The Monstrous Me series is a split perspective book looking at situations from another point of view to help children develop a sense of balance, roundedness and wellbeing. Readers can literally and figuratively, turn the story on its head, and look at the very same situations from different angles. In this first book, 'My Mummy's a Monster' an inquisitive little girl is convinced her mum is a monster. But, is she really?

When we look through her mummy's eyes, we see a very different story.

Eight twisty, twirly arms make Octopus really good at tickling. But most of his friends are beginning to find his tickling tiresome, especially when one teeny, tiny tickle lands Octopus in BIG trouble! Octopus tickles Oyster and causes her to lose her precious pearl. How will Octopus get it back?

The Three Billy Goats Gruff Monsters Go to School

This delightful middle grade novel is a modern-day homage to Charlotte's Web, perfect for fans of Katherine Applegate and Cammie McGovern. "We fell in love with The Unlikely Story of a Pig in the City! No matter how big she gets, there's always room for Hamlet in our hearts." —Steve Jenkins and Derek Walter, New York Times bestselling co-authors of *Esther the Wonder Pig* A little pig in a big city leads to lots of trouble! Josie Shilling's family is too big, their

cramped city house is too small, and she feels like no one's ever on her side. Then, on Thanksgiving Day, her older brother, Tom, brings home a pink, squirmy bundle wrapped in an old football jersey—a piglet he rescued from a nearby farm. Her name is Hamlet. The minute Josie holds Hamlet, she feels an instant connection. But there's no room for Hamlet in the crowded Shilling household. And whoever heard of keeping a pig in the city? So it's up to Josie to find her a forever home. The Unlikely Story of a Pig in the City is a heartwarming tale of family, belonging, and growing bigger when you've always felt small.

The Minds of Billy Milligan Hardie Grant Publishing

Two Mayan children find a jade stone and a map, and with the help of a talking pig and some magical bees, they set out to find the turtle mentioned in an ancient legend.

Monsters Go Green Nelson Thornes

The "masterfully chilling" novel that inspired the hit AMC series (Entertainment Weekly). The men on board the HMS Terror — part of the 1845 Franklin Expedition, the first steam-powered vessels ever to search for the legendary Northwest Passage — are entering a second summer in the Arctic Circle without a thaw, stranded in a nightmarish landscape of encroaching ice and darkness. Endlessly cold, they struggle to survive with poisonous rations, a dwindling coal supply, and ships buckling in the grip of crushing ice. But their real enemy is even more terrifying. There is something out there in the frigid darkness: an unseen predator stalking their ship, a monstrous terror clawing to get in. "The best and most unusual historical novel I have read in years." —Katherine A. Powers, Boston
