Rhinoceros or the
Beast's Biographer is
an alternative history
set during the 16th

century. The African
Kikuyo tribe train the
rhinoceros as a beast
of war and invade
'Yurop'. Ode, the son of
the Chief Elder, is
trained as a Griot, a
traditional 'Afrik'
storyteller. His role is
to witness and
celebrate the actions of
the rhino mounted
warriors led by his

father. As the teller of stories, Ode is attracted to the drama of war. But he begins to wonder if history is anything more than the transcription of murder? And does his celebration and re-telling of violent events encourage their bloody quest and even support the tacit suggestion that killing is a natural and inevitable human endeavour. Running counter to the violence is the love story between Ode, and Anna, a white Southern Yuropan. Anna, highly intelligent, and confrontational has spent her life trying to be heard in a culture that belittles intelligent women. Through their shared knowledge of the Latin tongue, and their profound loneliness, Ode and

Anna, become friends and lovers. The Beast's Biographer is a story of love, duty, fraternity and bloody conquest. *The Fantastical World of Magical Beasts*

Rya and Stefen, two souls haunted by the shadows of their past, returned to their hometown after fourteen years. They crossed paths with Harry, a soul with eyes that held the secrets of the universe, and Sam, a soul with mysterious and faithful qualities. With them, Rya and Stefen felt a strange soul connection, a bond made by destiny. However, they encountered Dani, a soul with mysterious and evil tendencies, and the tension crackled between them, filled with hate and rage. They

unraveled the mystery of their past; memories revealed their true identities as the most powerful and mightiest creatures in the universe. Their purpose was clear: to find the lost world, prevent Dani — whose shadow threatened the fate of the universe — and find the unknown spirit, whose presence was mysterious and yet dangerous to the universe. They uncovered a shocking truth that shattered their hope; beneath the villain's cloak, the truth was far more than they could have imagined. Bound by duty and destiny, they faced an impossible choice: a hero would forsake their beloved ones' lives to save the universe, while a villain would sacrifice everything to protect

his loved ones. In the heart of the Castle of Creatures, echoes of time whispered secrets of old; heroes and villains clashed in a battle that would determine the fate of existence itself. The true measure of courage and sacrifice was revealed: a hero may choose their duty, but a villain knows no bounds in the pursuit of power.

Beauty & the Beast: Fire at Sea Cavendish Square Publishing, LLC 1994 marked the centenary of the deaths of Walter Pater, Christina Rossetti and Robert Louis Stevenson, and *Beauty and the Beast* is largely devoted to an exploration of aspects of their lives and their writings, and the role they played in the development of British literature. Both individually and as a group, these writers offer interesting opportunities to investigate a distinctive ambivalence in the literature of the last three decades of the nineteenth century. Thus we may observe how Pater as the

founder of Aestheticism in British literature addressed the Victorian dilemma how to live in Marius the Epicurean; how Rossetti's poetry expresses both spiritual and erotic tendencies, while Stevenson's *The Strange Case of Dr Jekyll and Mr Hyde* is perhaps the epitome of the fin-de-siècle tension between good and evil, beauty and beast. Yet the scope of this book also includes an examination of the relationships between these three authors and their contemporaries, and of their setting, on the British Isles as well as on the Continent. Thus George Moore makes his appearance, next to Anton Chekhov, Arthur Schnitzler, Oscar Wilde, Alain Fournier

and Louis Couperus. The various discussions of these French, German, Russian, Italian, Irish and Dutch connections in this book reflect the international setting of the European fin-de-siècle as a background against which the theme of Beauty and the Beast is discussed. Contributors are: Wim Tigges, C.C. Barfoot, Jan Marsh, Valeria Tinkler-Villani, Amanda Gilroy, Peter van de Kamp, Billie Andrew Inman, Laurel Brake, Peter Costello, Ans Kabel, Douglas S. Mack, Tim Youngs, Neil Cornwell, Sjef Houppermans, Jacques B.H. Alblas, John Stokes, Susan de Sola Rodstein. Legendary Creatures and Monsters Brothers & Beasts

Today, far too many leading Christians water down the robust teachings of our Faith. Ignoring Christ's clear example and constant demand that we boldly confront evils, they preach an amicable, nonconfrontational, feel-good gospel. Instead of teaching the faithful to edify and enjoin the wayward, they urge them to pacify and submit . . . with catastrophic results personally, for the Church, and for society at large. Now comes Fr. Dwight Longenecker with this potent book that shows how, by engaging in the lost art of spiritual warfare, good Christians can cure this trend and repair the extensive damage it

has caused. Here, without fear or favor, Longenecker maps out the myriad places where evil lurks in our world, shines a light on its many faces, and details the countless clever tricks it uses to hide. He delineates ten sturdy principles that must motivate all Christian warriors who hope to expunge evil and stop it from ret
