In 2010, at the age of 40, Kristina experienced a complete mental, physical, and emotional breakdown after experiencing anxiety and panic attacks from a young age. *Far From Perfect* details her life leading up to, and then the aftermath of, the breakdown and her painful climb out of the pit of anxiety and despair. Her story is riddled with normalcy, tragedy, and humor. Over the past decade, Kristina has been on an expedition of discovery and healing by seeking answers to the questions "Why am I like this?", "What can I do differently?", and "Will I ever be rid of this horrible disorder?". Along the way, she realized that she is not "broken" and she doesn't need to be "fixed". She also determined that hiding her "dirty little secret" of dealing with anxiety and panic attacks only made them worse. As much as she was anxious about sharing her story, Kristina knew that if it helped just one person know that they aren't alone, and that someone else does understand what they're going through, then she had to write this book. Included is a compilation of various methods and products Kristina has tried, as tools, to help manage, and alleviate, symptoms of the anxiety and panic disorders.

What was it about Bob Marley that made him so popular in a world dominated by rock 'n' roll? How is it that he not only has remained the single most successful reggae artist ever, but also has become a shining beacon of radicalism and peace to generation after generation of fans? The man who introduced reggae to a worldwide audience, Marley was a hero figure in the classic, mythological sense. From immensely humble beginnings, with talent and religious belief his only weapons, the Jamaican recording artist applied himself with unstinting perseverance to spreading his prophetic musical message across the globe. In 1980, on tour, Bob Marley and the Wailers played to the largest audiences a musical act had ever experienced in Europe. Less than a year later, Marley would die, only thirty-six years old. Sales of Marley's albums before his death were spectacular; in the years since he died, they have been phenomenal. Chris Salewicz, the bestselling author of Redemption Song, the classic biography of Joe Strummer, interviewed Bob Marley in Jamaica in 1979. Now, for the first time, in this thorough, detailed account of Marley's life and the world in which he grew up and which he came to dominate, Salewicz brings to life not only the Rastafari religion and the musical scene in Jamaica, but also the spirit of the man himself. Interviews with dozens of people who knew Marley and have never spoken before are woven through the narrative as Salewicz seeks to explain why Marley has become such an enigmatic and heroic figure, loved by millions all over the world.

In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as Shiva, Rangeela, Satya, Sarkar, Bhoot and Company. Discussing a wide range of subjects, from the influences and circumstances that drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, Guns & Thighs is as much about RGV's life and philosophy of life as about his films and the Indian film world. Characteristically, he pulls no punches, whether he's talking about movies, women or the media. Even when it comes to his own films, he embraces his failures as much his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a perspective as colourful and larger than life as Indian films. It is not for RGV fans alone but for all those passionate about cinema and the people associated with it.

American Buffalo, which won both the Drama Critics Circle Award for the best American play and the Obie Award, is considered a classic of the American theater. Newsweek acclaimed Mamet as the “hot young American playwright . . . someone to watch.” The New York Times exclaimed in admiration: “The man can write!” Other critics called the play “a sizzler,” “super,” and “dynamite.” Now from Gregory Mosher, the producer of the original stage production, comes a stunning screen adaptation, directed by Michael Corrente and starring Dustin Hoffman, Dennis Franz, and Sean Nelson. A classic tragedy, American Buffalo is the story of three men struggling in the pursuit of their distorted vision of the American Dream. By turns touching and cynical, poignant and violent, American Buffalo is a piercing story of how people can be corrupted into betraying their ideals and those they love.
