BOOKER MCCARTHY

This Is Our Faith Ignatius Press

A beautiful commemorative edition of Dr. Martin Luther King's essay "Letter from Birmingham Jail," part of Dr. King's archives published exclusively by HarperCollins. With an afterword by Reginald Dwayne Betts On April 16, 1923, Dr. Martin Luther King Jr., responded to an open letter written and published by eight white clergyman admonishing the civil rights demonstrations happening in Birmingham, Alabama. Dr. King drafted his seminal response on scraps of paper smuggled into jail. King criticizes his detractors for caring more about order than justice, defends nonviolent protests, and argues for the moral responsibility to obey just laws while disobeying unjust ones. "Letter from Birmingham Jail" proclaims a message - confronting any injustice is an acceptable and righteous reason for civil disobedience. This beautifully designed edition presents Dr. King's speech in its entirety, paying tribute to this extraordinary leader and his immeasurable contribution, and inspiring a new generation of activists dedicated to carrying on the fight for justice and equality.

How we feel is as vital to our survival as how we think. This claim, based on the premise that emotions are largely adaptive, serves as the organizing

theme of *Why We Need Religion*. This book is a novel pathway in a well-trodden field of religious studies and philosophy of religion. Stephen Asma argues that, like art, religion has direct access to our emotional lives in ways that science does not. Yes, science can give us emotional feelings of wonder and the sublime--we can feel the sacred depths of nature--but there are many forms of human suffering and vulnerability that are beyond the reach of help from science. Different emotional stresses require different kinds of rescue. Unlike secular authors who praise religion's ethical and civilizing function, Asma argues that its core value lies in its emotionally therapeutic power. No theorist of religion has failed to notice the importance of emotions in spiritual and ritual life, but truly systematic research has only recently delivered concrete data on the neurology, psychology, and anthropology of the emotional systems. This very recent "affective turn" has begun to map out a powerful territory of embodied cognition. *Why We Need Religion* incorporates new data from these affective sciences into the philosophy of religion. It goes on to describe the way in which religion manages those systems--rage, play, lust, care, grief, and so on. Finally, it argues that religion is still the best cultural apparatus for doing this adaptive work. In short, the book is a Darwinian defense of religious emotions and the cultural systems that manage them.

Improve the Way You Pray in Adoration The Pocket Guide to Adoration equips Catholics with the tools they need to improve the way they pray and cultivate a deeper relationship with Jesus in the Eucharist. Drawing from the wisdom of the Church and the writings from spiritual masters like St. Teresa of Avila and Fulton Sheen, Fr. Josh Johnson has produced an evergreen resource that Catholics will want to take with them every time they go

to Adoration. This pocket guide includes: Stories of Eucharistic miracles Lectio divina prompts and reflections Inspiration from the saints Litanies and devotionals, including the Litany of Trust by Sr. Faustina Maria Pia of the Sisters of Life. Its small size makes it easy to carry, fit into a purse or handbag, or hand out at your parish. It has a beautiful Alpha Cowhide cover that will last for years. This essential pocket guide by Fr. Josh Johnson teaches Catholics: How to remain fixed on the face of Jesus during adoration. What to do with the distractions that will inevitably come in prayer. How to discern with the Holy Spirit the invitation from Jesus to rest during their time in Eucharistic Adoration. How to overcome spiritual dryness. How to pray with the Sacred Scriptures. How to pray with the mysteries of the Rosary during Adoration. How to pray with the lives of the saints. How to discern practical, concrete actions to take after Adoration. Catholics who struggle to stay focused in prayer, who struggle to be consistent in their relationship with Jesus, who don't know what to do in Adoration, or who simply need encouragement and inspiration to get there, will deeply appreciate this tiny but mighty book.

Based on the amazing Answers Book for Kids series, with answers to over 100 of their most difficult questions! This course features a four-day schedule, Monday through Thursday, but is easily adaptable to most any educational calendar. This apologetics study for upper elementary children delves into issues regarding the Bible, God, sin, dinosaurs, the Flood of Noah, salvation, astronomy, and more, and is all based on actual questions asked by kids. Answers are important. If children aren't given answers to their questions about the Bible and the history it reveals, they cannot defend their faith against a fallen world. The course highlights the unique collection of question-answer books from Ken Ham and the creative team at Answers in Genesis to meet this need and helps kids focus on Scripture memorization and faith-building truth. The Bible verses quoted in the Answers Book for Kids series are from the New King James Version, though kids are encouraged to write out their daily verses in the version they use each day. The Answers Book for Kids 1: The story of Creation and Adam and Eve in the Garden of Eden are familiar Bible stories. But they also present a wonderful opportunity to share important biblical truths with eagerly questioning minds through answers that even the youngest believer can understand. The Answers Book for Kids 2: Dinosaurs are fascinating creatures that kids simply adore, and even the youngest believer can recite the biblical story of Noah and his ark. Now discover how to answer some of kids' most interesting questions about dinosaurs and Noah's ark. The Answers Book for Kids 3: Even adults struggle to understand our Creator - the infinite Being who seeks a personal relationship with each of us. Now children can begin to understand both God's Holy Word and the importance of Him in their lives - what He expects from them, why it is vital to follow His plan for their lives, and the love He has for them. The Answers Book for Kids 4: At the heart of the Bible is the theme sin, salvation through Christ, and guidance for living the kind of life that honors our Creator God. Since Adam and Eve chose to disobey in the Garden of Eden, questions about sin, salvation, and the Christian life have faced humanity, so turn the pages to find the answers. The Answers Book for Kids 5: When kids look up at the stars in the night sky, they will always have questions! Take this amazing opportunity to share some of God's answers and help strengthen their faith. The Answers Book for Kids 6: Kids may know the biblical account of the Tower of Babel, but there is more to this important event than just the confusion of languages. And they may have heard of the Ice Age, but it seemed confusing.

We Believe is the most definitive book to understanding our American heritage. It is designed to be a quick and easy way for Americans to understand what we, as a nation, believe and the core values upon which our great country was built and continues to thrive on. It is a powerful 30-day tutorial to understanding what our Founding Fathers believed, coupled with the erudite wisdom from subsequent generations, in the hopes of making us all better-informed Americans. Readers are taken on an historical journey from the Declaration of Independence to the Constitution to the Bill of Rights to the words of modern-day bearers of our American heritage and echoes with the voices of great leaders including Madison, Jefferson, Lincoln, JFK, Dr. King, President Reagan, and others-and how their words shaped, and continue to shape, our futures. They will be inspired by the thoughts, ideas and writings of these great leaders and infused with a sense of responsibility to preserve those very same American values for future generations.

A thoughtful and age-appropriate introduction to an unimaginable event—the Holocaust. The Holocaust was a genocide on a scale never before seen, with as many as twelve million people killed in Nazi death camps—six million of them Jews. Gail Herman traces the rise of Hitler and the Nazis, whose rabid anti-Semitism led first to humiliating anti-Jewish laws, then to ghettos all over Eastern Europe, and ultimately to the Final Solution. She presents just enough information for an elementary-school audience in a readable, well-researched book that covers one of the most horrible times in history. This entry in the New York Times best-selling series contains eighty carefully chosen illustrations and sixteen pages of black and white photographs suitable for young readers.

Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in THIS IS WATER. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in The Wall Street Journal and the London Times, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting

intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

What is a saint? A saint is a holy person, someone who lived an extra-loving life on Earth and now is close to God in Heaven. The saints are close to us because they share God's great love for us. That is why we ask them for their prayers. They are our friends--friends want the best for us! Just like every person is different, every saint is also different. Each saint was an ordinary person with both strengths and weaknesses. Ordinary people become saints by using the gifts and talents God has given them to follow Jesus and to live according to the Gospel. In this book, you will read the stories of 30 saints. As you read about each saint, remember that you too are called to be a saint by following Jesus and loving God and others in your own original and unique way!

We Believe InterVarsity Press

The person to whom I had addressed the three books entitled *De Peccatorum Meritis et Remissione*, in which I carefully discussed also the baptism of infants, informed me, when acknowledging my communication, that he was much disturbed because I declared it to be possible that a man might be without sin, if he wanted not the will, by the help of God, although no man either had lived, was living, or would live in this life so perfect in righteousness. He asked how I could say that it was possible of which no example could be adduced. Owing to this inquiry on the part of this person, I wrote the treatise entitled *De Spiritu et Littera*, in which I considered at large the apostle's statement, "The letter kills, but the spirit gives life." In this work, so far as God enabled me, I earnestly disputed with those who oppose that grace of God which justifies the servances of the Jews, who abstain from sundry meats and drinks in accordance with their ancient law, I mentioned the "ceremonies of certain meats" [quarumdam escarum cerimoniae] - a phrase which, though not used in Holy Scriptures, seemed to me very convenient, because I remembered that cerimoniae is tantamount to carimoniae, as if from carere, to be without, and expresses the abstinence of the worshippers from certain things. If however, there is any other derivation of the word, which is inconsistent with the true religion, I meant no refernce whatever to it; I confined my use to the sense above indicated. This work of mine begins thus: "After reading the short treatise which I lately drew up for you, my beloved son Marcellinus," etc.

World Religions and Cults Volume 1 USCCB Publishing

Religions in today's culture seem to be multiplying. Have you ever wondered why certain religions believe and practice what they do? Or how they view the Bible? This volume delves into these and other engaging questions, such as: How can a Christian witness to people in these religions? Do these other religions believe in creation and a Creator? How do we deal with these religions from a biblical authority perspective? Many religions and cults discussed in this first volume openly affirm that the Bible is true, but then something gets in their way. And there is a common factor every time—man's fallible opinions. In one way or another the Bible gets demoted, reinterpreted, or completely ignored. Man's ideas are used to throw the Bible's clear teaching out the window while false teachings are promoted. This book is a must for laymen, church leaders, teachers, and students to understand the trends in our culture and around the world where certain religions dominate, helping you discern truth and guard your faith. When you understand a religion's origins and teachings, you are in a better position to know how to proclaim the gospel of Jesus Christ as you take the good news to those in false religions.

INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." - Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us

and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

Acclaimed artist and Caldecott-winning picture book creator Faith Ringgold shares an inspiring look at America's lineage in this stunning ode to our

country--past, present, and future. America is a land of diversity. Whether driven by dreams and hope, or escaping poverty or persecution, our ancestors--and the faces of America today--represent people from every reach of the globe. And each person brought with them a unique gift--of art and music; of determination and grit; of ideas and strength--that forever shaped the country we all call home. Vividly evoked in Faith Ringgold's sumptuous colors and patterns, WE CAME TO AMERICA is an ode to every American who came before us, and a tribute to the children who will carry its message into our future.

The Catholic Faith Handbook for Youth Flatiron Books

Over 3 million copies sold! Essential reading for Catholics of all walks of life. Here it is - the first new Catechism of the Catholic Church in more than 400 years, a complete summary of what Catholics around the world commonly believe. The Catechism draws on the Bible, the Mass, the Sacraments, Church tradition and teaching, and the lives of saints. It comes with a complete index, footnotes and cross-references for a fuller understanding of every subject. The word catechism means "instruction" - this book will serve as the standard for all future catechisms. Using the tradition of explaining what the Church believes (the Creed), what she celebrates (the Sacraments), what she lives (the Commandments), and what she prays (the Lord's Prayer), the Catechism of the Catholic Church offers challenges for believers and answers for all those interested in learning about the mystery of the Catholic faith. The Catechism of the Catholic Church is a positive, coherent and contemporary map for our spiritual journey toward transformation.
