Julie Metz's life changes forever on one ordinary January afternoon when her husband, Henry, collapses on the kitchen floor and dies in her arms. Suddenly, this mother of a six-year-old is the young widow in a bucolic small town. And this is only the beginning. Seven months after Henry's death, just when Julie thinks she is emerging from the worst of it, comes the rest of it: She discovers that what had appeared to be the reality of her marriage was but a half-truth. Henry had hidden another life from her. "He loved you so much." That's what everyone keeps telling her. It's true that he loved Julie and their six-year-old daughter ebulliently and devotedly, but as she starts to pick up the pieces and rebuild her life without Henry in it, she learns that Henry had been unfaithful throughout their twelve years of marriage. The most damaging affair was ongoing--a tumultuous relationship

that ended only with Henry's death. For Julie, the only thing to do was to get at the real truth--to strip away the veneer of "perfection" that was her life and confront each of the women beneath the veneer. *Perfection* is the story of Julie Metz's journey through chaos and transformation as she creates a different life for herself and her young daughter. It is the story of coming to terms with painful truths, of rebuilding both a life and an identity after betrayal and widowhood. It is a story of rebirth and happiness--if not perfection.

Settle for Best Vintage

In this revised and expanded collection of essays on origins, mathematician Granville Sewell looks at the big bang, the fine-tuning of the laws of physics, and (especially) the evolution of life. Sewell explains why evolution is a fundamentally different and much more difficult problem than others solved by science, and why increasing numbers of scientists are now recognizing what has long been obvious to the layman, that there is no explanation possible without design. This book summarizes many of the traditional arguments for intelligent design, but presents some powerful new arguments as well.

Measuring Financial Inclusion and the Fintech Revolution
Canongate Books

"Five charming novellas...which have astonishing freshness, color, and warmth." —The New Yorker First published in 1686, this collection of five novellas was an immediate bestseller in the bawdy world that was Genroku Japan, and the book's popularity has increased with age, making it today a literary classic like Boccaccio's Decameron, or the works of Rabelais. The book follows five determined women in their always amorous, erotic and usually illicit adventures. The five heroines are Onatsu, already wise in the ways of love the tender age of sixteen; Osen, a faithful wife until unjustly accused of adultery; Osan, a Kyoto beauty who falls asleep in the wrong bed; Oshichi, willing to burn down a city to meet her samurai lover; and Oman, who has to compete with handsome boys to win her lover's affections. But the book is more than a collection of skillfully told erotic tales, for "Saikaku...could not delve into the inmost secrets of human life only to expose them to ridicule or snickering prurience. Obviously fascinated by the variety and complexity of human love, but retaining always a sense of its intrinsic dignity...he is both a discriminating and compassionate judge of his fellow man." Saikaku's style, as allusive as it is witty, as abbreviated as it is penetrating, is a challenge that few translators have dared to face, and certainly never before with the success here achieved in a translation that recaptures the heady flavor of the original.

An Essential Guide for Parents Penguin UK

It's not that he's just not that into you—it's that there aren't enough of him. And the numbers prove it. Using a combination of demographics, statistics, game theory, and number-crunching, *Date-onomics* tells what every single, college-educated, heterosexual, looking-for-a-partner woman needs to know: The "man deficit" is real. It's a fascinating, if sobering read, with two critical takeaways: One, it's not you. Two, knowledge is power, so here's what to do about it. The shortage of college-educated men is not just a big-city phenomenon frustrating women in New York and L.A. Among young college grads, there are four eligible women for every three men nationwide. This unequal ratio explains not only why it's so hard to find a date, but a host of social issues, from the college hookup culture to the reason Salt Lake City is becoming the breast implant capital of America. Then there's the math that says that a woman's good looks can keep men from approaching her—particularly if they feel the odds aren't in their favor. Fortunately, there are also solutions: what college to attend (any with strong sciences or math), where to hang out (in New York, try a fireman's bar), where to live (Colorado, Seattle, "Man" Jose), and why never to shy away from giving an ultimatum.

I Call Myself A Feminist Penguin UK

Is feminism still a dirty word? We asked twenty-five of the brightest, funniest, bravest young women what being a feminist in 2015 means to them. We hear from Laura Bates (of the Everyday Sexism Project), Reni Eddo-Lodge (award-winning journalist and author), Yas Necati (an eighteen-year-old activist), Laura Pankhurst, great-great granddaughter of Emmeline Pankhurst and an activist in her own right, comedian Sofie Hagen, engineer Naomi Mitchison and Louise O'Neill, author of the award-winning feminist Young Adult novel *Only Ever Yours*. Writing about a huge variety of subjects, we have Martha Mosse and Alice Stride on how they became feminists, Amy Annette addressing the body politic, Samira Shackel on having her eyes opened in a hostel for survivors of acid attacks in Islamabad, while Maysa Haque thinks about the way Islam has informed her feminism and Isabel Adomakoh Young insists that women don't have to be perfect. There are twelve other performers, politicians and writers who include Jade Anouka, Emily Benn, Abigail Matson-

Phippard, Hajar J. Woodland and Jinan Younis. Is the word feminist still to be shunned? Is feminism still thought of as anti-men rather than pro-human? Is this generation of feminists - outspoken, funny and focused - the best we've had for long while? Has the internet given them a voice and power previously unknown? Rachel Holmes' most recent book is *Eleanor Marx: A Life*; Victoria Pepe is a literary scout; Amy Annette is a comedy producer currently working on festivals including *Latitude*; Alice Stride works for Women's Aid and Martha Mosse is a freelance producer and artist.

Square Haunting Harper Collins

Developed from celebrated Harvard statistics lectures, *Introduction to Probability* provides essential language and tools for understanding statistics, randomness, and uncertainty. The book explores a wide variety of applications and examples, ranging from coincidences and paradoxes to Google PageRank and Markov chain Monte Carlo (MCMC). Additional

Chicago Avant-Garde Virago

I pray you find yourself, as I did, in each of these women of The Bible. This is Book 1, with prayers and scripture that will help you through life's trials in an easy to use, One a Day, prayer formula. Each book will have a journal published separately, as well, so that you have a quicker option available should you want it. (Search for "journal" after this title to get one) We are mothers, sisters, daughters in Christ, servants of the Most High and wives. You, my sweet sister, are here for a purpose. Each of these women in the book have my heart and hope, knowing I will fulfill my own purpose in Christ, just as you will, too. God bless you.

Talking from 9 to 5 Artisan Books

Women desire to live well. However, living well in this modern world is a challenge. The pace of life, along with the new front porch of social media, has changed the landscape of our lives. Women have been told for far too long that being on the go and accumulating more things will make their lives full. As a result, we grasp for the wrong things in life and come up empty. God created us to walk with him; to know him and to be loved by him. He is our living well and when we drink from the water he continually provides, it will change us. Our marriages, our parenting, and our homemaking will be transformed. Mommy-blogger Courtney Joseph is a cheerful realist. She tackles the challenge of holding onto vintage values in a modern world, starting with the keys to protecting our walk with God. No subject is off-limits as she moves on to marriage, parenting, and household management. Rooted in the Bible, her practical approach includes tons of tips that are perfect for busy moms, including: *Simple Solutions for Studying God's Word* *How to Handle Marriage, Parenting, and Homemaking in a Digital Age* *10 Steps to Completing Your Husband* *Dealing With Disappointed Expectations in Motherhood* *Creating Routines that Bring Rest* *Pursuing the Discipline and Diligence of the Proverbs* *31 Woman* There is nothing more important than fostering your faith, building your marriage, training your children, and creating a haven for your family. *Women Living Well* is a clear and personal guide to making the most of these precious responsibilities.

Date-onomics Tim Duggan Books

Two thousand years ago, Jesus Christ met face-to-face with people just like you. Broken, imperfect, sometimes fearful and without hope. *The Day I Met Jesus* is a beautifully crafted narrative that chronicles the remarkable encounters of five women in the Gospels who were desperate to find wholeness, security, and purpose. Like all of us, these women struggled with the regrets of their pasts, the stresses of their presents, and the worries of their tomorrows. Join Frank Viola and Mary DeMuth on a fascinating journey back in time as they retell the dramatic accounts of five women who met Jesus. Each narrative is told

from each woman's unique perspective, yet tightly grounded in the Gospel accounts and faithful to first-century history. Elegantly written and profoundly stirring, this book blends creative narrative with uncommon insight, spiritual depth, and practical application. If you are someone who seeks a renewal of hope, faith, and love, *The Day I Met Jesus* will make your Bible come to life and usher you into a fresh encounter with your Lord.

The Power National Academies Press

[Note: The most complete version of the big picture that eluded Einstein in his attempts to unveil a unified field theory can be found in the book, *The Gravity Cycle*, by the same author as this book. This book, *Einstein Was Wrong!*, was one of many approaches to the ideas that will shake the very foundations of physical science upon which we presently stand.] Modern Physics is built on an erroneous foundation. If we are to take physics to a new level where gravity can be explained from an atomic/quantum perspective, then someone must boldly say, "Einstein was wrong, but so was Newton." Because they both started with the same wrong premise, their theories of gravity were destined to fall short in any attempt to connect them to atomic/quantum processes. And the same false premise that stifled Einstein in his ability to connect "the movement of planets and stars with the tiniest subatomic particles" prevents modern physicists from explaining the fourth and final force from an atomic/quantum perspective. Alas, "...when one starts with a wrong premise, no amount of patching can right the problem." But all is not lost. By correcting Newton's mistake (the wrong premise), a new foundation for understanding the role of the atom in the momentum, relativity, and gravity of masses emerges in the form of two new theories: *The Atomic Model of Motion (AMM)* and *The Galaxy Gravity Cycle (GGC)*. These two theories combine to paint the big picture of how atomic/quantum processes are involved in holding a galaxy together, keeping planets orbiting stars, and preventing people from floating off into space. This book is dedicated to Occam's razor.

The Feminine Mystique Five Women Wearing the Same Dress

The classic manifesto of the liberated woman, this book explores every facet of a woman's life.

But So Was Newton Houghton Mifflin

When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' *New York Times* 'Feminism began with the work of a single person: Friedan.' Nicholas Lemann With a new Introduction by Lionel Shriver

Five Women Ahead of Their Time CreateSpace

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark

trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

Five Women of the English Reformation Oxford University Press
POWERFUL WISDOM FROM THE ELDERS OF OUR COMMUNITIES In this rich and multilayered collection of interviews, conversations, and intimate photographs, over 100 trailblazing women describe the ups, downs, and lessons learned while forging their unique paths. *Collective Wisdom* celebrates the stories of those who have been there and know the road—from an Olympic athlete and a NASA team member to award-winning artists, activists, writers, and filmmakers, from women in their fifties to centenarians. It is also a tribute to the importance of intergenerational connections between women, with interviews conducted by daughters, friends, mentors, and colleagues. *Collective Wisdom* creates a living, breathing sense of community—a space where all of us can gather, listen, share, and learn.

One a Day Workman Publishing

Miscast in the media for nearly 130 years, the victims of Jack the Ripper finally get their full stories told in this eye-opening and chilling reminder that life for middle-class women in Victorian London could be full of social pitfalls and peril.

Find Your Joy in God, Your Man, Your Kids, and Your Home A&C Black

Attention Deficit Hyperactivity Disorder, or ADHD, causes problems with physical activity levels, focusing on family and control of impulses. Even though some people prefer to believe that men and women who are overly active or cannot focus on family have behavioral issues that can be corrected with good discipline, studies show that ADHD is a real condition, possibly with genetic or environmental causes. The Center for Disease Control recognizes ADHD is one of the most common neurobehavioral disorders that are diagnosed in both adults and children. Though many adults often have difficulties sitting still or focusing on tasks, those with ADHD can lead to progressively more serious problems at work and at home. Not all men and women with ADHD have the same degree of physical activity. Some may have a low degree of activity, while others may be highly active. Symptoms include chronic daydreaming, fidgeting, constant motion, inability to listen, inability to sit quietly, problems taking turns, speaking out of turn and difficulty paying attention. Researchers believe ADHD may have a strong genetic component because of their work with twins. Other proposed causes may be exposure to lead, alcohol and tobacco use during pregnancy, low birth weight, premature delivery and brain injury. No research concludes that poverty, family problems, and too much television or consuming large amounts of sugar causes ADHD, though these factors may exacerbate symptoms. These are serious problems that can seriously affect your marriage. If you see any of these symptoms in your spouse or partner you need to pick up a copy of this book : *The Effect ADHD Has On Marriage* by Terence A. Williams that will help you not only understand your spouse better but alleviate a lot of the stress you are going through.

30 Days of Prayer with the Women of the Bible Hachette Books

Loosely based on Napoleon Hill's seminal title, *Think and Grow Rich*, *Settle for Best* lists the common mindsets and actions of renowned philanthropist millionaires from the early 20th century and encourages readers to develop and rely on the skills and mindsets that successful people still use to win big, no matter what shape the economy is in. Written for start-up entrepreneurs and anyone else anyone in search of the "keys to the kingdom" in whatever realm you travel, *SETTLE FOR BEST* will encourage, inspire and light a fire under you if you truly want to build the life

and legacy your heart most desires.

The Day I Met Jesus Flatiron Books

This book covers topics that can help those who sincerely want to help their loved ones who are suffering from autistic disorders. It can serve as a helpful guide to those who want to expand their knowledge on autism spectrum disorders (ASD). It is important that you learn everything you need to know about ASD in order to properly care for your child. This book can help you get a better understanding of autism and teaches how to help your child in every good way possible. In this book, you'll learn: -All about Autism Spectrum Disorders (Autistic Disorder, Rett Syndrome, Asperger's Syndrome, Pervasive Developmental Disorder - Not Otherwise Specified (PPD-NOS), Childhood Disintegrative Disorder)-Checklist that can help you determine if your child needs to be evaluated for ASD -Knowing the signs that your child exhibits-Diagnosing Autism Spectrum Disorder-Developmental Stages-Autism in Early Years (what behaviors to expect from your toddler)-Autism at School (deciding what to do for your child's education)-Finding the Right School for Your Child (tips on choosing the best school for your child; pros and cons of each school type)-Autism in Adolescents-Transitioning to Adulthood

and Independence (things you need to consider in preparing your child to adult life) Living With Autism-Dealing with seizures, regressions, sleep problems and other medical conditions - Dealing with behavioral problems-Managing sensory issues- Managing sibling issues in the family-What you need to know about medications-Alternative treatments for ASD Tips on becoming an advocate for your child with ASD And MANY MORE!

The Revealing Diaries of Five Women from the Gospels

Little, Brown

She walked into my bakery and my dough wasn't the only thing rising... Long legs, a big chest, and perfect, round buns. I'd give anything to roll with her and that adorable muffin top she's packing. There's just one problem... and that's the Irish mob jerk who thinks he owns her. To hell with that. If she's gonna have a bun in her oven... it's gonna be mine. Muffin Top is action-packed, sinfully steamy, and sure to satisfy your sweet tooth!
