David S. Riley's interest in the history, methodology, and results of homeopathic drug provings came from his study of homeopathy at the Hahnemann College

of Homeopathy in Albany, California. The 69 drug homeopathic drug provings published here are the result of his investigation of the research methods of homeopathic drug provings that form part of the basis for prescribing in homeopathy. In Dr. Hahnemann's time the method by which the treatment profiles of homeopathic remedies were determined was called provings, after the original German word Prüfung, which means "test." Scientific research

methods have evolved from the early days of homeopathy and Dr. Riley, in an attempt to improve transparency and reduce bias, has incorporated elements of contemporary research methods such as randomization, blinding, and formal good clinical practice guidelines (GCP) into homeopathic drug provings, while adhering to the general guidelines suggested by Dr. Hahnemann and used by homeopathic practitioners and researchers around the world.

Repertory, A Guide to

Homeopathy London 1854:

"If it should please the Lord to visit me with cholera, I would wish to fall into the hands of a homeopathic physician."

So wrote the Government Inspector to Parliament, following a devastating outbreak of cholera, in which 52% of non-homeopathic patients died, while the mortality

rate for homeopathic patients was 16%. After that epidemic, the British Royal family consulted with homeopathic physicians. In 1900 in the United States, there were 20 homeopathic medical colleges and more than 100 homeopathic hospitals! Fully 1/3 of all physicians were homeopathic. The downfall started in 1938 when the herbal, diluted homeopathic remedies were declared "drugs" and thus came under the heavy arm of the FDA. Colleges were closed and

practitioners were arrested. (We had a homeopathic company in the 1980s and I can tell harrowing stories of FDA "drug raids" at our place of business). No doubt about it, homeopathy was given a bad rap. Today, no longer categorized as drugs, we can purchase homeopathic remedies from practitioners, stores and the internet. But which remedies? This book details 5 ways to find a remedy: 1. By remedy description (Alchem-184 remedies) 2. By symptom and

syndrome 3. Add the synergists (vitamins, minerals, glandulars) 4. By blood test 5. Use the SAF Online service at LifeEnergyResearch.com. Complete a questionnaire, access the SAF

Alchem-184 homeopathic database. This computerized tabulation propels homeopathy into the 21st Century! History and use, remedy and symptom descriptions,

and 26 remedies no medicine cabinet should be without. Read also: Homeopathy Revisited: A Modern Energetic View of an Ancient Healing Art (Scogna, 2014, Scogna.com)
