The Mystery of The Trinity, has confused and baffled Christendom for almost 2000 years as it shows "Three Gods In One " while the Scripture proclaims, "HEAR OH ISRAEL, THE LORD YOUR GOD IS ONE GOD" ? Over the centuries, JESUS as the "Son of God" has been reversed to "God, The Son "yet the Scripture says JESUS is the "only begotten, Son of God" and The "first born of creation". In this new book, I (Harry Walther) solve the Mystery of The Trinity as I clearly prove who JESUS is and solve The Mystery of The Trinity, that JESUS is the CLONE of GOD, the true SON OF GOD in every sense of The word "son"... brought into existence (begotten) by The FATHER HIMSELF. Get ready for The Theological Adventure of a lifetime as you learn exactly who JESUS is, the most unique being in the Universe, the true, SON OF GOD, CLONE OF GOD. As we look at our relationship with God, let us begin by considering the use or the overuse of the Bible. Since its beginning, people have put much importance on the book called the Bible. Many say it contains the mind and will of God. Others say the words in the Bible literally originate from God.

...those who claim such high esteem for the Bible my well be in danger of deifying it: that is-making it a god. The lofty status of the Bible has lead those who esteem it thus to follow codes and formulas which have lead them to a place akin to a castle keep replete with moat and battlements. But not a

single castle...many and thousands of them! Each of these flies a different flag and holds to a different code and formula. Each citadel believes they have arrived at the understanding of what it is to have the only acceptable arrangement with God; how to appease Him while enjoying an insider's view of His true nature. I'm not saying that the Bible, in and of itself is bad or can be blamed for our overuse of it as inspired Godly concepts and revelations are in there; however, what I would like us to consider at this time is the fact that Godly concepts and these revelations of God, can be found many other places as well. And I don't mean some abbreviated, shrunk down version of revelation-revelation. It can be found within experiences of meditation or in experiences with nature while contemplating God's creation which is all around us all the time. The more we get sucked into the Bible method, the more we tend to think of God as being critical of our actions as His main thing...and that He is constantly looking at us through eyes of scrutiny rather than eyes of love. We can only see our own personally-biased aspect of God; that is to say, we are paranoid about how God is regarding us: are we doing things correctly?! Subsequently, as we take on these aspirations to please (or appease) God by our behavior, we hold accountable those around us to do the same. Being caught in this Bible method in the end will render a highly inaccurate version of God and His nature. To focus only on this Bible-eyed view of God is to really focus more on a judgmental God who is ready to pounce...a God that has to do with our personal destinies. The real God is much more than this; He is creative and loving. Can we come to a broader perspective of these aspects of God using the Bible method? How often are these aspects of God's nature brought to the foreground in sermons or in church study groups (without referencing the sinful nature of man); let alone researched or made a matter of deep worship? How often is His creative nature referenced in the Bible other than the telling of the 7-day story of creation as presented in the first few pages? This just gives us the fact that God did create; what about His process of creating; that His creativity is relentless and all-pervasive; and the mind-blowing scope and diversity of His creation? These areas are rarely if ever broached by Christian study groups. The fact that this overwhelming and even outrageous aspect of His nature is overlooked or worse-swept under the rug speaks loudly that Christian traditions based upon the Bible method are in effect denying Him this awesome part of His nature. Is this not a breach of the First Commandment? I am the Lord thy God thou shalt not have strange gods before me! Though we proclaim His divinity as Christians, if our interpretation of His nature is incorrect, how does this inaccurate interpretation not render a strange god in our collective mind's eye? This is a strange god whom we have come to embrace and promote within our faith tradition. As this misrepresentation has lived on and flourished over the ages conventional Christian beliefs have perpetrated the lie and perpetuated this puny image of God. We begin to see the danger of being so mono-focused in the promotion of the Bible method and by lifting the Bible up to be, in essence, the 4th person of the Trinity!

The Christian life is built on three seemingly unremarkable practices: reading the Bible, prayer, and fellowship with other believers. However, according to David Mathis, such "habits of grace" are the God-designed channels through which his glorious grace flows—making them life-giving practices for

all Christians. Whether it's hearing God's voice (the Word), having his ear (prayer), or participating in his body (fellowship), such spiritual rhythms of the Christian life have the power to awaken our souls to God's glory and stir our hearts for lifelong service in his name. What's more, these seemingly simple practices grant us access to a host of spiritual blessings that we can only begin to imagine this side of eternity—and the incredible joy that such blessings bring to God's children today.

I Drink for a Reason Crossway

The star and creative force behind Mr. Show and Arrested Development pens his "first and final book, chronicling his meteoric rise and abysmal fall in the literary world." After a decade spent in isolation in the Ugandan jungles thinking about stuff, David Cross has written his first book. Known for roles on the small screen such as "never-nude" Tobias Funke on Arrested Development and the role of "David" in Mr. Show With Bob And David, as well as a hugely successful stand-up routine full of sharp-tongued rants and rages, Cross has carved out his place in American comedy. Whether deflating the pomposity of religious figures, calling out the pathetic symbiosis of pseudo-celebrity and its leaching fandom, or merely pushing the buttons of the way-too-easily offended P.C. left or the caustic, double-standard of the callous (but funnier) right, Cross has something to say about

everyone, including his own ridiculous self. Now, for the first time, Cross is weaving his media mockery, celebrity denunciation, religious commentary and sheer madness into book form, revealing the true story behind his almost existential distaste of Jim Belushi ("The Belush"), disclosing the up-to-now unpublished minutes to a meeting of Fox television network executives, and offering up a brutally grotesque run-in with Bill O'Reilly. And as if this wasn't enough for your laughing pleasure in these troubled times, some of the pieces splinter off with additional material being created online in exclusive video and animated web content created solely for the book—a historical first (presumably)! With a mix of personal essays, satirical fiction posing as truth, advice for rich people, information from America's least favorite Rabbi and a top-ten list of top-ten lists, I Drink for a Reason is as unique as the comedian himself, and cannot be missed.

Two nuclear wars. Three asteroids. Demonic madness that kills one third of the world's population. Into this, a savior will rise, cloned from Christ. It's not fiction. It's prophecy. The Messiah of the New Age. His coming is prophesied by more than a dozen major religions. Cloned from live cells of Jesus Christ found on the Shroud of Turin, Christopher Goodman was born into the most turbulent time in human history. Mentored by former UN Assistant Secretary-General Robert Milner, Christopher rises in position and power, and displays remarkable wisdom and compassion. But through disjointed bits of dreams that sometimes haunt him, Christopher reveals significant troubling errors in the biblical record of Jesus' life. Soon the reason for Robert Milner's interest in Christopher becomes clear: the

world is about to undergo a time of destruction and chaos darker than any in history, with impending nuclear war merely a faint precursor. Milner explains that without Christopher, humanity will not long survive. Under Christopher's leadership, however, mankind stands on the threshold of a final great evolutionary leap that will bestow on the human race god-like powers. This is the reason, Milner says, that Christopher was born. In Israel, an unexpected threat to Christopher's ascension is growing: two men, possessed of incredible supernatural powers, one claiming to be the 2000-year-old Apostle John, the other an apostate Hasidic rabbi named Saul Cohen. Together, the men lead an outlawed cult of 144,000 followers, each branded with the names Yahweh and Yeshua on their foreheads.-----James BeauSeigneur is a former intelligence analyst who has worked for the National Security Agency (NSA) and the Defense Intelligence Agency (DIA). FORETOLD IN THE BIBLE: Two nuclear wars. Three asteroids. Demonic madness. Into this, a savior will rise, cloned from Christ. It's not fiction. It's prophecy. It is the dawn of the New Age. After six millennia of stagnation, humanity stands on the brink of its final great evolutionary step. But it is a step that has come at tremendous cost. Half the world's population is dead. The Pacific Ocean is barren. The forests of North and South America are a charred wasteland. Central America has been reduced to rubble. The planet's survivors face a fundamental choice: follow Christopher Goodman, the Messiah of the New Age and clone of Jesus Christ, or cling to the very worldview and the God

who has wrought this destruction. Under Christopher's leadership the world begins to experience miraculous recovery, and soon the first signs of humankind's evolution emerge, just as Christopher promised. His fanatical opponents, however, charge that he is the Antichrist, and that his name, when written in Hebrew has the numeric value of 666. Reluctantly, Christopher determines to use their own superstitions against these fanatics. He reminds the world that the prophecies of Revelation were written by the Apostle John, and it was John, who after using his dark powers to survive for 2000 years, is responsible for the near annihilation of the planet. It was John, whose writings in the Bible radically distort what is to come and who will emerge the victor. Each person must choose. All that's certain is that the world is catapulting toward a final apocalyptic conflict, and

humanity's salvation or damnation depend on the true nature of the Christ Clone. ----- PRAISE FOR THE CHRIST CLONE TRILOGY "BeauSeigneur knows how to write, deploying a tough, driving style in perfect cadence."
