"An enlightening must-read for anyone exposed to the press" THE INDEPENDENT ON SUNDAY "Should be read by anyone claiming an interest in sex and, especially, sex equality" EVENING STANDARD "An important book... exactly the kind of level-headed analysis that could help to dispel some of the hysteria surrounding the sex industry" THE TIMES "As entertaining as it is erudite" THE OBSERVER As Belle de Jour she enthralled and outraged the nation in equal measure. Now her real identity is out in the open, Brooke's background as a scientist and a researcher can come to bear in her fascinating investigation into the truth behind the headlines, scandals and moral outrage that fill the media (and our minds) when it comes to sex. Using her entertaining and informed voice, Brooke strips away the hype and looks at the science behind sex and the panic behind public policy. Unlike so many media column inches, Brooke uses verifiable academic research. This is fact, not fiction; science not supposition. So sit back, open your mind and prepare to be shocked... It's the summer of 1936, and the writer Stefan Zweig is in crisis. His German publisher no longer wants him, his marriage is collapsing, and his house in Austria—searched by the police two years earlier—no longer feels like home. He's been dreaming of Ostend, the Belgian beach town that is a paradise of promenades, parasols, and old friends. So he journeys there with his lover, Lotte Altmann, and reunites with fellow writer and semi-estranged close friend Joseph Roth, who is himself about to fall in love. For a moment, they create a fragile haven. But as Europe begins to crumble around them, the writers find themselves trapped on vacation, in exile, watching the world burn. In Ostend, Volker Weidermann lyrically recounts "the summer before the dark," when a coterie of artists, intellectuals, drunks, revolutionaries, and madmen found themselves in limbo while Europe teetered on the edge of fascism and total war. Ostend is the true story of two of the twentieth century's great writers, written with a novelist's

eye for pacing, chronology, and language—a dazzling work of historical nonfiction. (Translated from the German by Carol Brown Janeway)

A dramatic, funny, and painful romance manga between two women about how, sometimes, you need to run away in order to find where you truly belong. Perfect for fans of coming-out yuri like *How Do We Relationship?* and masters of adult drama like Akiko Higashimura (*Princess Jellyfish*) and Takako Shimura (*Even Though We're Adults*). You know that one person you just can't forget? Not the one that got away, but the one you had, until suddenly you didn't? Maki's first love was her high school classmate, a girl named Midori. But Midori broke up with Maki at graduation, saying they were now "too old to be fooling around dating girls." Ten years later, Maki still can't get Midori off her mind, and when the two women reconnect after a chance encounter, Maki realizes that, while her feelings haven't changed, Midori has long moved on—in fact, she's engaged. Yet the more Maki hears Midori talk about her soon-to-be-husband, the more red flags she notices. And Midori has another secret, one she hasn't yet shared with Maki. Will it be the last blow to Maki's hopes that their romance might be rekindled? Or will it be the push that sets them on a new path—one they'll travel together?

Zu laut, zu freizügig, zu nachdenklich, zu dick, zu dünn, zu erfolgreich, zu selbstkritisch, zu viele Gefühle auf einmal – irgendwie sind wir immer entweder »zu« oder »nicht genug«. Aber wie fühlt man sich eigentlich richtig? Theresa Lachner hat lange relativiert, meditiert und nach Lösungen recherchiert. Aber irgendwann hat's ihr gereicht. Sie hat ihre Wut genommen und darüber geschrieben: über ihren Weg zur erfolgreichsten deutschen Sexbloggerin und den Kampf gegen altbackene Vorstellungen. Lachner erzählt von Bondageworkshops und weiblicher Ejakulation, Tantraseminaren, Playpartys und Pornodrehs. Und davon, wie sie als Digitalnomadin siebeneinhalb Mal um die Welt geflogen ist und dabei unter jedem Stein nach einem Zuhause gesucht und es schließlich gefunden hat – in sich selbst. »Was ist das heute, eine freie Frau – und was hat das mit Sex zu tun? Theresa Lachner hat eine entwaffnend offene Biografie ihres Begehrens geschrieben.« MEREDITH HAAF

This "gorgeously written" National Book Award finalist is a dazzling, heart-rending story of an oil rig worker whose closest friend goes missing, plunging him into isolation and forcing him to confront his past (NPR, One of the Best Books of the Year). One night aboard an oil drilling platform in the Atlantic, Waclaw returns to his cabin to find that his bunkmate and companion, Mátyás, has gone missing. A search of the rig confirms his fear that Mátyás has fallen into the sea. Grief-stricken, he embarks on an epic emotional and physical journey that takes him to Morocco, to Budapest and Mátyás's hometown in Hungary, to Malta, Italy, and finally to the mining town of his childhood in Germany. Waclaw's encounters along the way with other lost and yearning souls—Mátyás's angry, grieving half-sister; lonely rig workers on shore leave; a truck driver who watches the world change from his driver's seat—bring us closer to his origins while also revealing the problems of a globalized economy dependent on waning natural resources. *High as the Waters Rise* is a stirring exploration of male intimacy, the nature of memory and grief, and the cost of freedom—the story of a man who stands at the margins of a society from which he has profited little, though its functioning depends on his labor.

When a stressed-out Wolf tells his four-year-old daughter Nina that he can only spend ten more minutes reading her bedtime stories before getting back to work, she wishes that they could have a million minutes together 'on the really good things. Let's go so far away, until we have time,' she says. While Nina is physically disabled, Wolf feels that what really makes her different is her complete freedom of thought, uninhibited by political correctness and unlimited by the restrictions of 'reality'. As Wolf comes to understand the magnitude of his daughter's condition, he starts to reconsider what is most important in life.

Despite a huge break-through in a profession he has worked so hard to make his mark on, he decides to step off the career ladder. Colleagues claim he is ruining his life, but Wolf slowly learns that fulfilling Nina's wish is worth much more than professional success. Wolf, his wife Vera, his son Simon and Nina spend a million minutes - two years - travelling through Thailand, Australia, and New Zealand, but the real journey is one of personal discovery. Wolf may have wanted the high-flying, well-paid career before Nina was born, but what does he want now? And what does it really mean to be rich, anyway? Nina's unique, frequently humorous world view teaches Wolf about the deeper meaning of life, and inspires him to question his values. What starts out as a simple experiment will forever change Wolf's family: what happens when people take a million minutes for each other?

I'm Girl on the Net. You might know me from my blog. This is some stuff I do with my life. Why did I write an erotic memoir? The most obvious answer is 'because I'm a pervert' - I like sex; I like talking about it, reading about it, doing it, watching other people do it, and hearing other people's stories.

Jacob's Hands Penguin UK

A compelling and colourful memoir that takes the reader inside the forgotten world of domestic service. Arriving at the great houses of 1920s London, fifteen-year-old Margaret's life in service was about to begin... As a kitchen maid - the lowest of the low - she entered an entirely new world; one of stoves to be blacked, vegetables to be scrubbed, mistresses to be appeased, and even bootlaces to be ironed. Work started at 5.30am and went on until after dark. Yet from the gentleman with a penchant for stroking the housemaids' curlers, to the heartbreaking story of Agnes the pregnant under-parlourmaid, fired for being seduced by her mistress' nephew, Margaret's tales of her time in service are told with wit, warmth, and a sharp eye for the prejudices of her situation.
