Bahá'í Prayers: A Selection of Prayers Revealed by Bahá'u'lláh, the Báb, and 'Abdu'l-Bahá Grasindo

Written by a well-known author in the field of Baha'i studies, this is a comprehensive and accessible encyclopedia to the youngest of the world religions. Regarded as the second most widespread faith after Christianity, with adherents in almost every country around the globe, the Baha'i faith is nevertheless unfamiliar to many. here Dr Smith traces the origins and development of the religion from 19th century Iran to the modern day, introducing its central figures and major historical events. combining breadth with a readable yet concise style, he provides a balanced overview of Baha'i scriptures, doctrines and practices, social teachings and organization. This reference work presents a clear and knowledgeable view of a fascinating new religion.

 Penggunaan permainan dalam mengajar bahasa asing dapat menjadi sebuah senjata yang efektif. Buku Les 100+ Mots-Croisés Français merupakan referensi yang berguna bagi para pengajar bahasa Prancis dalam menerapkan dan mengajarkan pelajaran yang hendak disampaikan. Di dalam buku ini terdapat 110 permainan kata untuk anak-anak hingga orang dewasa yang dikemas secara menarik dan menghibur. Fungsi permainan dalam pengajaran bahasa banyak diremehkan oleh para pengajar saat mereka menyusun suatu kurikulum pembelajaran bahasa. Jangan melakukan permainan hanya sekedar untuk bermain atau menghabiskan waktu, melainkan lakukan permainan untuk tujuan pembelajaran. Ini adalah mentalitas yang perlu dikembangkan saat menggunakan permainan dalam pengajaran. Seringkali pelajaran bahasa Prancis dianggap terlalu rumit dan sulit. Maka dari itu, ada gunanya menerapkan pendekatan belajar bahasa yang unik dan menghibur, terutama bila Anda seorang guru yang ingin membangkitkan semangat belajar siswa-siswi Anda di kelas.

This Collection of Selected Words contains more than 2,200 significant and commonly used Persian/Arabic words and phrases, with their corresponding English translation, that appear in the Baha'i Writings. The English translation of the Persian/Arabic word or phrase has been found by matching the words in the original Persian/ Arabic text with the same word or phrase in the published English translation of that same text. This method differs from consulting Persian to English or Arabic to English dictionaries to find the English equivalent of a Persian or Arabic word, taking advantage of the translator's research and insight in selecting the most appropriate translation for a particular context and meaning. In cases where the selected work has been translated by Shoghi Effendi, this method also enables us to follow the standard set by the beloved Guardian in his translations of those works. Furthermore, this method enables one to find the translation of complete phrases not normally found in dictionaries; therefore, every attempt has been made to include such phrases and special terms in this collection. Although a relatively small number of texts has been used in preparing this collection, it is hoped that it will be useful in the general study of the Baha'í Writings in both Persian/Arabic and English.

It evaluates conventional water resources—surface water and groundwater—and discusses in detail rainfall harvesting into dams along the Souss and Massa wadis. Further, it explores topics including the geology of the aquifer; the risk of over exploitation; alternative water resources, such as desalinated seawater and treated domestic wastewater, as well as management approaches like Data Development Analysis and the SALTMED model. With a focus on linking scientific research to practical applications and the demands of agriculture and associated agro-industry, urbanization and tourism, which compete for the limited water resources, the book appeals to environmental scientists, geologists, engineers and environmental managers.

In this book I have aimed at completeness in the sense that all publications known to me, which are wholly or partly devoted to Malay and Bahasa Indonesia (B.I.), or are important for the study

of these languages, have been included. Popular publications in non-professional periodicals have been included only exceptionally. All the publications mentioned in the text are incorporated in the Bibliography (p. 91-157). The countless articles in four post-war, semi-professional periodicals in :1alaya and Indonesia, Dewan Bahasa, Pembina Bahasa Indonesia. 11:1 edan Bahasa, Bahasa dan Budaja, are not mentioned separately in the Bibliography, but sections 33 to 36 contain a survey, as complete and systematic as possible, of the contents of these periodicals in so far as they pertain to the Malay language; nor have I discussed in the text or incorporated in the Bibliography several hundreds of titles of practical textbooks or school-books of Malay or B.I. which are of no importance to the scientific study of these language. These titles have been entered in a separate Appendix (p. 158--171). The fact that completeness was aimed at certainly does not mean that it has been achieved. Especially various recent writings from Indonesia and Malaya may have escaped my attention. Experience has also proved that publications on Malay sometimes appear in the most unexpected places. The qualification above: "publications ... devoted to ... , or impor tant for the study of" Malay and B.I. has been taken in a wide sense.

Ce livre est le premier volume d'une tétralogie traitant des sujets inscrits au programme de l'enseignement secondaire général et technique. Dans cette collection en quatre mouvements, l'auteur prend le parti d'une approche formelle, basée sur la logique mathématique et la théorie des ensembles. À ce compte-là, ce premier volume livre se focalise sur les fondements des mathématiques (logique mathématique et théorie des ensembles) et de leur application à la géométrie euclidienne du plan.

Este libro es un diálogo franco, abierto y sincero entre un cristiano y un baha'i. El cristiano expone, propone, argumenta y hace preguntas impertinentes al baha'i comenzando con una actitud de mera curiosidad que se va transformando en una búsqueda sincera por entender, comprender, profundizar y asimilar las enseñanzas, principios y pilares de la Fe Bahá'i como fueron presentados por su fundador, Bahá'u'lláh. En dicho diálogo multitud de aspectos son tocados, explicados, ampliados, comparados como le ocurrió a tanto judío cuando escuchó por primera vez el revolucionario Mensaje de Jesús. En forma paralela y similar el cristiano se ve avocado, frente a Bahá'u'lláh que declara ser el Retorno del Espíritu de Jesús, a pasar por un proceso similar de cuestionamiento, de desafío, de reflexión, de investigación que tuvo que pasar un judío cuando escuchó los principios de la Revelación de Jesús, pero que, para el cristiano de hoy día, es la Revelación dada por Bahá'u'lláh. Frente a Bahá'u'lláh no hay 'medias tintas'; o se le acepta como Él afirma Quien es, la Manifestación de Dios más reciente para la Humanidad, o se le rechaza como un impostor, un loco, o un profeta falso. El libro es una franca investigación para esclarecer cuál es la verdad ineludible de Quién es Bahá'u'lláh. Tendrás una amplia oportunidad de forjarte una idea clara al respecto cuando

acceptes la invitación de leer el libro hasta el último capítulo. Esta es pues, una cálida invitación a vivenciar la más revolucionaria aventura espiritual que hasta este momento hayas tenido oportunidad de realizar.

Black Lines Grasindo

"This is a political theology for the Baha'i Faith, but it is also a philosophy for living in our globalized, post-modern society. The author investigates the Baha'i teachings concerning the separation of "Church" and State. Government, religion, commerce, art, education, and science are increasingly independent, have different social functions, relate differently to one another, and have different meanings for us today. This functional differentiation also drives the pluralism, relativism, and global scope of our post-modern society. In a society such as ours, in which religious ritual is the mirror of individual distinctiveness, not of collective identity, in which permanent pluralism means that no one religion can provide common norms and values, and in which the values of one sphere of life are not transferred to other spheres, religion must find a new role in society. The twentieth century has taught us that economic affairs cannot be governed by political ideologies, that science must be free of doctrine, that the dignity and autonomy of the individual must be respected, and that church and state must be separated. This is an exhaustive review of Baha'i literature on the subject, but the book also inquires into the scriptures of both Christianity and Islam to find that the separations of state from religion is a universal ideal."--Publisher's website.
