 Fraternity Inc  
 In its 114th year, Billboard remains the  
 world's premier weekly music publication  
 and a diverse digital, events, brand,  
 content and data licensing platform.  
 Billboard publishes the most trusted charts  
 and offers unrivaled reporting about the  
 latest music, video, gaming, media, digital  
 and mobile entertainment issues and  
 trends.  
*Billboard* Bloomsbury Publishing  
 Since 'The Night of the Living Dead,'  
 screen Zombies have become increasingly  
 bizarre, bloodthirsty, yes even  
 cannibalistic. A complete film guide to all  
 your favorite undead, zombie, and the

living dead films. Interesting stories  
 behind the scenes and a list of my favorite  
 zombie films. One thing is for sure -  
 Zombies in various forms remain very  
 much alive, in the movies and in  
 audiences' imagination - like yours and  
 mine! I want to eat your brains!  
Starship Troopers Simon and Schuster  
 "In a world of rising tensions between  
 Russia and the United States, the Middle  
 East and Europe, Sunnis and Shiites,  
 Islamism and liberalism, Turkey is at the  
 epicentre. And at the heart of Turkey is its  
 right-wing populist president, Recep  
 Tayyip Erdo?an. Since 2002, Erdo?an has  
 consolidated his hold on domestic politics  
 while using military and diplomatic means  
 to solidify Turkey as a regional power. His  
 crackdown has been brutal and consistent  
 - scores of journalists arrested, academics  
 officially banned from leaving the country,

university deans fired and many of the  
 highest-ranking military officers arrested.  
 In some senses, the nefarious and failed  
 2016 coup has given Erdo?an the licence  
 to make good on his repeated promise to  
 bring order and stability under a  
 'strongman'. Here, leading Turkish expert  
 Soner Cagaptay will look at Erdo?an's  
 roots in Turkish history, what he believes  
 in and how he has cemented his rule, as  
 well as what this means for the world. The  
 book will also unpick the 'threats' Erdogan  
 has worked to combat - from the liberal  
 Turks to the Gulen movement, from coup  
 plotters to Kurdish nationalists - all of  
 which have culminated in the crisis of  
 modern Turkey."--Bloomsbury Publishing.  
*Zombie Crusade* Del Rey  
 A gripping memoir of a Soviet sniper who  
 fought against the Nazis during the siege  
 of Leningrad and throughout World War II.

Joseph Pilyushin, a top Red Army sniper in the ruthless fight against the Germans on the Eastern Front, was an exceptional soldier. His first-hand account of his wartime service gives a graphic insight into his lethal skill with a rifle and into the desperate fight put up by Soviet forces to defend Leningrad. Pilyushin, who lived in Leningrad with his family, was already 35 years-old when the war broke out and he was drafted. He started in the Red Army as a scout, but once he had demonstrated his marksmanship and steady nerve, he became a sniper. He served throughout the Leningrad siege, from the late 1941 when the Wehrmacht's advance was halted just short of the city to its liberation during the Soviet offensive of 1944. His descriptions of grueling front-line life, of his fellow soldiers, and of his sniping missions are balanced by his vivid recollections of the protracted suffering of Leningrad's imprisoned population and of the grief that was visited upon him and his family. His narrative will be fascinating reading for anyone eager to learn about the role and technique of the sniper during the Second World War. It is also a memorable eyewitness account of one man's experience on the Eastern Front.

How international relations theory can be applied to a zombie invasion What would happen to international politics if the dead rose from the grave and started to eat the living? Daniel Drezner's groundbreaking book answers the question that other international relations scholars have been too scared to ask. Addressing timely issues with analytical bite, Drezner looks at how well-known theories from international relations might be applied to a war with zombies. Exploring the plots of popular zombie films, songs, and books, *Theories of International Politics and Zombies* predicts realistic scenarios for the political stage in the face of a zombie threat and considers how valid—or how rotten—such scenarios might be. With worldwide calamity feeling ever closer, this new apocalyptic edition includes updates throughout as well as a new chapter on postcolonial perspectives.

In the narrative of D-Day the Canadians figure chiefly—if at all—as an ineffective force bungling their part in the early phase of Operation Overlord. The reality is quite another story. As both the Allies and the Germans knew, only Germany's Panzers could crush Overlord in its tracks. The Canadians' job was to stop the Panzers—which, as this book finally makes clear, is precisely what they did. Rescuing from obscurity one of the least understood and most important chapters in the history of D-Day, *Stopping the Panzers* is the first full account of how the Allies planned for and met the Panzer threat to Operation Overlord. As such, this book marks nothing less than a paradigm shift in our understanding of the Normandy campaign. Beginning with the Allied planning for Operation Overlord in 1943, historian Marc Milner tracks changing and expanding assessments of the Panzer threat, and the preparations of the men and units tasked with handling that threat. Featured in this was the 3rd Canadian Division, which, treated so dismissively by history, was actually the most powerful Allied formation to land on D-Day, with a full armored brigade and nearly 300 artillery and antitank guns under command. Milner describes how, over four days of intense and often brutal battle, the Canadians fought to a literal standstill the 1st SS Panzer Corps—which included the Wehrmacht's 21st Panzer Division; its vaunted elite Panzer Lehr Division; and the rabidly zealous 12th SS Hitler Youth Panzer Division, whose murder of 157 Canadian POWs accounted for nearly a quarter of Canadian fatalities during the fighting. *Stopping the Panzers* sets this murderous battle within the wider context of the Overlord assault, offering a perspective that challenges the conventional wisdom about Allied and German combat efficiency, and leads to one of the freshest assessments of the D-Day landings and their pre-attack planning in more than a decade.

A 2015 Whitney Award Nominee! A powerful story of loss, second chances, and first love, reminiscent of Sarah Dessen and John Green. When Oakley Nelson loses her older brother, Lucas, to cancer, she thinks she'll never recover. Between her parents' arguing and the battle she's fighting with depression, she feels nothing inside but a hollow emptiness. When Mom

suggests they spend a few months in California with Aunt Jo, Oakley isn't sure a change of scenery will alter anything, but she's willing to give it a try. In California, Oakley discovers a sort of safety and freedom in Aunt Jo's beach house. Once they're settled, Mom hands her a notebook full of letters addressed to her—from Lucas. As Oakley reads one each day, she realizes how much he loved her, and each letter challenges her to be better and to continue to enjoy her life. He wants her to move on. If only it were that easy. But then a surfer named Carson comes into her life, and Oakley is blindsided. He makes her feel again. As she lets him in, she is surprised by how much she cares for him, and that's when things get complicated. How can she fall in love and be happy when Lucas never got the chance to do those very same things? With her brother's dying words as guidance, Oakley knows she must learn to listen and trust again. But will she have to leave the past behind to find happiness in the future? Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

CMJ New Music Report Broadway Books

*Militant Islam* provides a sociological framework for understanding the rise and character of recent Islamic militancy. It takes a systematic approach to the phenomenon and includes analysis of cases from around the world, comparisons with militancy in other religions, and their causes and consequences. The sociological concepts and theories examined in the book include those associated with social closure, social movements, nationalism, risk, fear and 'de-civilising'. These are applied within three main themes; characteristics of militant Islam, multi-layered causes and the consequences of militancy, in particular Western reactions within the 'war on terror'. Interrelationships between religious and secular behaviour, 'terrorism' and 'counter-terrorism', popular support and opposition are explored. Through the examination of examples from across

Muslim societies and communities, the analysis challenges the popular tendency to concentrate upon 'al-Qa'ida' and the Middle East. This book will be of interest to students of Sociology, Political Science and International Relations, in particular those taking courses on Islam, religion, terrorism, political violence and related regional studies.

For every athlete or sports fanatic who knows she's just as good as the guys. This is for fans of *The Running Dream* by Wendelin Van Draanen, *Grace, Gold, and Glory* by Gabrielle Douglass and *Breakaway: Beyond the Goal* by Alex Morgan. The summer before Caleb and Tessa enter high school, friendship has blossomed into a relationship . . . and their playful sports days are coming to an end. Caleb is getting ready to try out for the football team, and Tessa is training for cross-country. But all their structured plans derail in the final flag game when they lose. Tessa doesn't want to end her career as a loser. She really enjoys playing, and if she's being honest, she likes it even more than running cross-country. So what if she decided to play football instead? What would happen between her and Caleb? Or between her two best friends, who are counting on her to try out for cross-country with them? And will her parents be upset that she's decided to take her hobby to the next level? This summer Caleb and Tessa figure out just what it means to be a boyfriend, girlfriend, teammate, best friend, and someone worth cheering for. "A great next choice for readers who have enjoyed Catherine Gilbert Murdock's *Dairy Queen* and Miranda Kenneally's *Catching Jordan*."—SLJ "Fast-paced football action, realistic family drama, and sweet romance...[will have] readers looking for girl-powered sports stories...find[ing] plenty to like."—Booklist "Tessa's ferocious competitiveness is appealing."—Kirkus Reviews "[The Football Girl] serve[s] to illuminate the appropriately complicated emotions both of a young romance and of pursuing a dream. Heldring writes with insight and restraint."—The Horn Book

In Robert A. Heinlein's controversial Hugo Award-winning bestseller, a recruit of the future goes through the toughest boot camp in the Universe—and into battle against mankind's most alarming enemy... Johnnie Rico never really intended to join up—and definitely not the infantry. But

now that he's in the thick of it, trying to get through combat training harder than anything he could have imagined, he knows everyone in his unit is one bad move away from buying the farm in the interstellar war the Terran Federation is waging against the Arachnids. Because everyone in the Mobile Infantry fights. And if the training doesn't kill you, the Bugs are more than ready to finish the job... "A classic...If you want a great military adventure, this one is for you."—All SciFi *The Billboard* Oxford University Press An account of the decade-long conflict between humankind and hordes of the predatory undead is told from the perspective of dozens of survivors who describe in their own words the epic human battle for survival, in a novel that is the basis for the June 2013 film starring Brad Pitt. Reissue. Movie Tie-In.

**Theories of International Politics and Zombies** Cambridge University Press

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

**Stopping the Panzers** Macmillan

WWII began with a metallic roar as the German Blitzkrieg raced across Europe, spearheaded by the most dreaded weapon of the 20th century: the Panzer. No German tank better represents that thundering power than the infamous Tiger, and Otto Carius was one of the most successful commanders to ever take a Tiger into battle, destroying well over 150 enemy tanks during his incredible career.

*Love, Lucas* Princeton University Press

"What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands." Billy Bragg from the bookjacket.

*Cue* Routledge

From New York Times bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the Periodic Table. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters? The Periodic Table is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. The Disappearing Spoon masterfully fuses science with the classic lore of invention, investigation, and discovery -- from the Big Bang through the end of time. Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.
