Risk is not a one-dimensional problem cured by a single dose of diversification. It's a multidimensional problem, and diversification's passive risk reduction is only just the start. At least since Markowitz developed Modern Portfolio Theory 65 years ago, risk has generally been measured as the standard deviation from average return. However, Behavioral Economics (and even the dictionary) say risk is really about the loss of value, which is quite different from volatility. Risk has at least seven unique faces, including (1) Single-Stock Risk, (2) Market Volatility, (3) Bear Market Crash, (4) Momentum Loss, (5) Backtesting

Deception, (6) Strategy Hired/Fired Late, and (7) Retirement Savings Will Not Be Enough. The elephant in the room for the majority of people facing retirement is a serious retirement savings shortfall - which makes their most serious risk about earning sufficient returns. Fortunately, a Royal Society Fellow, a National Medal of Science winner, and a trio of Nobel Laureates have laid the foundation for active risk reduction and forever changed the game. This book intends to shake the very foundation of the sleepy momentum mono-culture that seems happily mired in decades-old, simplistic, risk models that not only fail to treat momentum as the multi-faceted problem it is, but also fail to consider fundamental signal processing methods (older than Modern Portfolio Theory) that reduce the "random walk" part of the signal and improve the probability of making a

better investment choice. The good news is two-fold: (1) the book's principles and methods are described in a manner most ordinary investors will easily grasp, and (2) while it is truly complicated under the hood (like my car), software tools make it easy to drive. So, buckle up, turn the page, and let's go for a ride!

The concept of learning to 'think like a lawyer' is one of the cornerstones of legal education in the United States and beyond. In this book, Jeffrey Lipshaw provides a critique of the traditional views of 'thinking like a lawyer' or 'pure lawyering' aimed at lawyers, law professors, and students who want to understand lawyering beyond the traditional warrior metaphor. Drawing on his extensive experience at the intersection of real world law and business issues, Professor Lipshaw presents a sophisticated philosophical argument that the "pure lawyering" of traditional legal education is agnostic to either truth or moral value of outcomes. He demonstrates pure lawyering's potential both for illusions of certainty and cynical instrumentalism, and the consequences of both when lawyers are called on as dealmakers, policymakers, and counsellors. This book offers an avenue for getting beyond (or unlearning) merely how to think like a lawyer. It combines legal theory, philosophy of knowledge, and doctrine with an appreciation of real-life judgment calls that multi-disciplinary lawyers are called upon to make. The book will be of great interest to scholars of legal education, legal language and reasoning as well as professors who teach both doctrine and thinking and writing skills in the first year law school curriculum; and for anyone who is interested in seeking a perspective on

'thinking like a lawyer' beyond the litigation arena.

"I fell in love with you the moment I saw you lying on the bed like Cleopatra that night on my father's birthday." Yana worked for a top cosmetic company. Everything in her life was fine, except for one thing: her boss who was very grumpy. Nasita na siya nito sapagkat palagi siyang late. Ngunit hindi lamang ito repressed sapagkat hindi nito mailabas ang tunay na katauhan nito. She doubted his masculinity. Pero sa isang conference sa Subic na isinama siya nito, at kapwa sila lango sa alcohol, ay may nangyari sa kanila. The next day, she didn't know what to do... so she just decided to leave him while he was still asleep and pretended that nothing happened. Pero hindi naniwala ito sa kanya. Ang ginawa niya ay iniwasan na nita ito. Napansin niyang lumayo na rin ito sa kanya. Ngunit bakit siya nasasaktan kapag binabale-wala na siya nito, na parang walang nangyari sa kanila? Hindi ba't iyon ang gusto niya? Naiinis na nga siya sa kanyang sarili. Mas magulo pa siya sa eleksiyon sa Pilipinas!

"There are only a few people in the world who need not go out of their way to find their perfect match. You are one of those lucky people, Lui. Would you just let him get away? Seize your happiness while you still have the chance." Luisa had always believed that a kiss could determine her future. Sabi niya noon sa sarili, kapag naramdaman niya sa pamamagitan ng isang halik

ang lahat ng nabasa niya sa mga romance novel, sisiguruhin niyang ang lalaking iyon ang makakasama niya habang-buhay. Ngunit paano ngayong ang halik na naging sanhi upang maramdaman ni Luisa ang lahat ng iyon ay mula sa pinakamatalik niyang kaibigan? Paano, lalo pa kung ito ay ikakasal na?

A lot of books on driving are written by professional racers who assume you too want to be a professional racer. Not this book. It's written by a hobbyist who suggests you keep your day job. Besides, it's much more fun being an enthusiastic amateur than a jaded professional (just ask someone in the sex industry). This book is designed to help the average driver make the transition from commuter to safe road racer in as few pages as possible. I wrote this book because it's what I would have wanted to read when I first became interested in track driving: succinct, nerdy, practical, and occasionally diverting. It is not intended as a definitive tome or a work of art. It's more like a sandwich: convenient and nourishing.

"Do you want me to flirt with you? `Cause I will. Just give the signal and I swear I will." Alex was a doctor, she topped the board exams and had a nice practice in her family's own hospital. Ngunit siva ay insecure. She simply thought she was not that pretty. But she had learned to deal with that. Okay naman talaga ang lagay niya. Hanggang sa makilala niya si Gabriel, ang

brother-in-law ng pinsan niya. Hindi pa man sila nagkikita ay inis na siya sa binata sapagkat inindiyan nito ang rehearsals ng kasal ng pinsan niya gayong ito ang best man. And when they finally saw each other, she thought he was a complete jerk. He kept teasing her, flirting with her—while his girlfriend was around! But then Alex couldn't resist his charms, and she found herself falling for him... Ang malaking problema: praning ang girlfriend nito. The woman was just so obsessed with Gabriel she would do everything to make her life a living hell. And worse, the woman made Gabriel believe she was a lunatic

Malaki ang paniniwala ni Maya na hindi nararapat na ipakita sa kanyang nobyong si Josh ang tunay niyang nadarama—na patay na patay siya sa binata. She had discovered in a past relationship that men tend to take advantage of women when they learn that they are head over heels in love with them. She was headstrong, always on top of their relationship. And when Josh proposed, she got scared that she might lose her power in their relationship. Nagdamdam si Josh sa kanya at kung kailan nabatid ni Maya na mas mahalaga ito kaysa sa pride niya ay saka naman pumasok sa eksena ang isang babae...

"I never intended to fall for you. I promised that I wouldn't. But here I am..." Pagkatapos ng hindi natuloy na pakikipag-isang-dibdib sa dating kasintahan ay tila nagkaroon na si Whitney ng sariling mundo. She wanted to revive her old self, but she found it hard to do so, especially when everyone was always on her butt, trying to comfort her. She did not need comfort; what she needed was a savior, someone to help her make people forget that she got dumped by her fiancé. Noon naman niya nakilala si Attorney Benjamin Lara. Naghahanap ito ng isang asawa upang makuha ang mana nito. Hihiwalayan daw ng lalaki ang mapapangasawa makalipas ang anim na buwan. Whitney saw him as her savior. She accepted his offer. Mayroon nga lamang itong mahigpit na bilin: "Do not fall in love with me, Whitney." Sana ay masunod niya iyon at mapaglabanan ang atraksiyong hatid sa kanya ni Benjamin.

One L, Scott Turow's journal of his first year at law school and a best-seller when it was first published in 1977, has gone on to become a virtual bible for prospective law students. Not only does it introduce with remarkable clarity the ideas and issues that are the stuff of legal education; it brings alive the anxiety and competitiveness--with others and, even more, with oneself--that set the tone in this crucible of character building. Each September, a new crop of students enter Harvard Law School to begin an intense, often grueling, sometimes harrowing year of introduction to the law. Turow's group of One Ls are fresh, bright, ambitious, and more than a little daunting. Even more impressive are the faculty. Will the One Ls survive? Will they excel? Will they make the Law Review, the outward and visible sign of success in this ultra-conservative microcosm? With remarkable insight into

both his fellows and himself, Turow leads us through the ups and downs, the small triumphs and tragedies of the year, in an absorbing and thought-provoking narrative that teaches the reader not only about law school and the law but about the human beings who make them what they are. In the new afterword for this edition of One L, the author looks back on law school from the perspective of ten years' work as a lawyer and offers some suggestions for reforming legal education.
