### **The Schubert Reader** Alfred Music

An expository guide to Judges which will excite ordinary Christians in their faith and equip teachers and preachers in their work. Timothy Keller's Judges For You walks you through the book of Judges, showing how the flawless God is at work in the most flawed situations and the most failing people. Combining a close attention to the detail of the text with Timothy Keller's trademark gift for clear explanation and compelling insights, this resource will both engage your mind and stir your heart. "Judges has only one hero-God. And as we read this as an account of how he works in history, it comes alive. This book is not an easy read. But living in the times we do, it is an essential one." - Timothy Keller Judges for You is a uniquely flexible resource. It can simply be read as a book; used as a daily devotional, complete with reflection questions; or utilised by anyone who has a teaching ministry, to help small-group leaders understand and apply the text, and to give preachers helpful ways of connecting timeless Bible truths to today's world. Judges for You is designed to work alongside The flawed and the flawless, Timothy Keller's Bible study resource for small groups and individuals.

### The Music of the Moravian Church in America Music Sales

The Moravians, or Bohemian Brethren, early Protestants who settled in Pennsylvania and North Carolina in the eighteenth century, brought a musical repertoire that included hymns, sacred vocal works accompanied by chamber orchestra, and instrumental music by the best-known European composers of the day. Moravian composers -- mostly pastors and teachers trained in the styles and genres of the Haydn-Mozart era -- crafted thousands of compositions for worship, and copied and collected thousands of instrumental works for recreation and instruction. The book's chapters examine sacred and secular works, both for instruments -- including piano solo -- and for voices. The Music of the Moravian Church demonstrates the varied roles that music played in one of America's most distinctive ethno-cultural populations, and presents many distinctive pieces that performers and audiences continue to find rewarding. Contributors: Alice M. Caldwell, C. Daniel Crews, Lou Carol Fix, Pauline M. Fox, Albert H. Frank, Nola Reed Knouse, Laurence Libin, Paul M. Peucker, and Jewel A. Smith. Nola Reed Knouse, director of the Moravian Music Foundation since 1994, is active as a flautist, composer, and arranger. She is the editor of The Collected Wind Music of David Moritz Michael.

### *Consuming Music* Alfred Music

Theory of Literature was born from the collaboration of Ren Wellek, a Vienna-born student of Prague School linguistics, and Austin Warren, an independently minded "old New Critic." Unlike many other textbooks of its era, however, this classic kowtows to no dogma and toes no party line. Wellek and Warren looked at literature as both a social product--influenced by politics, economics, etc.--as well as a self-contained system of formal structures. Incorporating examples from Aristotle to Coleridge, written in clear, uncondescending prose, Theory of Literature is a work which, especially in its suspicion of simplistic explanations and its distrust of received wisdom, remains extremely relevant to the study of literature today.

### **Pennsylvania Spirituals** Cambridge University Press

Jazz, Rags & Blues, Book 1 contains original solos for late elementary to early intermediate-level pianists that reflect the various styles of the jazz idiom. An excellent way to introduce your students to this distinctive American contribution to 20th century music.

**ARS 45** Legare Street Press

A warm, gorgeous exploration of a little girl's experience immigrating to a new country and missing her home and her grandmother, who still lives far away. Sakura's dad gets a new job in America, so she and her parents make the move from their home in Japan. When she arrives in the States, most of all she misses her grandmother and the cherry blossom trees, under which she and her grandmother used to play and picnic. She wonders how she'll ever feel at home in this new place, with its unfamiliar language and landscape. One day, she meets her neighbor, a boy named Luke, and begins to feel a little more settled. When her grandmother becomes ill, though, her family takes a trip back to Japan. Sakura is sad when she returns to the States and once again reflects on all she misses. Luke does his best to cheer her up -- and tells her about a surprise he knows she'll love, but she'll have to wait till spring. In the meantime, Sakura and Luke's friendship blooms and finally, when spring comes, Luke takes her to see the cherry blossom trees flowering right there in her new neighborhood. Sakura's Cherry Blossoms captures the beauty of the healing power of friendship through Weston's Japanese poetry-inspired text and Saburi's breathtaking illustrations.

*The Orchestral Revolution* Serpent's Tail

Shakespeare's poems, aside from the enduring appeal of the Sonnets, are much less familiar today than his plays, despite being enormously popular in his lifetime. This Introduction celebrates the achievement of Shakespeare as a poet, providing students with ways of understanding and enjoying his remarkable poems. It honours the aesthetic and intellectual complexity of the poems without making them seem unapproachably complicated, outlining their exquisite pleasures and absorbing enigmas. Schoenfeldt suggests that today's readers are better able to analyze aspects of the poems that were formerly ignored or the source of scandal - the articulation of a fervent same-sex love, for example, or the incipient racism inherent in a hierarchy of light and dark. By engaging closely with Shakespeare's major poems - 'Venus and Adonis', 'Lucrece', 'The Phoenix and the Turtle', the

Sonnets and 'A Lover's Complaint' - the Introduction demonstrates how much these extraordinary poems still have to say to us.

**Licksamples** Hal Leonard Corporation

In this second volume of nineteenth-century music analyses, Ian Bent provides a further selection of newly translated writings of nineteenth-century music critics and theorists, including composers such as Wagner, Schumann and Berlioz, and critics such as A. B. Marx and E. T. A. Hoffmann. Where Volume I, on Fugue, Form and Style, presented nineteen analyses of a technical nature, all the writing here involves a metaphorical style of verbalised description, some pure examples, and others hybrid forms mixed with technical analysis. The music analysed is amongst the best-known in the repertoire: Wagner writes on Beethoven's Ninth Symphony, E. T. A. Hoffmann on the Fifth, Schumann writes on Berlioz, and Berlioz on Meyerbeer. Professor Bent presents each analysis with its own detailed introduction and each is amplified by supporting information in footnotes.

**Haydn's Sunrise, Beethoven's Shadow** University Rochester Press

*The Eva Cassidy Songbook : for guitar* University of Chicago Press

Zurn's mental collapse was initiated when she encountered in the real world her childhood fantasy figure "the man of jasmine": he was the writer Henri Michaux, and her meeting him plunged her into a world of hallucination in which visions of her desires, anxieties and events from her unresolved past overwhelmed her present life. Her return to "reality" was constantly interrupted by alternate visionary and depressive periods.
