for Young Readers

With humor and intelligence, and with the help of hundreds of confidential interviews, Weinstock has discovered the startling place that mothers hold in the heads and hearts of growing men. By offering his own memories and reflections as well as the personal disclosures of other sons, he not only explains the mindsets that drive boys from the nest and keep them insistently independent from their moms, but also illuminates the many ways in which mothers have deeply and continuously affected their sons' lives. What emerges in this profound book is a love letter to mothers, and a smart and surprising blueprint to the emotions of sons of all ages and backgrounds. Men vividly recall their maternally crafted childhoods and

reflect gratefully on the solid support and high expectations of these women who knew them even before they knew themselves. But sooner or later every growing boy gets the message that he is obligated to become a man, to leave the "secret garden" he shared with his mother and assert himself in a world that frowns on mama's boys. How sons seek to distinguish themselves, how they act on and shelve their deeper feelings, and how their mothers' contributions are incorporated into their developing lives are the revelations contained in *The Secret Love of Sons* - wisdom that both mothers and sons have gone without for far too long.

Loving the Secret Billionaire Harper Collins

Have you ever wondered what it takes to find the love of your life? Is it your dream to find a life partner who will love, cherish, and adore you? *The Soulmate Secret* will show you how to take control

of your romantic destiny by using the Law of Attraction. Translated into more than twenty languages, *The Soulmate Secret* has become an international phenomenon. Now with a new preface and a new chapter filled with book-inspired success stories, this book shows finding true love is possible for anyone at any age if you are willing to prepare yourself, on all levels, to become a magnet for love. Arielle Ford knows this from experience. She used the techniques in this book to bring her soulmate into her life at age forty-four. They were engaged three weeks later. This ancient formula reveals that our universe is set up to deliver the people and things into our lives that are consistent with our personal belief system. If you don't believe you will ever

find the One, then guess what? You probably won't. If, however, you learn to believe that the One is not only out there but is also looking for you, then true love can be yours. Using a series of processes called feelingizations—feeling in every cell of your being the outcome you want to create—Ford reveals how to manifest the man or woman of your dreams. The techniques, rituals, and projects found within these pages will allow you to prepare your home, body, mind, and spirit for the lover your heart truly desires.
