Growing up in a New Jersey factory town in the 1980s, Daisy Hernández believed that her aunt had become deathly ill from eating an apple. No one in her family, in either the United States or Colombia, spoke of infectious diseases. Even into her thirties, she only knew that her aunt had died of Chagas, a rare and devastating illness that affects the heart and digestive system. But as Hernández dug deeper, she discovered that Chagas—or the kissing bug disease—is more prevalent in the United States than the Zika virus. After her aunt's death, Hernández began searching for answers. Crisscrossing the country, she interviewed patients, doctors, epidemiologists, and even veterinarians with the Department of Defense. She learned that in the United States more than three hundred thousand people in the Latinx community have Chagas, and that outside of Latin America, this is the only country with the native insects—the “kissing bugs”—that carry the Chagas parasite. Through unsparing, gripping, and humane portraits, Hernández chronicles a story vast in scope and urgent in its implications, exposing how poverty, racism, and public policies have conspired to keep this disease hidden. A riveting and nuanced investigation into racial politics and for-profit healthcare in the United States, *The Kissing Bug* reveals the intimate history of a marginalized disease and connects us to the lives at the center of it all.

NEW YORK TIMES BESTSELLER • A NEW YORK TIMES NOTABLE BOOK The remarkable story of James Howard “Billy” Williams, whose uncanny rapport with the world's largest land animals transformed him from a carefree young man into the charismatic war hero known as Elephant Bill In 1920, Billy Williams came to colonial Burma as a “forest man” for a British teak company. Mesmerized by the intelligence and character of the great animals who hauled logs through the jungle, he became a gifted “elephant wallah.” In *Elephant Company*, Vicki Constantine Croke chronicles Williams's growing love for elephants as the animals provide him lessons in courage, trust, and gratitude. *Elephant Company* is also a tale of war and daring. When Japanese forces invaded Burma in 1942, Williams joined the elite British Force 136 and operated behind enemy lines. His war elephants carried

supplies, helped build bridges, and transported the sick and elderly over treacherous mountain terrain. As the occupying authorities put a price on his head, Williams and his elephants faced their most perilous test. Elephant Company, cornered by the enemy, attempted a desperate escape: a risky trek over the mountainous border to India, with a bedraggled group of refugees in tow. Part biography, part war epic, Elephant Company is an inspirational narrative that illuminates a little-known chapter in the annals of wartime heroism. Praise for Elephant Company “This book is about far more than just the war, or even elephants. This is the story of friendship, loyalty and breathtaking bravery that transcends species. . . . Elephant Company is nothing less than a sweeping tale, masterfully written.”—Sara Gruen, *The New York Times Book Review* “Splendid . . . Blending biography, history, and wildlife biology, [Vicki Constantine] Croke’s story is an often moving account of [Billy] Williams, who earned the sobriquet ‘Elephant Bill,’ and his unusual bond with the largest land mammals on earth.”—*The Boston Globe* “Some of the biggest heroes of World War II were even bigger than you thought. . . . You may never call the lion the king of the jungle again.”—*New York Post* “Vicki Constantine Croke delivers an exciting tale of this elephant whisperer-cum-war hero, while beautifully reminding us of the enduring bonds between animals and humans.”—Mitchell Zuckoff, author of *Lost in Shangri-La* and *Frozen in Time*
