Wayfarer (Volume 2) Simon and Schuster

Are you tired of asking "What should I do with my life?" Are you sick of your job? Don't worry, I know how you feel! I used to start every working week saying "I hate my job" and spend every Friday night drinking too much to drown my misery. I was a cubicle worker in large corporates, going to pointless meetings, writing

endless documents no one would read, testing computer systems that would soon be obsolete. Every day, my soul and my creativity died a little. Maybe you feel the same? Well, life is too short to just exist on the edge of breakdown, and there is a better way of living. You need to discover what you love to do and then make that your job, your life's work. This book will take you through understanding the way you feel now as well as how to improve your current situation immediately so you can create enough space to work on breaking out and doing what you truly

love. It also contains the career change process I used to go from management consultant to full-time author-entrepreneur. It's time to change your career and your life.

Cuisine and Culture presents a multicultural and multiethnic approach that draws connections between major historical events and how and why these events affected and defined the culinary traditions of different societies. Witty and engaging, Civitello shows how history has shaped our diet--and how food has affected history. Prehistoric societies are explored all the way to present day issues such as genetically modified foods and the rise of celebrity chefs. Civitello's humorous

tone and deep knowledge are the perfect antidote to the usual scholarly and academic treatment of this universally important subject.

A 2015 Whitney Award Nominee! A powerful story of loss, second chances, and first love, reminiscent of Sarah Dessen and John Green. When Oakley Nelson loses her older brother, Lucas, to cancer, she thinks she'll never recover. Between her parents' arguing and the battle she's fighting with depression, she feels nothing inside but a hollow emptiness. When Mom suggests they spend a few months in California with Aunt Jo, Oakley isn't sure a change of scenery will alter anything, but she's willing to give it a try. In California, Oakley discovers a sort of safety and freedom in Aunt Jo's beach house. Once they're settled, Mom hands her a notebook full of letters addressed to her—from Lucas. As Oakley reads one each day, she realizes how much he loved her, and each letter challenges her to be better and to continue to enjoy her life. He

wants her to move on. If only it were that easy. But then a surfer named Carson comes into her life, and Oakley is blindsided. He makes her feel again. As she lets him in, she is surprised by how much she cares for him, and that's when things get complicated. How can she fall in love and be happy when Lucas never got the chance to do those very same things? With her brother's dying words as guidance, Oakley knows she must learn to listen and trust again. But will she have to leave the past behind to find happiness in the future? Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise

find a home.

Bestiary 3 DK Publishing (Dorling Kindersley)

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers

we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

"I'll take my share of the blame. I only ask that he take his." In *Bringing Down the Colonel*, the journalist Patricia Miller tells the story of Madeline Pollard, an unlikely

nineteenth-century women's rights crusader. After an affair with a prominent politician left her "ruined," Pollard brought the man—and the hypocrisy of America's control of women's sexuality—to trial. And, surprisingly, she won. Pollard and the married Colonel Breckinridge began their decade-long affair when she was just a teenager. After the death of his wife, Breckinridge asked for Pollard's hand—and then broke off the engagement to marry another woman. But Pollard struck back, suing Breckinridge for breach of promise in a shockingly public trial. With premarital sex considered irredeemably ruinous for a woman, Pollard was asserting the unthinkable: that the sexual morality of men and women should be judged equally. Nearly 125 years after the Breckinridge-Pollard scandal, America is still obsessed with women's sexual morality. And in the age of Donald Trump and Harvey Weinstein, we've witnessed fraught public reckonings with a type of sexual exploitation unnervingly similar to that experienced by Pollard. Using newspaper articles, personal journals, previously unpublished autobiographies, and letters, *Bringing Down the Colonel* tells the story

of one of the earliest women to publicly fight back.

Old Korvosa is under quarantine, a sprawling slum contained by roadblocks and guardposts manned by remorseless Hellknights and sinister plague doctors. While the rest of Korvosa stifles under an increasingly brutal martial law, the quarantined streets of Old Korvosa descend into true bedlam. Yet the one man who may hold the truth behind the perils that have brought Korvosa to its knees is lost inside the quarantine zone. Can he be rescued from the clutches of a new menace rising in the festering pits of Old Korvosa, and what secrets does he know that could justify the bounties for his death? This volume of Pathfinder presents an in-depth exploration of the rakshasas of the world of Golarion and reveals details on one of the world's most sinister networks of assassins, the Red Mantis.

Dreaming is easy. Making it happen is hard. With a fresh perspective, Carol Lloyd motivates the person searching for two things: the creative life and a life of sanity, happiness and financial solvency. Creating a Life Worth Living is for the hundreds of thousands of people who bought Julia Cameron's *The Artist's Way*, but who are looking for more down-to-earth solutions and concrete tasks for achieving their goals. Creating a Life Worth Living helps the reader search memory for inspiration, understand his or her individual artistic profile, explore possible futures, design a daily process and build a structure of support. Each of the 12 chapters, such as "The Drudge We Do For Dollars" and "Excavating the Future," contains specific exercises and daily tasks that help readers to clarify their desires and create a

tangible plan of action for realizing dreams. The book also provides inspiring anecdotes and interviews with people who have succeeded in their chosen fields, such as performance artist Anna Devere Smith, writer Sally Tisdale and filmmaker R. J. Cutler. The pursuit of one's dreams is one of the great joys in life but also one of the most terrifying. Creating a Life Worth Living is an invaluable road map for this journey, guiding readers as they take the first tentative steps that are necessary before they can fly.
