 Macmillan

Terry Eagleton's book, in this vital new series from Blackwell, focuses on discriminating different meanings of culture, as a way of introducing to the general reader the contemporary debates around it.

Guide to the Perfect Latin American Idiot Prentice Hall

This enduring classic of Mexican literature traces the path to ruination of a country girl, Santa, who moves to Mexico City after she is impregnated and abandoned by her lover and subsequently shunned by her family. Once in the city, Santa turns to prostitution and soon gains prominence as Mexico City's most sought-after courtesan. Despite the opportunities afforded by her success, including the chance to quit prostitution, Santa is propelled by her personal demons toward her ultimate downfall. This evocative novel--justly

famous for its vividly detailed depiction of the cityscape and the city's customs, social interactions, and political activities--assumed singular importance in Mexican popular culture after its original publication in 1903. The book inspired Mexico's first "talkie" and several other film adaptations, a music score, a radio series, a television soap opera, and a pornographic comic book. Naturalist writer Federico Gamboa, who was also a lawyer and politician, reveals much about Mexican mores and culture at the start of the twentieth century and beyond, from expectations regarding gender roles to the myth of the corrupting and decadent city. In describing how Santa is at the mercy of social problems beyond her control, Gamboa provides a rich historical portrayal of widespread conditions in the years leading to the Mexican Revolution.

Mind and Nature GPO FCIC

Report and compilation of statistical tables resulting from a survey of the handicapped (disabled person), undertaken in 1966 by the social security administration, on demographic aspects and health-related characteristics of handicapped widowed married women in the USA, together with information on their eligibility to receive disability benefits.

Scales Routledge

A meticulous synthesis of history, anthropology, and science, this narrative establishes that the Fatima incident of 1917 involved not "Marian" apparitions, but rather a series of close encounters with alien beings.

Speciation and Its Consequences John Wiley & Sons

The Reenchantment of the World is a perceptive study of our scientific consciousness and a cogent and forceful challenge to its supremacy. Focusing on the rise of the mechanistic idea that we can know the natural world only by distancing ourselves from it, Berman shows how science acquired its controlling position in the consciousness of the West. He analyzes the holistic, animistic tradition--destroyed in the wake of Scientific Revolution of the sixteenth and seventeenth centuries--which viewed man as a participant in the cosmos, not as an isolated observer. Arguing that the holistic world view must be revived in some credible form before we destroy our society and our environment, he explores the possibilities for a consciousness appropriate to the modern era. Ecological rather than animistic, this new world view would be grounded in the real and intimate connection between man and nature.

Bufo & Spallanzani St. Martin's Press

A cult classic, adapted into a film starring Christian Bale. Is evil something you are? Or is it something you do? Patrick Bateman has it all: good looks, youth, charm, a job on Wall Street, reservations at every new restaurant in town and a line of girls around the block. He is also a psychopath. A man addicted to his superficial, perfect life, he pulls us into a dark underworld where the American Dream becomes a nightmare . . . With an introduction by Irvine Welsh, Bret Easton Ellis's *American Psycho* is one of the most controversial and talked-about novels of all time. A multi-million-copy bestseller hailed as a modern classic, it is a violent black comedy about the darkest side of human nature.

Asylums HarperCollins

With stories focused on the lives of

marginalized people, *Cars on Fire* transmutes loss and pain into an ode about the multiplicity of love.

Advertising and Sales Promotion Strategy Wesleyan University Press

A search for the Beast, a Yeti-like creature within the heart of the Amazon, becomes a quest for self-discovery in this young adult coming-of-age story filled with international adventure, rich mythology, and magical realism from globally celebrated novelist Isabel Allende. Fifteen-year-old Alexander Cold has the chance to take the trip of a lifetime. Parting from his family and ill mother, Alexander joins his fearless grandmother, a magazine reporter for *International Geographic*, on an expedition to the dangerous, remote world of the Amazon. Their mission, along with the others on their team—including a celebrated anthropologist, a local guide and his young daughter Nadia, and a doctor—is to document the legendary Yeti of the Amazon known as the Beast. Under the dense canopy of the jungle, Alexander is amazed to discover much more than he could have imagined about the hidden worlds of the rain forest. Drawing on the strength of the jaguar, the totemic animal Alexander finds within himself, and the eagle, Nadia's spirit guide, both young people are led by the invisible People of the Mist on a thrilling and unforgettable journey to the ultimate discovery.

Marine Mammal Ecology and Conservation Springer

"Quirky, unpredictable, often hilarious, Infante's book tells us much about the effect of the Cuban revolution on Cuban literature." - Publishers Weekly With bitter irony, the author tells a story sadly repeated during this century. A dictatorship that silences the intellectuals, a regime that lies and kills, and a propaganda war that has yet to end. One of the best compilations of documents on recent Cuban history.

Disabled Widows Zondervan

A re-issue of Gregory Bateson's classic work. It summarizes Bateson's thinking on the subject of the patterns that connect living beings to each other and to their environment.

Cars on Fire Cornell University Press

From the author of *Future Shock*, a striking way out of today's despair . . . a bracing, optimistic look at our new potentials. The *Third Wave* makes startling sense of the violent changes now battering our world. Its sweeping synthesis casts fresh light on our new forms of marriage and family, on today's dramatic changes in business and economics. It explains the role of cults, the new definitions of work, play, love, and success. It points toward new forms of

twenty-first-century democracy. Praise for *The Third Wave* "Magnificent . . . an astonishing array of information."—The Washington Post "Imperishably fresh."—Business Week "Will mesmerize readers, and rightly so."—Vogue "Alvin Toffler . . . has written another blockbuster . . . a powerful book."—The Guardian "Fresh ideas, clearly explained. . . . Toffler has proven again that he is a master."—United Press International "Toffler has imagination and an ability to think of various future possibilities by transcending prevailing values, assumptions and myths."—Associated Press "Once you have walked into his version of the future, you may decide never again to whitewash some of the built-in frailties of the real present."—Financial Post "Rich, stimulating and basically optimistic . . . will unquestionably aid many to a greater understanding of [today's] puzzling social changes."—The Globe & Mail "A detailed breathtakingly bold projection of the social changes required if we are to survive. . . . Toffler's vision of a democratic, self-sustaining utopia is a brave alternative to recent grim warnings."—Cosmopolitan

Operation Massacre Hampton Press (NJ) First published in 1923, just before César Vallejo left Peru for France, Scales combines prose poems with short stories in a collection that exhibits all the exuberance of the author's early experimentalism. A follow-up to Vallejo's better-known work, *Trilce*, this radical collection shattered many aesthetic notions prevailing in Latin America and Europe. Intermingling romantic, symbolist, and avant-garde traditions, Scales is a poetic upending of prose narrative that blends Vallejo's intercontinental literary awareness with his commitment to political transformation. Written in part from Trujillo Central Jail, where Vallejo would endure some of the most terrifying moments of his life, Scales is also a testament of anguish and desperation, a series of meditations on justice and freedom, an exploration of the fantastic, and a confrontation with the threat of madness. Edited and translated from the Castilian by the scholar Joseph Mulligan, this first complete English translation, published here in bilingual format and accompanied by extensive archival documentation related to Vallejo's incarceration, this volume gives unprecedented access to one of the most inventive practitioners of Latin American literature in the twentieth century.

The Insatiable Spider Man Seven Stories Press

Many people today, especially among

emerging generations, don't resonate with the church and organized Christianity. Some are leaving the church and others were never part of the church in the first place. Sometimes it's because of misperceptions about the church. Yet often they are still spiritually open and fascinated with Jesus. This is a ministry resource book exploring six of the most common objects and misunderstandings emerging generations have about the church and Christianity. The objections come from conversations and interviews the church has had with unchurched twenty and thirty-somethings at coffee houses. Each chapter raises the objection using a conversational approach, provides the biblical answers to that objection, gives examples of how churches are addressing this objection, and concludes with follow-through projection suggestions, discussion questions, and resource listings.

Hen's Teeth and Horse's Toes Courier Corporation

Recent books and exhibitions have shown that Victorians were not so straitlaced about sexual matters as has been popularly assumed. Ellen Bayuk Rosenman's engrossing and enlightening

book proves that the Victorians were extraordinarily articulate and resourceful when it came to expressing their sexual desires. Narratives of erotic experience were written, justified to the conservative culture, and circulated for the pleasure of readers. Rosenman's exploration of masculinity and femininity in Victorian sexual storytelling includes an account of the "spermatorrhea panic" that terrified the men of Britain, tells of Theresa Longworth's erotic revisions of the romance plot, and takes up the exhaustive, even exhausting, pornographic epic *My Secret Life*. Drawing on social history, court cases, medical literature, popular novels, and the diaries and letters of everyday life, Rosenman looks beyond the usual sexual suspects—homosexuals and prostitutes, for example—to address a range of pleasures that emerged from the ideological structures meant to contain them. She asserts that, however powerful ideology is, it does not script erotic repertoires in definitive or predictable ways, and that individuals can find ways of evading or easing its constraints. *City of the Beasts* Rowman & Littlefield
Reproduction of the original. The publishing house Megali specialises in

reproducing historical works in large print to make reading easier for people with impaired vision.

Venus Envy Cornell University Press

The surprising history of cosmetic surgery—and America's quest for physical perfection—from the turn of the century to the present. Face lifts, nose jobs, breast implants, liposuction, collagen injections—the body at the end of the twentieth century has become endlessly mutable, and surgical alteration has become an accepted part of American culture. In *Venus Envy*, Elizabeth Haiken traces the quest for physical perfection through surgery from the turn of the century to the present. Drawing on a wide array of sources—personal accounts, medical records, popular magazines, medical journals, and beauty guides—Haiken reveals how our culture came to see cosmetic surgery as a panacea for both individual and social problems.

Gerontological Nursing U of Minnesota Press

Three Latin American writers quote, dissect and review this character in a cultural critique that combines analysis with humor and a relentless self-criticism.
