TRAVIS BRAIDEN

Foster Corwin Press
Instead of shutting
down any mention of
taboo topics, Mary-
Frances Winters shows
how to structure
intentional
conversations about
them, so people can
safely confront biases

and stereotypes and
create stronger, more
inclusive organizations.
Politics, religion, race -
we can't talk about
topics like these at
work, right? But in fact,
these conversations
are happening all the
time, either in real life
or virtually via social
media. And if they
aren't handled
effectively, they can
become more

polarizing and divisive, impacting productivity, engagement, retention, teamwork, and even employees' sense of safety in the workplace. But you can turn that around and address difficult topics in a way that brings people together instead of driving them apart. As a thought leader in the field of diversity and inclusion, Mary-Frances Winters has been helping clients create inclusive environments for over three decades. In this concise and powerful book, she shows you how to lay the groundwork for having bold, inclusive conversations. Even with the best of intentions, you can't just start talking about taboo topics - that's wandering into a minefield. Winters

offers exercises and tools to help you become aware of how your cultural background has shaped your perceptions and habits and to increase your understanding of how people from other cultures may differ from you, particularly when it comes to communicating and handling conflict. Once you're ready (you can take the self-assessment included in the book to make sure), Winters gives detailed instructions on exactly how to structure these conversations. She emphasizes that this is a process, not a destination—you may not be able to resolve major issues nicely and neatly in just one conversation. And while the process is

important, so is intent. She urges readers to “come from your heart, learn from your mistakes, and continue to contribute to making this a more inclusive world for all.”

Advanced Solution Tree

Build teams, make better decisions, energize groups, and think out of the box Do you need a resource that you can pull out of your pocket to liven up meetings, trainings, professional development, and teaching? The fifty easily applied techniques in this timely manual spur creativity, stimulate energy, keep groups focused, and increase participation. Whether you're teaching classes, facilitating employee training,

leading organizational or community meetings, furthering staff and professional development, guiding town halls, or working with congregations, The Discussion Book is your go-to guide for improving any group process. Each of the concrete techniques and exercises is clearly described with guidance on selection and implementation, as well as advice on which pitfalls to avoid. All of the techniques: Offer new ways to engage people and energize groups Get employees, students, colleagues, constituents, and community members to participate more fully in deliberative decision-making Encourage creativity and openness to new perspectives Increase

collaboration and build cohesive teams Keep groups focused on important topics and hard-to-address issues Derived from the authors' decades of experience using these exercises with schools, colleges, corporations, the military, social movements, health care organizations, prisons, unions, non-profits, and elsewhere, The Discussion Book will help you guide discussions that matter.

Penguin

"What is impressive is not only how Winters builds a case for the urgency and need for bold, inclusive conversations but that she also gives specific strategies and competencies to turn her theory into practice. -Dr. Sheila

Robinson, publisher and CEO, Diversity Woman Media Effective dialogue across different dimensions of diversity, such as race, gender, age, religion, or sexual orientation, fosters a sense of belonging and inclusion, which in turn leads to greater productivity, performance, and innovation. Whether in the workplace, faith communities, or educational settings, our differences can tear us apart rather than bring us together if we do not know how to communicate. Recognizing our collective responsibility to earnestly address our differences and increase understanding and empathy will not only enhance organizational goals but will also lead to a

healthier, kinder, and more compassionate world. Award-winning diversity, equity, and inclusion consultant Mary-Frances Winters has been leading workshops on what she calls Bold, Inclusive Conversations for years. In this book she offers specific dialogue strategies to foster greater understanding on the following topics: Recognizing the importance of creating equity and sharing power Dealing with the "fragility" of dominant groups--their discomfort in engaging with historically subordinated groups Addressing the exhaustion historically marginalized groups feel from constantly explaining their different lived experience Exploring how to build trust and

create psychologically safe spaces for dialogue This guide is comprehensive for anyone who wants to break down the barriers that separate us and facilitate discussions on potentially polarizing topics.

The Discussion Book

John Wiley & Sons
The New York Times and Washington Post bestseller that changed the way millions communicate "[Crucial Conversations] draws our attention to those defining moments that literally shape our lives, our relationships, and our world. . . . This book deserves to take its place as one of the key thought leadership contributions of our time." —from the Foreword by Stephen R. Covey, author of The 7 Habits of Highly

Effective People “The quality of your life comes out of the quality of your dialogues and conversations. Here’s how to instantly uplift your crucial conversations.” —Mark Victor Hansen, cocreator of the #1 New York Times bestselling series Chicken Soup for the Soul® The first edition of Crucial Conversations exploded onto the scene and revolutionized the way millions of people communicate when stakes are high. This new edition gives you the tools to: Prepare for high-stakes situations Transform anger and hurt feelings into powerful dialogue Make it safe to talk about almost anything Be persuasive, not

abrasive

The Best Class You Never Taught

Teachers College Press Keep your cool and get the results you want when faced with crucial conversations. This New York Times bestseller and business classic has been fully updated for a world where skilled communication is more important than ever. The book that revolutionized business communications has been updated for today’s workplace. Crucial Conversations provides powerful skills to ensure every conversation—especially difficult ones—leads to the results you want. Written in an engaging and witty style, the book teaches readers how to be persuasive rather than abrasive, how to get

back to productive dialogue when others blow up or clam up, and it offers powerful skills for mastering high-stakes conversations, regardless of the topic or person. This new edition addresses issues that have arisen in recent years. You'll learn how to: Respond when someone initiates a crucial conversation with you Identify and address the lag time between identifying a problem and discussing it Communicate more effectively across digital mediums When stakes are high, opinions vary, and emotions run strong, you have three choices: Avoid a crucial conversation and suffer the consequences; handle the conversation poorly

and suffer the consequences; or apply the lessons and strategies of Crucial Conversations and improve relationships and results. Whether they take place at work or at home, with your coworkers or your spouse, crucial conversations have a profound impact on your career, your happiness, and your future. With the skills you learn in this book, you'll never have to worry about the outcome of a crucial conversation again.

The World Café

Oxford University Press
This book is written for all university and college teachers interested in experimenting with discussion methods in their classrooms. Discussion as a Way of Teaching is a book full

of ideas, techniques, and usable suggestions on: * How to prepare students and teachers to participate in discussion * How to get discussions started * How to keep discussions going * How to ensure that teachers' and students' voices are kept in some sort of balance It considers the influence of factors of race, class and gender on discussion groups and argues that teachers need to intervene to prevent patterns of inequity present in the wider society automatically reproducing themselves inside the discussion-based classroom. It also grounds the evaluation of discussions in the multiple subjectivities of students' perceptions. An

invaluable and helpful resource for university and college teachers who use, or are thinking of using, discussion approaches. The Lincoln Highway Berrett-Koehler Publishers Take a deep dive into the five practices for facilitating productive mathematical discussions Enhance your fluency in the five practices—anticipating, monitoring, selecting, sequencing, and connecting—to bring powerful discussions of mathematical concepts to life in your elementary classroom. This book unpacks the five practices for deeper understanding and empowers you to use each practice effectively. • Video excerpts vividly illustrate the five practices in action in

real elementary classrooms • Key questions help you set learning goals, identify high-level tasks, and jumpstart discussion • Prompts guide you to be prepared for and overcome common challenges Includes planning templates, sample lesson plans and completed monitoring tools, and mathematical tasks.

#1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, a New York Times Readers' Choice Best Book of the Century, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year "Wise and wildly entertaining . . . permeated with light, wit, youth." —The New York Times Book Review "A classic that we will read for years to come." —Jenna Bush Hager, Read with Jenna book club "Fantastic. Set in 1954, Towles uses the story of two brothers to show that

our personal journeys are never as linear or predictable as we might hope.” —Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is

to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. “Once

again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." - Bill Gates

 Radical Candor is the sweet spot between managers who are obnoxiously aggressive on the one side and ruinously empathetic on the other. It is about providing guidance, which involves a mix of praise as well as criticism, delivered to produce better results and help employees develop their skills and boundaries of success. Great bosses have a strong relationship with their employees, and Kim Scott Malone has identified three simple principles for building better relationships with your employees: make it personal, get stuff done, and understand why it matters. Radical Candor offers a guide to those bewildered or exhausted by management, written

for bosses and those who manage bosses. Drawing on years of first-hand experience, and distilled clearly to give actionable lessons to the reader, *Radical Candor* shows how to be successful while retaining your integrity and humanity. *Radical Candor* is the perfect handbook for those who are looking to find meaning in their job and create an environment where people both love their work, their colleagues and are motivated to strive to ever greater success.

Taylor & Francis
Work with students at all levels to help them read novels *Whole Novels* is a practical, field-tested guide to implementing a student-centered

literature program that promotes critical thinking and literary understanding through the study of novels with middle school students. Rather than using novels simply to teach basic literacy skills and comprehension strategies, *Whole Novels* approaches literature as art. The book is fully aligned with the Common Core ELA Standards and offers tips for implementing whole novels in various contexts, including suggestions for teachers interested in trying out small steps in their classrooms first. Includes a powerful method for teaching literature, writing, and critical thinking to middle school students Shows how to use the *Whole*

Novels approach in conjunction with other programs Includes video clips of the author using the techniques in her own classroom This resource will help teachers work with students of varying abilities in reading whole novels.

Inclusive Conversations

Penguin

Do your students often struggle with difficult novels and other challenging texts? Do you feel that you are doing more work teaching the novel than they are reading it? Building on twenty years of teaching language arts, Kelly Gallagher shows how students can be taught to successfully read a broad range of challenging and difficult texts with deeper levels of

comprehension. In *Deeper Reading: Comprehending Challenging Texts*, 4-12, he shares effective, classroom-tested strategies that enable your students to: Accept the challenge of reading difficult books and move beyond a "first draft" understanding. Consciously monitor their comprehension as they read and employ effective "fix-it" strategies when comprehension starts to falter Use meaningful collaboration and metaphorical thinking to achieve deeper understanding of texts Reflect on the relevance the book holds for themselves and their peers by using critical thinking skills to analyze real-world issues Gallagher

also provides guidance on effective lesson planning that incorporates strategies for deeper reading. Funny, poignant, and packed with practical ideas that work in real classrooms, *Deeper Reading* is a valuable resource for any teacher whose students need new tools to uncover the riches found in complex texts.

"Pamela Koutrakos breaks it down for the novice and streamlines word study for the old pro." – Jeff Anderson, author of *Patterns of Power*
Take word learning to the next level in your classroom
Hungry for lively and engaging ways to augment word study?
Looking for ways to

empower your students and give voice to their ideas? In *Word Study That Sticks*, teacher and literacy consultant Pamela Koutrakos provides a step-by-step approach that makes word learning jubilant and fun – and encourages students to take ownership of word learning. This hands-on guide connects research with experience to deliver challenging, discovery-based instructional practices that can support all learners in any subject area. You'll learn how to Set up the physical classroom, prioritize materials, and launch activities
Instill curiosity and a self-starting attitude toward vocabulary development
Devise routines that highlight phonemic awareness,

phonics, meaning, and spelling Differentiate and personalize word study activities Embed word study into all content areas for transfer of learning Word Study That Sticks can be used alone or in conjunction with another program to help you take word learning to the next level. Lesson ideas, word study routines, charts, photos, key practices, and special advice for beginning teachers make word study instruction accessible for educators working at every experience level.

Literature Circles

Routledge

The Maternal in Creative Work examines the interrelation between art, creativity and maternal experience, inviting international

artists, theorists and cultural workers to discuss their approaches to the central feminist question of the relation between maternity, generation and creativity. This edited collection explores various modes and forms of art practice which look at mothers as subjects and as artists of the maternal experience, and how the creative practice is used to accept, negotiate, resist or challenge traditional conceptions of mothering. The book brings together some of the major projects of maternal art from the last two decades and opens up new ways of conceptualizing motherhood as a creative and communicative practice. Chapters

include intergenerational discussion of art practices in the 20th and 21st centuries, representations of breastfeeding and infertility in creative projects, the notion of the 'unfit mother' and childlessness, together with the experiences of women and men that take on maternal identities through many forms of kinship and social mothering. *The Maternal in Creative Work* will be essential reading for interdisciplinary students and scholars in cultural studies, gender studies and art theory and will have wider appeal to audiences interested in maternity, childcare, creativity and psychoanalysis.

Creating Engaging Discussions McGraw

Hill Professional New Yorks Finger Lakes is home to the countrys fastest-growing wine region, and each year millions of tourists spill into the tasting rooms of its wineries. Filled with fun and likable characters, *Summer in a Glass* brings this burgeoning area to life and captures its exciting diversity--from its immigrant German winemakers to its young, technically trained connoisseurs, from classic Rieslings to up-and-coming Cabernet Francs.

Crucial Conversations: Tools for Talking When Stakes are High, Third Edition Middleway Press

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a

witty, practical guide to 200 difficult professional conversations—featuring all-new advice!

There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say.

Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when

- coworkers push their work on you—then take credit for it
- you accidentally trash-talk someone in an email then hit "reply all"
- you're being micromanaged—or not

- being managed at all
- you catch a colleague in a lie
- your boss seems unhappy with your work
- your cubemate's loud speakerphone is making you homicidal
- you got drunk at the holiday party

Praise for *Ask a Manager* "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied

to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm

way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Thanks for the Feedback McGraw Hill Professional

This book provides a long-overdue account of online technology and its impact on the work and lifestyles of professional employees. It moves between the offices and homes of workers in the new "knowledge" economy to provide intimate insight into the personal, family, and wider social tensions emerging in today's rapidly changing work environment. Drawing on her extensive research, Gregg shows that new media technologies encourage and

exacerbate an older tendency among salaried professionals to put work at the heart of daily concerns, often at the expense of other sources of intimacy and fulfillment. New media technologies from mobile phones to laptops and tablet computers, have been marketed as devices that give us the freedom to work where we want, when we want, but little attention has been paid to the consequences of this shift, which has seen work move out of the office and into cafés, trains, living rooms, dining rooms, and bedrooms. This professional "presence bleed" leads to work concerns impinging on the personal lives of employees in new and

unforseen ways. This groundbreaking book explores how aspiring and established professionals each try to cope with the unprecedented intimacy of technologically-mediated work, and how its seductions seem poised to triumph over the few remaining relationships that may stand in its way.

Difficult Conversations
ASCD

What do we know about literature circles now that we didn't understand eight or ten years ago? What new resources and procedures can help teachers organize their classroom book clubs better? What are the most common pitfalls in implementing student-led discussion groups? And getting

beyond the basics, what do mature or advanced literature circles look like? In this thoroughly revised and expanded guide, you will find new strategies, structures, tools, and stories that show you how to launch and manage literature circles effectively. Advanced variations are explored and include alternatives to role sheets and flexible new guidelines for their use. The second edition includes: four different models for preparing students for literature circles using response logs, sticky notes, and newly designed role sheets; dozens of variations on the basic version of student-led bookclubs; new models and procedures for primary, intermediate, and high school

grades; new materials for assessing and grading literature circles; an inventory of common management problems and solutions; new scheduling patterns for group meetings and reading time; ideas for using literature circles with nonfiction texts across the curriculum; research on literature circles, including correlation with increased achievement on standardized tests; an explanation of how literature circles match with the national standards for literacy education. With detailed examples provided by twenty practicing teachers, Harvey Daniels offers practical and concrete suggestions for each aspect of book club management and

proven solutions for problems that arise. [Whole Novels for the Whole Class](#) Teachers College Press
When educators actively support student-led classroom discussions, students develop essential critical-thinking, problem-solving, and

self-directed learning skills. This book details a framework for implementing student-led classroom discussions that improve student learning, motivation, and engagement across all levels and subject areas.
