HARDY DEVAN

The Sum of Her Parts Del Rey

Could even the remarkable Flinx stop the deadly drug that was sweeping the galaxy? It caused instant addiction, followed by an excruciating slow death, and there was no known antidote. It was a killer. Supposedly the drug had been totally eradicated from the humanx galaxy years before. At least that's what everyone thought. But somehow, mysteriously, that dreadful substance was back in circulation on Repler and threatening to wreak havoc throughout the known galaxy. Someone somewhere was secretly manufacturing Bloodhype, but nobody seemed to know where or who!

Flinx in Flux Del Rey

Bestselling author Alan Dean Foster takes us back to the unplanned beginnings of the extraordinary Humanx Commonwealth... In the years after first contact, humans and the intelligent insectlike Thranx agree to a tentative sharing of ideas and cultures despite the ingrained repulsion they have yet to overcome. Thus, a slow, lengthy process of limited contact begins. Yet they never plan for a chance meeting between a misfit artist and a petty thief. Desvendapur is a talented Thranx poet who is bored with his life and needs new inspiration for his work. Venturing beyond the familiar, Desvendapur runs into Cheelo Montoya, a small-time criminal with big dreams of making a fast buck. Together they will embark upon a journey that will forever change their beliefs, their futures, and their worlds . . .

As is evident in his many thrilling novels, Alan Dean Foster is a master at creating other worlds in an array of genres. Now he turns his imagination to the short story in these spectacular tales of outer space, cyberspace, ancient gods, modern demons, and mortal horror, including Panhandler A predatory lawyer encounters a fabled boyhood hero and falls victim to the less innocent intrigues of eternal youth. Growth Not even his minidrag Pip can save Flinx from the overly intimate advances of an intruder who goes entirely too far. Basted A lowly, hen-pecked Egyptian discovers that the Pharaoh's tomb holds exactly what he needs for a whole new life. The Killing of Bad Bull A man with a knack for getting gambling's one-armed bandits to give it up finds himself at the top-of several hit lists. At Sea A poor Scandinavian captain forced into running drugs is shown a way out of his desperate straits with the help of five beautiful blondes who are simply out-of-this-world. Open Exceptions to Reality to find these amazing stories and nine other irresistibly unearthly tales!

For Love of Mother-Not Del Rey

Pip and Flinx meet Midworld! Where Flinx and his flying minidrag Pip went, trouble always followed—that law had governed their

lives through years of unsought danger and galactic intrigue. Now an evil rich man was out to kidnap the minidrag for his personal zoo, and Flinx and Pip were on the run again—this time into uncharted space, on a random course they hoped would foil their pursuers. They found more than they bargained for when they landed on Midworld, a verdant planet covered by an immense jungle, hosting an incredible variety of plant and animal life—all of it unknown and all of it deadly. And now they were in real trouble. Their hiding place was in danger of discovery, and their only hope lay with this bizarre and untamed planet . . . if it didn't kill them first!

The Human Blend Del Rey

Old Jake Pickett is a strange one. He can turn bullets to dust or collapse skyscrapers with his mind. But all he really wants to do with his "magic" is entertain the poor kids who live, like him, near the chemical dump. Or talk telepathically with his crippled niece, Amanda. Then a giant company decides that the only way to cover up their mess is to eliminate the people who have been affected, for better or worse, by the seeping industrial wastes. Now Jake and Amanda are running for their lives. And ours.

Flinx in Flux Del Rey

With two great golden clouds suspended around it, Moth was the only planet that appeared to have wings. It was a beautiful planet . . . and a trap for the unwary. Here was a wide-open world for any venture a man might scheme. The planet attracted unwary travelers, hardened space-sailors, and merchant buccaneers—a teeming, constantly shifting horde that provided a comfortable income for certain quick-witted fellows like Flinx and his pet minidragon, Pip. With his odd talents, the pickings were easy enough so that Flinx did not have to be dishonest . . . most of the time. In fact, it hardly seemed dishonest at all to steal a starmap from a dead body that didn't really need it anymore. But Flinx forgot one crucial point. He should have wondered why the body was dead in the first place.

Icerigger Flinx Transcendent

After thirty-five years, the final adventure of Pip & Flinx Flinx is the only one with any chance of stopping the evil colossus barreling in to destroy the Humanx Commonwealth (and everything else in the Milky Way). His efforts take him to the land of his mortal enemies, the bloodthirsty AAnn, where chances are excellent that Flinx may be executed. And he must also seek out an ancient sentient weapons platform wandering around the galaxy and then communicate with it, a powwow that could very well fry his brain. Then there are the oblivion-craving assassins determined to stop Flinx before he can prevent total annihilation. With a future that rosy, it's no surprise that Flinx is flirting with disaster. Still, he's no quitter. Now he's going to need every ounce of his know-how, because he's venturing to places where no one's ever been, to do what no one's ever done, and where his

deadliest enemy is so close it's invisible. Praise for Flinx Transcendent "One last grand adventure."—Publishers Weekly "A rousing goodbye [for] one of the most popular duos in science fiction."—Charleston Post and Courier "The grand finale gathers pace and brings in numerous other plot elements to build an enjoyable and exciting conclusion. Fans of the series will certainly be satisfied."—SFcrowsnest

The Sum of Her Parts Del Rey

A mind-blowing cosmic adventure from the #1 New York Times–bestselling author of the Adventures of Pip & Flinx. It's just another boring late night in Albuquerque, New Mexico, for Seeth, a disillusioned punk rocker with too much time on his hands and too little money. That is, until he heads to a bowling alley and runs into Kerwin, a geeky graduate student who's there doing research for a sociology assignment. While trying to distract Kerwin from his scholarly pursuits, Seeth notices two burly cops trying to unlawfully arrest a lone bowler, and for laughs, he jumps in to save him. When it turns out the bowler, the cops, and even the bowling ball are all different races of aliens involved in an interstellar chase, Seeth and Kerwin find themselves on a ship careening through space—protecting a mysterious, all-powerful lifeform that might possibly be the most valuable thing in the universe. Seeth's found the excitement he wanted. And he didn't even have to leave Albuquerque—just Earth. Praise for Alan Dean Foster "One of the most consistently inventive and fertile writers of science-fiction and fantasy." —The Times (London) "Alan Dean Foster is a master of creating alien worlds." —SFRevu.com "Foster knows how to spin a yarn." —Starlog "Alan Dean Foster is the modern day Renaissance writer, as his abilities seem to have no genre boundaries." —Bookbrowser

Bloodhype Del Rey

For three decades science fiction legend Alan Dean Foster has captivated readers around the world, from his debut classic The Tar-Aiym Krang and his inspired scenario for the first Star Trek movie to a host of New York Times bestsellers, including Splinter of the Mind's Eye and Flinx in Flux. In this collection of twenty brilliant odysseys of the imagination, Foster once again soars beyond the limits of reality—where the real thrills begin. . . . NASA Sending Addicts to Mars!: It was the most insane idea in the annals of space travel—and the only one that would work. Diesel Dream: Sometimes on dark, lonely highways dreams do come true, and this trucker's hope was the best one of all. Sideshow: Flinx hadn't a clue about the alien dancer, but Pip knew trouble when she saw it. Empowered: A magnificent male discovers the not-so-super part about being a superhero. The Question: A bold adventurer determines to solve one of life's profound mysteries. . . . and fifteen other amazing stories!

Flinx Transcendent Del Rey

A musician is transported into a land of magic—from the #1 New

York Times–bestselling author of *Star Wars: The Force Awakens* and *Star Trek Into Darkness*. Jonathan Thomas Meriweather is a typical college student, interested in girls, music, and an occasional taste of reefer. But when a journey through an interdimensional portal lands him in a world of talking animals and ominous sorcery, he finds he is on a very different trip indeed. Here, when he plays a strange instrument called a duar, peculiar things happen: powerful magic that may be the only way to stop a dark force that threatens his new world—and his old one. Reluctantly, he finds himself teaming up with a semi-senile turtle wizard; a thieving, backstabbing otter; and a bewildered Marxist dragon to rally an army for the war about to come. Spellsinger, the first in Alan Dean Foster’s eight-book Spellsinger series, introduces a world of magic and mayhem, where animals are people and plunging ahead no matter what the consequences may be the only way to survive.

Lost and Found Del Rey

No matter how long or how hard they strive, no matter how extensive their education as a species, no matter what they experience of the small heavens and larger hells they create for themselves, it seems that humans are destined to see their technological accomplishments always exceed their ability to understand themselves.

Patrimony Del Rey

Bestselling author Alan Dean Foster delivers a Pip and Flinx novel featuring a certain twenty-four-year-old with red hair, growing powers, and a loyal sidekick who just happens to be a flying mini-dragon. Flinx’s Folly follows Flinx on a thrilling quest to unravel the mysteries of his mind and body. It is a quest that forces him to confront a horror almost beyond human comprehension concealed somewhere in the universe . . . and coming closer. It’s a good thing Flinx is no stranger to trouble, because he’s swimming in it. Even before the latest murderous attack by a new gang of assailants, there seems no end to people determined to arrest, examine, or kill him. To add insult to all that injury, Flinx has been spirited away and enlisted in a battle against a monstrous extra-galactic threat. Hidden behind the Great Emptiness, in a place where it seems matter and energy have never been, there is only evil. Pure evil that is approaching him, accelerating. Against such a quintessence of colossal evil what can one puny human and a formidable mini-drag protector do? Flinx must tell someone or go out of his already addled mind. Choosing a confidant is easy: Clarity Held, a crush he hasn’t seen in six years. She is a young woman who has clearly gone on with her life in ways that (he soon learns) don’t necessarily include Flinx. Whatever happens, Flinx makes up his mind to act quickly. His decision is the beginning of a terrifying, high-stakes adventure through perilous new realms that will rocket him into the very heart of danger—and into the arms of the only woman he’s ever loved. As he and Pip bravely travel to a place where no man or mini-drag has gone before, Flinx discovers he has a few more friends than he thought—and far more enemies than he ever imagined.

For Love of Mother Not Del Rey

In this thrilling science fiction adventure—the triumphant conclusion to the Tipping Point trilogy—New York Times

bestselling author Alan Dean Foster returns to a near future in which genetic manipulation and extreme body modification have changed profoundly what it means to be human. Dr. Ingrid Seastrom was once a respected American physician. Whispr, whose body has been transformed to preternatural thinness, was once a streetwise thief. Now, in a world on the edge of catastrophe from centuries of environmental exploitation, they are allies—thrust together by fate to unravel an impossible mystery—even as they are stalked by a relentless killer. Ingrid and Whispr are hunted fugitives bound together by a thread: a data-storage thread made of a material that cannot exist, yet somehow does. Their quest to learn its secrets—and, in Whispr’s case, sell them to the highest bidder—has brought them to South Africa’s treacherous Namib desert. Beyond its dangers waits a heavily guarded research facility that promises answers, if they can survive long enough to get there. But that won’t be easy, not with Napun Molé on their trail. They’ve already escaped the assassin twice, and as far as Molé is concerned, finishing them off isn’t just a job anymore . . . it’s personal.

When Flinx, no stranger to galactic intrigue, found an unconscious woman on a riverbank deep in the jungles of Alaspin, he took it in stride. When he learned that the woman, Clarity Held, was a brilliant scientist abducted from a remote outpost on inhospitable Longtunnel by a group of fanatic assassins, he tried to help the beautiful Clarity back to her project. Unfortunately, the assassins were still at work. They would do anything to stop the research on Longtunnel and would kill anyone or anything that got in their way....

One man struggles to survive on a hostile alien world in this thrilling adventure from the #1 New York Times–bestselling author of *Madrenga*. Some people are convinced they can do anything; Evan Orgell is one of them. So when his company president sends him off-world to investigate a breakdown in communications from a small research station on a newly discovered planet, he’s all in. The planet’s resources could mean massive profits for the company—and a successful mission could mean massive advancement for Evan. Nothing ventured, nothing gained. Clad in a Mobile Hostile World suit, Evan has no doubts about his safety—until he lands on the world of Prism. Though he’s already dealt with thousands of theoretical extraterrestrial problems, nothing prepares him for what he finds there. Hungry, invading lifeforms are everywhere. Over two dozen highly trained people have been overwhelmed and killed, some with their bones eaten from the inside out. It’s utter devastation. Then, while Evan searches for survivors, his indestructible suit meets its match—and he must face the bloodthirsty predators of Prism alone, unprotected, with only his wits to rely on . . . Slipt Del Rey

When a strange warship appears on a distant alien world, bearing

only a single human being and his bee-like extraterrestrial companion, the powerful warlord of that world laughs at the stranger’s demand—end war with an interstellar rival or face the consequences. But James Lawson, emissary from the intergalactic federation of advanced races, means every word he says.
