The
Charioteer
Penguin Books
In ancient
Athens, the
great
philosopher
applies logic
to a lethal
crime—in the
“eminently
enjoyable”
first novel in a

historical
mystery series
(Colin Dexter,
author of the
Inspector
Morse
Mysteries).
Young
Stephanos is
desperate to
save his
family’s honor
by proving in
the Athenian
court that his
exiled cousin
is not guilty of

shooting an
arrow into a
prominent
patrician. For
help, he turns
to his old
teacher—the
cunning and
clever thinker
known as
Aristotle. It
will all lead up
to a tense
public trial in
which
Stephanos
must draw on

the rhetorical skills he's learned from his eccentric, brilliant mentor, in this novel filled with suspense, humor, and historical detail—the first in a series of “witty, elegant whodunits” (Times Literary Supplement). “[An] unusually authentic Ancient-Greece murder tale.”—Kirkus Reviews “Doody brings the Athens of 322 BC to life with skill and verve...wonde

rfully plotted.”—Publishers Weekly **A History of Macedonia** Everyman's Library In the first authoritative biography of Alexander the Great written for a general audience in a generation, classicist and historian Philip Freeman tells the remarkable life of the great conqueror. The celebrated Macedonian king has been one of the most enduring figures in history. He was a general

of such skill and renown that for two thousand years other great leaders studied his strategy and tactics, from Hannibal to Napoleon, with countless more in between. He flashed across the sky of history like a comet, glowing brightly and burning out quickly: crowned at age nineteen, dead by thirty-two. He established the greatest empire of the ancient world; Greek coins and statues

are found as far east as Afghanistan. Our interest in him has never faded.

Alexander was born into the royal family of Macedonia, the kingdom that would soon rule over Greece.

Tutored as a boy by Aristotle, Alexander had an inquisitive mind that would serve him well when he faced formidable obstacles during his military campaigns. Shortly after taking command of the army, he

launched an invasion of the Persian empire, and continued his conquests as far south as the deserts of Egypt and as far east as the mountains of present-day Pakistan and the plains of India.

Alexander spent nearly all his adult life away from his homeland, and he and his men helped spread the Greek language throughout western Asia, where it would become the lingua franca of the ancient world. Within

a short time after Alexander's death in Baghdad, his empire began to fracture.

Best known among his successors are the Ptolemies of Egypt, whose empire lasted until Cleopatra. In his lively and authoritative biography of Alexander, classical scholar and historian Philip Freeman describes Alexander's astonishing achievements and provides insight into the mercurial character of the great

conqueror. Alexander could be petty and and magnanimous, cruel and merciful, impulsive and farsighted. Above all, he was ferociously, intensely competitive and could not tolerate losing—which he rarely did. As Freeman explains, without Alexander, the influence of Greece on the ancient world would surely not have been as great as it was, even if his motivation was not to spread Greek

culture for beneficial purposes but instead to unify his empire. Only a handful of people have influenced history as Alexander did, which is why he continues to fascinate us. *Alexander the Great in Fact and Fiction* Bantam 'Mary Renault's portraits of the ancient world are fierce, complex and eloquent, infused at every turn with her life-long passion for the

Classics. Her characters live vividly both in their own time, and in ours' MADELINE MILLER Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she

leads us
through an
alien
landscape that
moves and
delights us'

HILARY

MANTEL In the
story of the
great lyric
poet
Simonides,
Mary Renault
brings alive a
time in Greece
when tyrants
kept an
unsteady rule
and poetry,
music, and
royal
patronage
combined to
produce a
flowering of
the arts. Born
into a stern
farming family
on the island
of Keos,
Simonides
escapes his

harsh
childhood
through a
lucky
apprenticeship
with a
renowned
Ionian singer.
As they travel
through 5th
century B.C.
Greece,
Simonides
learns not
only how to
play the
kithara and
compose
poetry, but
also how to
navigate the
shifting
alliances
surrounding
his rich
patrons. He is
witness to the
Persian
invasion of
Ionia, to the
decadent
reign of the

Samian pirate
king
Polykrates,
and to the fall
of the
Pisistratids in
the Athenian
court. Along
the way, he
encounters
artists,
statesmen,
athletes,
thinkers, and
lovers,
including the
likes of
Pythagoras
and Aischylos.
Using the
singer's
unique
perspective,
Renault
combines her
vibrant
imagination
and her
formidable
knowledge of
history to
establish a

sweeping, resilient vision of a golden century. 'There's much to say about her interweaving of myth and history and, just as interestingly, there's much to wonder at in the way she fills in the large dark spaces where we know next to nothing about the times she describes . . . an important and wonderful writer . . . she set a course into serious-minded, psychologically intense historical

fiction that today seems more important than ever' - Sam Jordison, Guardian
The Sword is Forged Hachette UK
 Orphaned fourteen-year-old Carl and his eleven-year-old sister, Mary, travel to Argus, North Dakota, to live with their mother's sister, in this tale of abandonment, sexual obsession, jealousy and unstinting love.
The Praise Singer Simon and Schuster

NATIONAL BESTSELLER • "Steven Pressfield brings the battle of Thermopylae to brilliant life."—Pat Conroy At Thermopylae, a rocky mountain pass in northern Greece, the feared and admired Spartan soldiers stood three hundred strong. Theirs was a suicide mission, to hold the pass against the invading millions of the mighty Persian army. Day after bloody day they withstood

the terrible
 onslaught,
 buying time
 for the Greeks
 to rally their
 forces. Born
 into a cult of
 spiritual
 courage,
 physical
 endurance,
 and
 unmatched
 battle skill,
 the Spartans
 would be
 remembered
 for the
 greatest
 military stand
 in
 history—one
 that would not
 end until the
 rocks were
 awash with
 blood, leaving
 only one
 gravely
 injured
 Spartan squire
 to tell the tale.

 Here is the
 story of the
 Iliad as we've
 never heard it
 before: in the
 words of
 Briseis, Trojan
 queen and
 captive of
 Achilles. Given
 only a few
 words in
 Homer's epic

and largely
 erased by
 history, she is
 nonetheless a
 pivotal figure
 in the Trojan
 War. In these
 pages she
 comes fully to
 life: wry,
 watchful,
 forging
 connections
 among her
 fellow female
 prisoners even
 as she is
 caught
 between
 Greece's two
 most powerful
 warriors. Her
 story pulls
 back the veil
 on the
 thousands of
 women who
 lived behind
 the scenes of
 the Greek
 army
 camp—concub

ines, nurses, prostitutes, the women who lay out the dead—as gods and mortals spar, and as a legendary war hurtles toward its inevitable conclusion.

Brilliantly written, filled with moments of terror and beauty, *The Silence of the Girls* gives voice to an extraordinary woman—and makes an ancient story new again.

Funeral Games

Vintage

A fantasy recreation of the story of Theseus, the

legendary Greek hero, and Antiope, Queen of the Amazons, and a time of changes when the old world order is undergoing great transformation

Promise of Love

Routledge
A third world dictator conquers and rules a dystopian America in this “wonderful and terrifying” work of political science fiction (Samuel R. Delany). By the time General Arslan

brings his army from Turkistan to America, he has already conquered the rest of the world, using strategy and craft rather than bullets and bloodshed.

The modern-day Genghis Khan sets up headquarters in tiny Kraftsville, Illinois, and when he asserts his power by violently assaulting an eighth-grade girl and boy—onstage, before a cheering audience of his

soldiers—the townspeople know that no one is safe. Forced to open his home to the despot, Franklin Bond, the school principal whose students were publicly violated, finds himself strangely drawn to the world’s new master and privy to his quirks and mental machinations. In fact, only one other person in town will have a closer connection to Arslan during the long, hard era of his

reign: Hunt Morgan, the boy the dictator brutalized before the entire town—and whom he now owns. But there is a secret side to the human monster that no one, not even Bond or Morgan, sees during these years of terror and enslavement. For Arslan has already set a grander scheme in motion: to save our world . . . by destroying it. Few works of speculative fiction have

been held in higher regard—or provoked more outraged controversy—than M. J. Engh’s classic science fiction tale of the conquest of America. Brilliant and disturbing, this thought-provoking and surprising novel is an intriguing character study, a dire warning that continues to pack a devastating punch, and “without question one of the finest works of fiction of our

generation” (Orson Scott Card).
THE LAST OF THE WINE
 Penguin
 Brill’s
 Companion to the Reception of Alexander the Great offers a considerable range of topics, of interest to students and academics alike, in the long tradition of this subject’s significant impact, across a sometimes surprising and comprehensive variety of areas. Arguably no other historical figure has cast such a long shadow for so long a time. Every civilisation touched by the Macedonian Conqueror, along with many more that he never imagined, has scrambled to “own” some part of his legacy. This volume canvasses a comprehensive array of these receptions, beginning from Alexander’s own era and journeying up to the present, in order to come to grips with the impact left by this influential but elusive figure.

The Blood Of The Martyrs
 Open Road Media
 'The Alexander Trilogy contains some of Renault's finest writing. Lyrical, wise, compelling: the novels are a wonderful imaginative feat' SARAH WATERS In

the final novel of her stunning trilogy, Mary Renault vividly imagines the life of Alexander the Great, the charismatic leader whose drive and ambition created a legend. Alexander the Great died at the age of thirty-three, leaving behind an empire that stretched from Greece and Egypt to India. After Alexander's death in 323 B.C. his only direct heirs were two unborn sons and a

simpleton half-brother. Every long-simmering faction exploded into the vacuum of power. Wives, distant relatives and generals all vied for the loyalty of the increasingly undisciplined Macedonian army. Most failed and were killed in the attempt. For no one possessed the leadership to keep the great empire from crumbling. But Alexander's legend endured to spread into worlds he had seen only in

dreams. 'Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us' - HILARY

MANTEL 'The Alexander Trilogy stands as one of the most important works of fiction in the 20th century . . . it represents the pinnacle of [Renault's] career . . . Renault's skill is in immersing us in their world, drawing us into its strangeness, its violence and beauty. It's a literary conjuring trick like all historical fiction - it can only ever be an approximation of the truth.

But in Renault's hands, the trick is so convincing and passionately conjured' Antonia Senior, The Times [Alexander of Macedon, 356-323 B.C.](#) Harper Collins Alexander's Lovers reveals the personality of Alexander the Great through the mirror of the lives of those with whom he pursued romantic relationships, including his friend Hephaestion, his queen

Roxane, his mistress Barsine & Bagoas the Eunuch. Did you know that Alexander got the idea of adopting Persian dress from a book he read in his youth? Had you realised that Alexander's pursuit of divine honours was part of his emulation of Achilles, that Bagoas undertook a diplomatic mission or that Hephaestion's diplomacy kept Athens from joining a Spartan rebellion? Are

you aware that Aetion's painting of Alexander's marriage depicted Hephaistion & Bagoas as well as Roxane and really depicted the King's passions? Which girl was betrothed to Alexander's son? Would it surprise you that Alexander's mourning for Hephaistion was conducted according to models from Homer and Euripides? If you would like to get to know Alexander on a more

personal level, then you need to read this book. Second edition, revised & updated. *Owls in the Family* Ultramarine Publishing I have always been a soldier. I have known no other life. So begins Alexander's extraordinary confession on the eve of his greatest crisis of leadership. By turns heroic and calculating, compassionate and utterly merciless, Alexander recounts with a warrior's unflinching

eye for detail the blood, the terror, and the tactics of his greatest battlefield victories. Whether surviving his father's brutal assassination, presiding over a massacre, or weeping at the death of a beloved comrade-in-arms, Alexander never denies the hard realities of the code by which he lives: the virtues of war. But as much as he was feared by his enemies, he was loved and revered by his friends, his

generals, and the men who followed him into battle. Often outnumbered, never outfought, Alexander conquered every enemy the world stood against him—but the one he never saw coming. . . BONUS: This edition contains an excerpt from Steven Pressfield's *The Profession*. *The Nature of Alexander* Oxford University Press, USA A new hardcover selection of

the best writings of the visionary German naturalist whose ideas changed the way we see the natural world. Selected and introduced by Andrea Wulf. Alexander von Humboldt (1769–1859) was an intrepid explorer and the most famous scientist of his age. His life was packed with adventure and discovery, whether he was climbing volcanoes in the Andes, racing through

anthrax-infected Siberia, or publishing groundbreaking bestsellers. Ahead of his time, he recognized nature as an interdependent whole and he saw before anyone else that humankind was on a path to destroy it. His visits to the Americas led him to argue that the indigenous peoples possessed ancient cultures with sophisticated languages, architecture, and art, and his expedition

to Cuba prompted him to denounce slavery as “the greatest evil ever to have afflicted humanity.” To Humboldt, the melody of his prose was as important as its empirical content, and this selection from his most famous works—including *Cosmos*, *Views of Nature*, and *Views of the Cordilleras and Monuments of the Indigenous Peoples of the Americas*, among others—allows us the

pleasure of reading his own accounts of his daring explorations. Humboldt’s writings profoundly influenced naturalists and poets including Darwin, Thoreau, Muir, Goethe, Wordsworth, and Whitman. *The Selected Writings* is not only a tribute to Humboldt’s important role in environmental history and science, but also to his ability to fashion powerfully poetic narratives out

of scientific observations. *Laddie* HarperCollins Every child needs to have a pet. No one could argue with that. But what happens when your pet is an owl, and your owl is terrorizing the neighbourhood? In *Farley Mowat’s* exciting children’s story, a young boy’s pet menagerie – which includes crows, magpies, gophers and a dog – grows out of control with the addition of two cantankerous

pet owls. The story of how Wol and Weeps turn the whole town upside down is warm, funny, and bursting with adventure and suspense.

**Aristotle
Detective**

BRILL

The first English-language monograph on ancient Macedonia in almost thirty years, Carol J. King's book provides a detailed narrative account of the rise and fall of Macedonian power in the Balkan Peninsula and

the Aegean region during the five-hundred-year period of the Macedonian monarchy from the seventh to the second century BCE. King draws largely on ancient literary sources for her account, citing both contemporary and later classical authors. Material evidence from the fields of archaeology, epigraphy, and numismatics is also explored. Ancient

Macedonia balances historical evidence with interpretations—those of the author as well as other historians—and encourages the reader to engage closely with the source material and the historical questions that material often raises. This volume will be of great interest to both under- and post-graduate students, and those looking to understand the fundamentals of the period. **The Mask of**

Apollo

NuVision Publications, LLC
 This biography portrays Alexander as both a complex personality and a single-minded general, a man capable of such diverse expediences as patricide or the massacre of civilians. Writing for the general reader, the author provides gritty details on Alexander's darker side while providing a gripping tale of Alexander's

career.
The Charioteer
 University of Chicago Press
 A New York Times–bestselling novel of the ancient king of Macedon and his lover by the author Hilary Mantel calls “a shining light.”
 The Persian Boy centers on the most tempestuous years of Alexander the Great’s life, as seen through the eyes of his lover and most faithful attendant, Bagoas. When Bagoas is very young, his father is

murdered and he is sold as a slave to King Darius of Persia. Then, when Alexander conquers the land, he is given Bagoas as a gift, and the boy is besotted. This passion comes at a time when much is at stake—Alexander has two wives, conflicts are ablaze, and plots on the Macedon king’s life abound. The result is a riveting account of a great conqueror’s years of

<p>triumph and, ultimately, heartbreak. The Persian Boy is the second volume of the Novels of Alexander the Great trilogy, which also includes Fire from Heaven and Funeral Games. This ebook features an illustrated biography of Mary Renault including rare images of the author. "Mary Renault is a shining light to both historical novelists and their readers.
