It's beyond dispute that trolls and automated "bots" helped Donald Trump win the White House in 2016. Some of the troll operations involved were based in Russia, but domestic interests also participated in the invasion. In fact, trolls of all types, from all corners of the internet, came together in a perfect storm of propaganda, disinformation, and political dissent. The confusion wrought by the multi-pronged troll invasion still affects our online spaces today, leaving many questions unanswered. Who are the trolls? What do they want? How do they operate? Why couldn't our intelligence agencies put a stop to Russian and right-wing trolling? Can trolling be stopped? And what's with all the freakin' Nazis? One thing is certain: the troll invasions wouldn't have succeeded if America hadn't been divided on many pressing issues. Deep cultural woes, such as racism, our "New Generation Gap," and the slow destruction of the middle class, were part of the toxic environment that allowed trolls to flourish. This book - the first from software expert, award-winning internet troll and long-time underground-culture fixture Eric Saeger - examines all these issues with an impartial eye. The limitations and realities of current technology are explained in clear, simple language, revealing the tactics of everyday trolls and describing how future technology promises to make the internet a safe, livable place for everyone. Most important of all, along the way, you'll see the humor in our dire but salvageable situation. Once we understand the invaders, we'll no longer fear RUSSIAN NAZI TROLL BOTS! *Looking Into the Sea* Scholastic Inc.

Keep crafty children of all ages entertained and inspired for hours with Fiona Hayes' 100 Things to Recycle and Make. Everyday materials are transformed into all kinds of stunning and practical projects, from toy animals and vehicles to dressing-up props, decorations, games, and even fun storage solutions. Bringing together the best projects from the popular Crafty Makes series, each section is dedicated to a different base object: cardboard boxes; paper plates; cardboard tubes; materials from nature; and egg cartons. With twenty projects per section to choose from, and 100 projects overall, this book will appeal to a wide range of ages and interests. Simple cardboard tubes become a set of pirate skittles, a friendly octopus, and an entire castle. Plain cardboard boxes are turned into a pirate ship, a money box, and a robot; twigs, leaves and other outdoors materials become picture frames, masks, and a dinosaur. Paper plates make a great bug or flower hat, a dotty frog, and a cute panda, while egg cartons are turned into a fire engine, a pencil holder, and a Christmas tree. Children will be entertained for hours with this invaluable collection of crafty makes, and even the whole family can be involved in recycling everyday objects and turning them into exciting projects. Create entire animal kingdoms and alien worlds, or simply a new favourite toy or mascot. With such a huge range of exciting projects to make from the simplest of

objects, 100 Things to Recycle and Make is the ultimate craft inspiration for creative children.

"Not just a smart memoir about cross-cultural eating but one of the most engaging books of any kind I've read in years." —Celia Barbour, O, The Oprah Magazine After fifteen years spent exploring China and its food, Fuchsia Dunlop finds herself in an English kitchen, deciding whether to eat a caterpillar she has accidentally cooked in some home-grown vegetables. How can something she has eaten readily in China seem grotesque in England? The question lingers over this "autobiographical food-

and-travel classic” (Publishers Weekly).

**Duct Tape Animals** Create with Duct Tape

The modern classic that redefined the travel food memoir, with a new foreword from Bee Wilson. Fuchsia Dunlop, the first Westerner to train at the prestigious Sichuan Institute of Higher Cuisine, “has done more to explain real Chinese cooking to non-Chinese cooks than anyone” (Julia Moskin, New York Times). In *Shark’s Fin and Sichuan Pepper*, Dunlop recalls her rapturous encounters with China’s culinary riches, alongside her brushes with corruption, environmental degradation, and greed. The resulting memoir is a vibrant portrait of Chinese culinary culture, from the remote Gansu countryside to the enchanting old city of Yangzhou. The most talked-about travel narrative when it was published a decade ago, this reissue of *Shark’s Fin and Sichuan Pepper* remains a thrilling adventure that you won’t be able to put down.
