Les Dossiers Cthulhu, T2 : Sherlock  
Holmes et les monstruosités du Miskatonic

National Geographic Books

The stunning new novel from the New York Times bestselling author of *The Age of Odin*, in which the worlds of Arthur Conan Doyle and H.P. Lovecraft collide. It is the autumn of 1910, and for fifteen long years Sherlock Holmes and Dr John Watson have battled R'lyehloig, the Hidden Mind that was once Professor James Moriarty. Europe is creeping inexorably towards war, and a more cosmic conflict is nearing its zenith, as in a single night all the most eminent members of the Diogenes Club die horribly, seemingly by their own hands.

Holmes suspects it is the handiwork of a German spy working for R'lyehloig, but his search for vengeance costs an old friend his life. The companions retreat to Holmes's farm on the Sussex Downs, and it is not long before a client comes calling. Three young women have disappeared from the nearby town of Newford, and the locals have no doubt who is responsible. For legend has it that strange amphibious creatures dwell in a city on the seabed, coming ashore every few centuries to take fresh captives. As Holmes and Watson seek out the terrifying interlopers, the scene is set for the final battle that will bring them face to face with the Sussex Sea-Devils, and perhaps with Cthulhu himself...

The Mother Code Bragelonne

Winner of the Nero Wolfe Award It is 1921 and Mary Russell--Sherlock Holmes's

brilliant apprentice, now an Oxford graduate with a degree in theology--is on the verge of acquiring a sizable inheritance. Independent at last, with a passion for divinity and detective work, her most baffling mystery may now involve Holmes and the burgeoning of a deeper affection between herself and the retired detective. Russell's attentions turn to the New Temple of God and its leader, Margery Childe, a charismatic suffragette and a mystic, whose draw on the young theology scholar is irresistible. But when four bluestockings from the Temple turn up dead shortly after changing their wills, could sins of a capital nature be afoot? Holmes and Russell investigate, as their partnership takes a surprising turn in *A Monstrous Regiment of Women* by Laurie R. King.

When Sherlock Holmes and Doctor Watson arrive in the village of Willesborough Lees in Ashford Kent, Inspector Hargreaves approaches Holmes for his advice regarding the violent death of a local man discovered that morning. Inspector Hargreaves raises concerns over inconsistencies in the evidence, so Sherlock Holmes and Doctor Watson agree to take a peek at the scene. They meet a Constable Browne at the cottage who they discover has a fervent distrust of outsiders. Arthur Jenkins made enemies in the village of Willesborough Lees, and those enemies multiplied after he sold his family land, putting several of them out of work. Constable Browne believes it could be the motive for his murder, but Holmes has other ideas. When Inspector Hargreaves points to a seemingly innocuous broken pane of glass, set just above the front door, it piques the curiosity of Sherlock Holmes in such a way that neither he, nor Dr Watson, can fully comprehend...

1890. Peu avant Noël, Sherlock Holmes et John Watson reçoivent à Baker Street la visite d'une nouvelle cliente. Eve Allerthorpe, fille aînée d'une dynastie prestigieuse mais quelque peu excentrique du Yorkshire, se trouve dans une profonde détresse : elle se croit possédée par un démoniaque esprit de Noël. Eve doit hériter d'une fortune à condition d'être saine d'esprit, mais il semble que quelque chose - ou quelqu'un - menace son équilibre mental. Holmes et Watson partent enquêter au château de Fellscar, demeure familiale des Allerthorpe, mais s'aperçoivent vite que l'affaire est plus complexe qu'il y paraît.

Un autre esprit hante la famille ; et lorsque l'on découvre le cadavre d'un membre de la maisonnée, le duo comprend que nul n'est au-dessus de tout soupçon... « Une écriture si familière que l'on pourrait la croire née sous la plume de Conan Doyle.

» The Crime Review « Lovegrove a une profonde compréhension du langage holmésien, mais aussi du fonctionnement de Londres et de ses environs dans les années 1890... Un prolongement naturel de l'oeuvre de Doyle. » Girl Who Reads « Entre autres talents, James Lovegrove sait à merveille restituer l'atmosphère des histoires de Sherlock Holmes écrites par Doyle. » pop.edit.lit « Captivant et fondamentalement fascinant. » Midwest Book Review « Une histoire passionnante qui mérite sa place auprès des Agatha Christie, Dorothy Sayers et autres grands noms. » Pop Mythology « Un mélange parfait de policier et de fiction spéculative. » Risingshadow « Une récréation holmésienne, mais quelle récréation ! Passionnante, rythmée, souvent drôle, indéniablement effrayante. » Reviewing the Evidence

debut about a man's desperate battle to survive his own dark destiny... Hope, reason, humanity: the Misery breaks them all. Under its cracked and wailing sky, the Misery is a vast and blighted expanse, the arcane remnant of a devastating war with the immortals known as the Deep Kings.
