A major challenge for religious communities today lies in harnessing the commitment and energy of religious people to address larger societal issues. Key to such efforts are people who are willing to live and learn "at the boundaries" where secular meets religious, public meets private, and subcultures meet each other. "A way of life on the boundaries, lived in community and faith, finds a broad menu of possibilities," says Gunderson. Writing for clergy and lay people and other community groups, Gunderson employs his expertise from years of leading and coordinating work at the Carter Center and elsewhere to improve the quality of life in local communities. He discusses the five important traits

leaders must cultivate, centered on knowledge, commitment, integrity, relationship, and the future.

A Game Divided: Triumphs and troubles in Yorkshire cricket in the 1920s Fortress Press

From English cricket's embarrassing failure at the 2015 World Cup to their heart-stopping victory four years later, Nick Hoult and Steve James vividly describe the team's dramatic journey from abject disappointment to finally lifting the trophy. *Morgan's Men* reveals how the team became the most aggressive limited-overs side in the world, led by their inspirational captain Eoin Morgan, whose vision and determination to succeed captured the imagination of the nation. Hoult and James follow England's journey from Bangladesh to Barbados, from Melbourne to Manchester, to present the inside story of the team's rebirth. They tell us how players dealt with the Ben Stokes court case, the sacking of Alex Hales for a drugs ban, and reveal the innovative new strategies and tactics that helped them become the best in the world, culminating in a World Cup final that was arguably the greatest one-day match of all time.

In this fascinating book, Mike Atherton selects the best pieces he has written over the last decade. Renowned as a shrewd and resolute captain of England, Atherton moved effortlessly into the commentary box and Fleet Street, proving himself every bit as capable with the pen as with the bat. It has been a dramatic period, seeing the rise of Twenty20 cricket and the IPL, as well as the revival of England's prospects, breaking a long era of Australian

dominance in the Ashes. There has also been controversy, too, with terrorist attacks, Zimbabwe and allegations of Pakistani spot-fixing all distracting fans from the essence of the game. Through it all, Atherton comments with the true insight of one who has been there, the humane understanding of someone who has genuine empathy for the issues involved and, above all, his opinions are based on a deep love for the game and sport in general. His writing has become essential reading for all sports fans. This book shows exactly why that is the case. *Beyond a Boundary* Hodder & Stoughton

Derek Pringle is finally ready to tell his story of cricket in the 80s. First chosen by England whilst still at university in 1982, Derek featured in the national side for the next 11 years. He played 30 Tests, 44 One Day Internationals, and appeared in 2 World Cups. Inside the dressing room, and out on the pitch, Derek witnessed at first hand an era of English cricket populated by characters such as Botham, Gooch, Lamb, and Gower. An era so far removed from today's rather anodyne sporting environment. And it wasn't just at international level that the sport lived life to the full. He was an integral part of Essex's all conquering side that won the County Championship 6 times as well as numerous one day trophies. Full of insight and experience here is the story of one of English cricket's most tumultuous periods told by someone who was there.

The Ashes: It's All About the Urn Hodder & Stoughton

Between 1922 and 1925 Yorkshire County Cricket Club won the County Championship four years in a row, making it one of the most successful sides ever in the history of the English county game. A line-up which included Wilfred Rhodes, Percy Holmes, Herbert Sutcliffe, Roy Kilner, George Macaulay and Maurice Leyland dominated English cricket for much of the decade, taking a highly professional approach to the game. Unsurprisingly, they were heroes to many, but despite this success, the side was at times unpopular and the subject of trenchant criticism. A Game Divided takes as its starting point the events during the match between

Yorkshire and Middlesex at Sheffield in July 1924, which provoked a falling out between the counties. These events and how they were portrayed shine a light on many of the divisions in English cricket of the time – between north and south, amateur and professional, employer and employee, and between different perspectives on sportsmanship and the style in which the game should be played. The book looks at the triumphs and troubles that shaped Yorkshire cricket in the decade and asks just how great was this side of match-winners. *Cricket in the 21st Century* Routledge Forging an anti-imperialist Marxism through dialectical and historical approaches, this volume of Political Power and Social Theory demonstrates how the South Asian facet of this revolutionary tradition can contribute to and even reenergize global Marxist theory.

The Hundred Million Bet | An explosive thriller about Money Laundering, Mafia and Crime Emerald Group Publishing Faf through Fire is far more than just a book about cricket. It is the story of a man who happened to play the sport at the highest level. This brutally honest, fascinating, introspective work provides a unique insight into the mind and heart of one of South Africa's most interesting and charismatic cricketers. There is the public persona-the tattooed, fashion-conscious, mentally tough, immensely popular and yet, at times, misunderstood Du Plessis. And then there is the authentic Faf. It took him years to connect with this side of himself, but when he did, it shaped his relationships with people and, ultimately, his captaincy of the Proteas. In this book, Du Plessis lays bare the story of his growth, from a youth with a questionable moral compass outside of cricket to a

leader known for his integrity, values, honesty and empathy for his teammates. He reflects on how influential leaders, such as Gary Kirsten, Stephen Fleming, Doc Moosajee, Graeme Smith, A.B. de Villiers, Owen Eastwood, Russell Domingo, Ottis Gibson and M.S. Dhoni, helped mould him into a man who leads with grit, purpose and a love of people. He also explores the destructive relationships, offering his perspective, in devastating detail, on his final years of international cricket. Neither the changing room nor the boardroom is off limits in this no-holds-barred account.

This new edition of C. L. R. James's classic *Beyond a Boundary* celebrates

the fiftieth anniversary of one of the greatest books on sport and culture ever written. Named one of the Top 50 Sports Books of All Time by Sports Illustrated "Beyond a Boundary . . . should find its place on the team with Izaak Walton, Ivan Turgenev, A. J. Liebling, and Ernest Hemingway."—Derek Walcott, *The New York Times Book Review* "As a player, James the writer was able to see in cricket a metaphor for art and politics, the collective experience providing a focus for group effort and individual performance. . . . [In] his scintillating memoir of his life in cricket, *Beyond a Boundary* (1963), James devoted some of his finest pages to this theme."—Edward Said, *The Washington Post* "A work of double reverence—for the resilient, elegant ritualism of cricket and for the black people of the world."—Whitney Balliett, *The New Yorker* "Beyond a Boundary is a book of remarkable richness and force, which vastly expands our understanding of sports as an element of popular culture in the Western and colonial world."—Mark Naison, *The Nation* "Everything James has done has had the mark of originality, of his own flexible, sensitive, and deeply cultured intelligence. He conveys not a rigid doctrine but a delight and curiosity in all the manifestations of life, and the clue to everything lies in his proper appreciation of the game of cricket."—E. P. Thompson, author of *The Making of the English Working Class* "Beyond a Boundary is . . . first and foremost an autobiography of a living legend—probably the greatest social theorist of our times."—Manning Marable, *Journal of Sport & Social Issues* "The great triumph of *Beyond a Boundary* is its ability to rise above genre and in its very form explore the

complex nature of colonial West Indian society."—Caryl Phillips, *The New Republic*

-- The 2017 ICC Women's Cricket World Cup saw the Indian team make it to the finals, and although it lost the game, the tournament marked an unprecedented high for viewership for women's cricket in India. The ensuing euphoria that followed, including the announcement of two film-deals with the team's leading stars, ensured that the only direction where Indian women's cricket could go from there was up. *Free Hit* is the untold story of how women's cricket in India got here, and casts light on the gender-based pay gaps, sponsorship challenges, and the sheer indifference of cricketing officials it faced along the way. Focusing on Mithali Raj, the world's greatest female batsman, and Jhulan Goswami, the leading wicket taker in women's cricket, author Suprita Das takes us into the lives of the spirited bunch of women who, across the years, just like their male counterparts, also brought home laurels that are worth celebrating.
