to the rise and fall of the enigmatic figure of Napoleon Bonaparte, the history of France between 1789 and 1815 is one of the most enduringly fascinating - and widely-studied - periods of history. In this volume, the renowned historian William Doyle provides a new perspective on several key themes within the history of this period - from the world of the Ancien Regime to the Battle of Waterloo. He sheds new light on the causes of the French

Revolution and the impact of the revolution outside France. In taking a fresh look at the Napoleonic Empire, he considers the influences on Napoleon's leadership decisions and the machinations of his court. Written by one of the leading historians of Revolutionary France, this book will be essential reading for anyone interested in the French Revolution and Napoleonic Europe.

The French Revolution and Napoleon University of Chicago Press

Focusing on the French Revolution, this is part of the Foundation

History series, providing a simplified version of one of the most popular topics in the Heinemann History Study Units series. Each of the student books has reduced content and simplified text to meet the need of less able pupils.

The French Revolution Routledge

This book attempts to introduce students to the major events that make up the story of the French Revolution and to the different ways in which historians have interpreted them. It covers the relationship between France and the United States.
