The Quran, a book which brings glad tidings to mankind along with divine admonition, stresses the importance of man's discovery of truth on both spiritual and intellectual planes. Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, tawassum, tadabbur, and tafakkur, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes. Koran, Qur'an, Coran, Kuran, Islam, Prophet Muhammad

John Wortabet (1827-1908) was a physician and author. He was Professor of Anatomy at the Medical

College in Beirut and physician at the Hospital of the Knights of St. John there. As an author, he wrote an Arabic Version of Gray's Anatomy and also Arabian Wisdom: Selections and Translations from the Arabic (1913) and an Arabic-English and English- Arabic Standard Dictionary (1913). "The wise sayings and proverbs of ancient and modern times, and in all the languages I know or to which I had access in translations, have always had a great attraction for me. Drawn from the experiences and study of human life, they have been reduced by wise men to short, pithy sentences, generally expressed in some quaint or striking form, for conveying sound moral truths. They are intended to be maxims of life, or rules of conduct, chiefly for the young, but may be read with pleasure and profit by both young and old. "

[The Meaning of the Holy Quran Open Road Media](#)

The Quran is an exceptional book. It is the holy book of Islam and, most importantly, is considered as the literal words (verbatim) of God and not a human inspired text. Its content encompasses a wide range of subjects: information about God, arguments about His existence and Unity, the Creation, the evidences for that, moral values, prescription about the relationship of Man to God, messages about human destiny such as the hereafter, life after death. These subjects are also linked to the questions of the purpose of life, of man's existence, to which the Quran provides clarifications and answers. The Quran is a book that provides both guidance and moral references to men and senses to life and existence. It is a highly specific and subtle book in every aspect and it will be shown that the Quran (along with the Prophet Muhammed tradition) is, in fact, a message of wisdom, tolerance and moral improvement for humankind, to all the people. The purpose of this book is, first to present concisely the main lines of the message and parts of the wisdom contained in the Quran, and second to provide an introduction that helps for an exhaustive reading of the Text.

[Summary of Holy Quran CreateSpace](#)

Do you want to have a more intimate and meaningful relationship with your Creator? If so, read on. Are you interested in learning more about Islam's genuine Message and Wisdom? More than a book, the material I give here for your consideration is a compilation of words intended to bring good news, to educate, and maybe even to warn you against something. It is a piece of work motivated by what I hope will be a sound and strong Message. In this guide, I aim to encourage my audience to think freely, widen their perspectives, and contemplate and seek their truth. This scripture warns individuals to never mindlessly accept any religion without first pondering on the faith in question and deducing its actual meaning from the evidence presented. Beyond all forms of belief and emotion, one must utilize their intellect to seek the truth at the heart of all religions. As a severe seeker of truth, this guide is intended to draw and empower individuals who question, reflect, and consider their own life's purpose and challenge their future and direction. Islam, for example, is a religion that is often misunderstood and misrepresented by the general public. To create an opinion about Islam, one must first evaluate their existing knowledge of this religion to determine its thoroughness and truthfulness before forming that view. This book aims to bring positivity, happiness, and good health to the reader by following the teaching of Islam and the holy book Quran. The author wants to uncover the hidden wisdom from the most sacred book that ever existed, the Holy Quran. Humanity has been given a Divine Book that will guide them to a better life both in this world and the next. The Holy Quran is a one-of-a-kind book that has the power to alter one's thoughts, feelings, and actions. Islam and the Holy Quran transform people from the inside out, transforming them into better people. The mission is to assist people in discovering the Wisdom, Inspiration, and Beauty that may be found in Islam and the Holy Quran. Inadequate education about Allah's words, Wisdom, and Advice leads to the development of a negative attitude toward Allah (God). People who hear about Islam from News channels or the Internet assume that God is a harsh, stern, cruel, and demanding deity who demands that His creation submit entirely to Him while also demanding that they respect, worship, and obey Him completely. In reality, God is All-Loving and All-Merciful in all that he does. Islam is much more than a set of rules and regulations; it is a way of life and religion in its own right. In this work, the author hopes to assist readers in realizing that Islam is a religion of wisdom, love, and mercy for all and that it is the true religion of God. Overall, the goal of this Message is to open up a fresh new level of thought that will allow one to recognize the ultimate significance of their being in this universe; to assist one in understanding their divine relationship with the Creator. The Islamic faith is helpful only to those who are sincere in their pursuit of guidance. It is harmful to those who are not sincere and honest in their spiritual quests, reject divine guidance and spiritual truth, and are not serious and honest in their spiritual pursuits.

The book Islam-Its Beauty & Wisdom is a novel presentation of Islam, interweaving traditional Islamic material with well-documented contemporary research from the physical and behavioral sciences. This book provides an understanding of the wisdom of Islamic teachings from a religious-scientific perspective. This is a refreshingly different approach to a classic subject of the wisdom behind Islamic acts of worship. It has meanings and relevance to both Muslim and non-Muslim readers. "This book first explains what the five pillars of Islam are in such a way any person, Muslim and non-Muslim, can understand and appreciate. It then heads in a direction I have never personally seen before in any religious manuscript. By this, I mean it provides us with an effective scientific reasoning to explain health benefits associated with Islamic acts of worship..... If one really wants to understand Islam, then I can think of no better place to start than this book by Dr. Mushtaq."-Jeffrey Ira Bernstein (Molecular Biologist, U.S.A.)
