 Johann Sebastian Bach – celebrated pipe organist, court composer and master of sacred music – was also a technical pioneer. Working in Germany in the early eighteenth century, he invented new instruments and carried out experiments in tuning, the effects of which are still with us today. Two hundred years later, a number of extraordinary musicians have utilised the music of Bach to thrilling effect through the art of recording, furthering their own virtuosity and reinventing the composer for our time. In *Reinventing Bach*, Paul Elie brilliantly blends the stories of modern musicians with a polyphonic account of our most celebrated composer's life to create a spellbinding narrative of the changing place of music in our lives. We see the sainted organist Albert Schweitzer playing to a mobile recording unit set up at London's Church of All Hallows in order to spread Bach's organ works to the world beyond the churches, and Pablo Casals' s Abbey Road recordings of Bach's cello suites transform the middle-class sitting room into a hotbed of existentialism; we watch Leopold Stokowski persuade Walt Disney to feature his own grand orchestrations of Bach in the animated classical-music movie *Fantasia* – which made Bach the sound of children's playtime and Hollywood grandeur alike – and we witness how Glenn Gould's Goldberg Variations made Bach the byword for postwar cool. Through the Beatles and Switched-on Bach and Gö del, Escher, Bach – through film, rock music, the Walkman, the CD and up to Yo-Yo Ma and the iPod – Elie shows us how dozens of gifted musicians searched, experimented and collaborated with one another in the service of a composer who emerged as the prototype of the spiritualised, technically savvy artist.

Scott, New York Times Book Review, cover review Following on the heels of his New York Times bestselling novel *Telegraph Avenue*, Pulitzer Prize-winning author Michael Chabon delivers another literary masterpiece: a novel of truth and lies, family legends, and existential adventure—and the forces that work to destroy us. In 1989, fresh from the publication of his first novel, *The Mysteries of Pittsburgh*, Michael Chabon traveled to his mother's home in Oakland, California, to visit his terminally ill grandfather. Tongue loosened by powerful painkillers, memory stirred by the imminence of death, Chabon's grandfather shared recollections and told stories the younger man had never heard before, uncovering bits and pieces of a history long buried and forgotten. That dreamlike week of revelations forms the basis for the novel *Moonglow*, the latest feat of legerdemain from Pulitzer Prize-winning author Michael Chabon. *Moonglow* unfolds as the deathbed confession of a man the narrator refers to only as "my grandfather." It is a tale of madness, of war and adventure, of sex and marriage and desire, of existential doubt and model rocketry, of the shining aspirations and demonic underpinnings of American technological accomplishment at midcentury, and, above all, of the destructive impact—and the creative power—of keeping secrets and telling lies. It is a portrait of the difficult but passionate love between the narrator's grandfather and his grandmother, an enigmatic woman broken by her experience growing up in war-torn France. It is also a tour de force of speculative autobiography in which Chabon devises and reveals a secret history of his own imagination. From the Jewish slums of prewar South Philadelphia to the invasion of Germany, from a Florida retirement village to the penal utopia of New York's Wallkill prison, from the heyday of the space program

to the twilight of the "American Century," the novel revisits an entire era through a single life and collapses a lifetime into a single week. A lie that tells the truth, a work of fictional nonfiction, an autobiography wrapped in a novel disguised as a memoir, *Moonglow* is Chabon at his most moving and inventive.

Recent American Art Song: A Guide is a reference source devoted to songs with English texts by American composers, written for solo voice and piano. The book focuses exclusively on art song since 1980, a substantial period largely ignored by scholars. This is the first study to examine this repertory in detail, and many of the songs and composers are discussed in print for the first time. Keith E. Clifton has examined approximately 1000 songs by nearly 200 composers. Many songs employ musical idioms well beyond traditional classical styles, including references to jazz, musical theater, rap, and rock & roll, and several songs blur the boundaries between recital and stage works. Organized alphabetically by composer, entries contain complete biographical and bibliographical information, with major works and links to print resources and composer websites when available. In addition, Clifton provides detailed information on the vocal range, musical style, and appropriate voice type for individual songs. The book concludes with a full discography and bibliography, as well as indexes listing the works by poet, song cycle, title, voice type, and level of difficulty.

 The mother of rap superstar Kanye West shares her experiences on being a single mother raising a celebrity. As the mother of hip-hop superstar Kanye West, Donda West has watched her son grow from a brilliant baby boy with all the intimations of fame and

fortune to one of the hottest rappers on the music scene. And she has every right to be proud: she raised her son with strong moral values, teaching him right from wrong and helping him become the man he is today. In *Raising Kanye*, Donda not only pays homage to her famous son but reflects on all the things she learned about being his mother along the way. Featuring never-before-seen photos and compelling personal anecdotes, Donda's powerful and inspiring memoir reveals everything from the difficulties she faced as a single mother in the African American community to her later experiences as Kanye's manager as he rose to superstardom. Speaking frankly about her son's reputation as a "Mama's Boy," and his memorable public outbursts about gay rights and President George W. Bush, Donda supports her son without exception, and here she shares the invaluable wisdom she has taken away from each experience—passion, tolerance, patience, and above all, always telling the truth. Ultimately, she not only expresses what her famously talented son has meant to her but what he has meant to music and an entire generation.

In this coming-of-age memoir, Sharon takes you with her on a nail-biting adventure through the early 1970s after leaving her sheltered home life at sixteen years old to join the hippies. Yearning for freedom, she lands in an adult world for which she is unprepared, and must learn quickly in order to survive. As Sharon navigates the US and Canada—whether by hitchhiking, bicycle, or the back of a motorcycle—she experiences love and heartbreak, discovers whom she can and cannot trust, and awakens to the growing women's liberation movement while living in a rural off-grid commune. In this colorful memoir, she reflects upon the changes that reshaped her during that decade, and how the ways in which she and her peers threw off the rules meant to keep women in their place has transformed and empowered the lives of girls and women today.
