Ethnodrama: An Anthology of Reality Theatre contains seven carefully-selected ethnodramas that best illustrate this emerging genre of arts-based research, a burgeoning but evident trend in the field

of theatre production itself. In his introduction to ethnodrama and to the plays themselves, Salda a emphasizes how a credible, vivid, and persuasive rendering of a research participant's story as a theatrical performance creates insights for both researcher and audience not possible through conventional qualitative data analysis. With their focus on the personal, immediate and contextual, these plays about marginalized identities, abortion, street life and oppression manage a unique balance between theoretical research and everyday realism.

J. Bruce Ismay was an upper-crust Englishman who always did what was expected of him. He went to the best schools, married the right society girl

(even though he was in love with someone else) and vowed to his staunch, unfeeling father on his deathbed that he would take over the family shipping business and build the biggest, most opulent ship the world had ever seen: the RMS Titanic. What an accomplishment! We all know the story of how the ship sank ... or do we? Ismay saved as many people as he could on that fateful night, and finally, with no women and children in sight, he stepped into the last lifeboat ... and was branded a coward and a traitor forever. The world needed a scapegoat for the sinking of the Titanic and Ismay became the perfect target. He had a powerful enemy in the United States — newspaper magnate William Randolph Hearst. Hearst condemned Ismay nationwide before the rescue ship Carpathia even landed in New York. Hearst's cause was aided by William Alden Smith, a ruthless senator with presidential aspirations, who led a "witch-hunt" investigation into this high-profile disaster. Although there was no solid evidence against Ismay, Senator Smith managed to drag the hearings on for months. More than 3,000 passengers brought lawsuits against the White Star Line for loss of life and property, which only fueled Ismay's intense survivor's guilt. When he was forced to resign from the White Star Line, he spent the rest of his days as a recluse at his estate in Ireland, haunted by the ghosts of that fateful night to the point of near insanity. **THE LAST LIFEBOAT** is the story of the Titanic that has never been told. This epic tale explores not only the tragedy itself, but the sensationalized trials and aftermath of the night that changed the world forever.

Black Elk Speaks Library of Alexandria
The Nether, a daring examination of moral responsibility in virtual worlds, opens with a familiar interrogation scene given a technological twist. As Detective Morris, an online investigator, questions Mr. Sims about his activities in a role-playing realm so realistic it could be life, she finds herself on slippery ethical ground. Sims argues for the freedom to explore even the most deviant corners of our imagination. Morris holds that we cannot flesh out our malign fantasies without consequence. Their clash of wills leads to a consequence neither could have imagined. Suspenseful, ingeniously constructed, and fiercely intelligent, Haley's play forces us to confront deeply disturbing questions about the boundaries of reality.

Identifying the Culprit: Assessing Eyewitness Identification makes the case that better data collection and research on eyewitness identification, new law enforcement training protocols, standardized procedures for administering line-ups, and improvements in the handling of eyewitness identification in court can increase the chances that accurate identifications are made. This report explains the science that has emerged during the past 30 years on eyewitness identifications and identifies best practices in eyewitness procedures for the law enforcement community and in the presentation of eyewitness evidence in the courtroom. In order to continue the advancement of eyewitness identification research, the report recommends a focused research agenda.

"Methamphetamine was a huge part of this case . . . It was a horrible murder driven by drugs." — Prosecutor Cal Rerucha, who convicted Matthew Shepard's killers On the night of October 6, 1998, twenty-one-year-old Matthew Shepard left a bar with two alleged "strangers," Aaron McKinney and Russell Henderson. Eighteen hours later, Matthew was found tied to a log fence on the outskirts of town, unconscious and barely alive. Overnight, a politically expedient myth took the place of important facts. By the time Matthew died a few days later, his name was synonymous with anti-gay hate. *The Book of Matt*, first published in 2013, demonstrated that the truth was in fact far more complicated – and daunting. Stephen Jimenez's account revealed primary documents that had been under seal, and gave voice to many with firsthand knowledge of the case who had not been heard from, including members of law enforcement. In his Introduction to this updated edition, journalist Andrew Sullivan writes: "No one wanted Steve Jimenez to report this story, let alone go back and back to Laramie, Wyoming, asking awkward questions, puzzling over strange discrepancies, re-interviewing sources, seeking a deeper, more complex truth about the ghastly killing than America, it turned out, was prepared to hear. It was worse than that, actually. Not only did no one want to hear more about

it, but many were incensed that the case was being re-examined at all." As a gay man Jimenez felt an added moral imperative to tell the story of Matthew's murder honestly, and his reporting has been thoroughly corroborated. "I urge you to read [The Book of Matt] carefully and skeptically," Sullivan writes, "and to see better how life rarely fits into the neat boxes we want it to inhabit. That Matthew Shepard was a meth dealer and meth user says nothing that bad about him, and in no way mitigates the hideous brutality of the crime that killed him; instead it shows how vulnerable so many are to the drug's escapist lure and its astonishing capacity to heighten sexual pleasure so that it's the only thing you want to live for. Shepard was a victim twice over: of meth and of a fellow meth user."

THE STORY: On November 6, 1998, gay University of Wyoming student Matthew Shepard left the Fireside Bar with Aaron McKinney and Russell Henderson. The following day he was discovered on a prairie at the edge of town, tied to a fence, brutally beaten, and close to death. Six days later Matthew Shepard died at Poudre Valley Hospital in Ft. Collins, Colorado. On November 14th, 1998, ten members of Tectonic Theatre Project traveled to Laramie, Wyoming and conducted interviews with the people of the town. Over the next year, the company returned to Laramie six times and conducted over 200 interviews. These texts became the basis for the play *The Laramie Project*. Ten years later on September 12th, 2008, five members of Tectonic returned to Laramie to try to understand the long-term effect of the murder. They found a town wrestling with its legacy and its place in history. In addition to revisiting the folks whose words riveted us in the original play, this time around, the company also spoke with the two murderers, McKinney and Henderson, as well as Matthew's mother, Judy Shepard. **THE LARAMIE PROJECT: TEN YEARS LATER** is a bold new work, which asks the question, "How does society write its own history?"

"Smith's powerful style of living journalism uses the collective, cathartic nature of the theater to move us from despair toward hope." —The Village Voice Anna Deavere

Smith's extraordinary form of documentary theater shines a light on injustices by portraying the real-life people who have experienced them. "One of her most ambitious and powerful works on how matters of race continue to divide and enslave the nation" (Variety). Smith renders a host of figures who have lived and fought the system that pushes students of color out of the classroom and into prisons. (As Smith has put it: "Rich kids get mischief, poor kids get pathologized and incarcerated.") Using people's own words, culled from interviews and speeches, Smith depicts Rev. Jamal Harrison Bryant, who eulogized Freddie Gray; Niya Kenny, a high school student who confronted a violent police deputy; activist Bree Newsome, who took the Confederate flag down from the South Carolina State House grounds; and many others. Their voices bear powerful witness to a great iniquity of our time—and call us to action with their accounts of resistance and hope.

Parallel Lives Orange Grove Texts Plus Cow. Slob. Pig. How many insults can you hear before you have to stand up and defend the woman you love? Tom faces just that question when he falls for Helen, a bright, funny, sexy young woman who happens to be plus sized-and then some. Forced to explain his new relationship to his shallow (although shockingly funny) friends, finally he comes to terms with his own preconceptions of the importance of conventional good looks. Neil LaBute's sharply drawn play not only critiques our slavish adherence to Hollywood ideals of beauty but boldy questions our own ability to change what we dislike about ourselves. *Rex's Exes* Springer Science & Business Media

One of the greatest challenges for English language arts teachers today is the call to engage students in more complex texts. Tim Gillespie, who has taught in public schools for almost four decades, has found the lenses of literary criticism a powerful tool for helping students tackle challenging literary texts. Tim breaks down the dense language of critical theory into clear, lively, and thorough explanations of many schools of critical thought---reader response, biographical, historical, psychological, archetypal, genre based, moral, philosophical, feminist, political, formalist, and postmodern. *Doing Literary Criticism* gives each theory its own chapter with a brief, teacher-friendly overview and a history of the approach, along with an in-depth discussion of its benefits and limitations. Each chapter also includes ideas for classroom practices and activities. Using stories from his own English classes--from alternative programs to advance placement and everything in between--Tim provides a wealth of specific classroom-tested suggestions for discussion, essay and research paper topics, recommended texts, exam questions, and more. The accompanying CD offers abbreviated overviews of each theory (designed to be used as classroom handouts, examples of student work, collections of quotes to stimulate discussion and writing, an extended history of women writers, and much more. Ultimately, *Doing Literary Criticism* offers teachers a rich set of materials and tools to help their students become more confident and able readers, writers, and critical thinkers.
