This volume of the Yale French Studies series constitutes an overall assessment of his work, spanning his broad range of genres and traditions. May '68 and Its Afterlives ABRAMS

The acclaimed Galician author's novel of the Spanish Civil War is "a sincere and beautiful portrait of a brutal, ugly period of Spanish history" (The Guardian). Novelist and El País journalist Manuel Rivas has been heralded as one of the brightest in a new wave of Spanish authors. Originally written in Galician, his native language, *The Carpenter's Pencil* was a bestseller in Spain and has been published in nine countries. Set in the dark days of the Spanish Civil War, *The Carpenter's Pencil* charts the linked destinies of Dr. Daniel Da Barca, a Republican who cheats death in General Franco's prisons; Herbal, an illiterate Falangist and Da Barca's shadow; and an unnamed painter with the carpenter's pencil, the man who unites them in life and death. It is also the story of Marisa Mallo, loved by both Da Barca and Herbal; Pepe Sánchez, the bolero singer; "Genghis Khan," the wrestler; and the legend of two estranged sisters, Life and Death. All of these and more are bound by the events of the war. And all are rendered, in Rivas's skillful hand, with the power of the carpenter's pencil, a pencil that draws both the measured line and the artist's fanciful vision.

THE LIFE WORK OF HENRI RENE GUY DE MAUPASSANT Yale University Press

*The Odd Women* is a Victorian novel which deals with themes such as the role of women in society, marriage, morals and the early feminist movement. There was the notion in Victorian England that there was an excess of one million women over men. This meant there were "odd" women left over at the end of the equation when the other men and women had paired off in marriage. A cross-section of women dealing with this problem are described in "The Odd Women" and it can be inferred that their lifestyles also set them apart as odd in the sense of strange.

Daniel Woodrell's modern classic is an unforgettable tale of desperation and courage that inspired the award-winning film starring Jennifer Lawrence. Ree Dolly's father has skipped bail on charges that he ran a crystal meth lab, and the Dollys will lose their house if he doesn't show up for his next court date. With two young brothers depending on her, 16-year-old Ree knows she has to bring her father back, dead or alive. Living in the harsh poverty of the Ozarks, Ree learns quickly that asking questions of the rough Dolly clan can be a fatal mistake. But, as an unsettling revelation lurks, Ree discovers unforeseen depths in herself and in a family network that protects its own at any cost. "The lineage from Faulkner to Woodrell runs as deep and true as an Ozark stream in this book...his most profound and haunting yet." -- Los Angeles Times Book Review

*Night at the Crossroads* National Geographic Books

One of the most widely read feminist texts of the twentieth century, and Monique Wittig's most popular novel, *Les Guérillères* imagines the attack on the language and bodies of men by a tribe of warrior women. Among the women's most powerful weapons in their assault is laughter, but they also threaten literary and linguistic customs of the patriarchal order with bullets. In this breathtakingly rapid novel first published in 1969, Wittig animates a lesbian society that invites all women to join their fight, their circle, and their community. A path-breaking novel about creating and sustaining freedom, the book derives much of its energy from its vaunting of the female body as a resource for literary invention.

The author of the acclaimed memoir *The Gate* now gives us a mesmerizing account of his personal relationship with one of the most infamous torturers of the twentieth century, and of his transformative experience observing and participating in that man's recent trial for war crimes. In 1971, François Bizot was researching Khmer pottery and Buddhist ritual in rural Cambodia when, along with two Cambodian assistants, he was arrested by Communist guerrillas on suspicion of being an American spy. In captivity, Bizot would establish an unlikely rapport with his

interrogator, Comrade Duch, a twenty-nine-year-old former math teacher, now commander of the jungle encampment. After many long conversations, Duch would become convinced of Bizot's innocence, finally deciding to release his prisoner against the wishes of his superiors, including one Saloth Sar—the future Pol Pot. And so it was on Christmas Day 1971 that Bizot was allowed to depart the camp but obliged to leave his assistants behind. In 1999, Bizot would hear of the arrest of the “butcher of Tuol Sleng.” This was the nom de guerre that Comrade Duch had earned after releasing Bizot and proceeding to exterminate some ten thousand Cambodians, including Bizot's assistants, Lay and Son. Duch's unexpected capture after years in hiding presented François Bizot with his first opportunity to confront the man who'd held him captive for three months and whose strange sense of justice had resulted in Bizot's being the only Westerner to survive imprisonment by the Khmer Rouge. The arrest also

forced Bizot to confront a paradox: How could the man who'd been his savior have become one of the most monstrous perpetrators of the Cambodian genocide? Taking part in the trial as a witness, with Duch the sole defendant, would return Bizot to the heart of darkness. This is the testimony of what he discovered—about the torturer and about himself—on that harrowing journey.
