The Mar Chiquita Salt  
Lake (Córdoba, Argentina)

Macmillan + ORM

From the winner of the  
first Lannan Prize for  
Cultural Freedom, a  
bitingly funny,  
kaleidoscopic vision of the  
first world through the

eyes of the third Eduardo  
Galeano, author of the  
incomparable Memory of  
Fire Trilogy, combines a  
novelist's intensity, a  
poet's lyricism, a  
journalist's fearlessness,  
and the strong judgments  
of an engaged historian.  
Now his talents are richly  
displayed in Upside Down,  
an eloquent, passionate,  
sometimes hilarious  
exposé of our first-world

privileges and  
assumptions. In a series  
of lesson plans and a  
"program of study" about  
our beleaguered planet,  
Galeano takes the reader  
on a wild trip through the  
global looking glass. From  
a master class in "The  
Impunity of Power" to a  
seminar on "The Sacred  
Car"--with tips along the  
way on "How to Resist  
Useless Vices" and a

declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, *Upside Down* makes us see the world anew and even glimpse how it might be set right. "Galeano's

outrage is tempered by intelligence, an ineradicable sense of humor, and hope." -Los Angeles Times, front page

**BESTSELLER** • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for

Emma Watson's *Our Shared Shelf* Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr.

Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon

for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

Wyatt North Publishing, LLC

Mario Bellatin's complex dreamscape, offered here in a brand-new translation, presents a timely allegorical portrait of the body and society in decay, victim to inscrutable pandemic. In a large, unnamed city, a strange, highly infectious

disease begins to spread, afflicting its victims with an excruciating descent toward death, particularly unsparing in its assault of those on society's margins. Spurned by their loved ones and denied treatment by hospitals, the sick are left to die on the streets until a beauty salon owner, whose previous caretaking experience extended only to the exotic fish tanks scattered among his workstations, opens his doors as a refuge. In the ramshackle Morgue, victim to persecution and

violence, he accompanies his male guests as they suffer through the lifeless anticipation of certain death, eventually leaving the wistful narrator in complete, ill-fated isolation.

**Women Who Run with the Wolves** Médiaspaul

A rich and detailed account of indigenous history in central and southern Mexico from the sixteenth to the twenty-first centuries, Mexico's Indigenous Communities is an expansive work that destroys the notion that Indians were victims of

forces beyond their control and today have little connection with their ancient past. Indian communities continue to remember and tell their own local histories, recovering and rewriting versions of their past in light of their lived present. Ethelia Ruiz Medrano focuses on a series of individual cases, falling within successive historical epochs, that illustrate how the practice of drawing up and preserving historical documents—in particular, maps, oral accounts, and

painted manuscripts-has been a determining factor in the history of Mexico's Indian communities for a variety of purposes, including the significant issue of land and its rightful ownership. Since the sixteenth century, numerous Indian pueblos have presented colonial and national courts with historical evidence that defends their landholdings. Because of its sweeping scope, groundbreaking research, and the author's intimate knowledge of specific communities, Mexico's

Indigenous Communities is a unique and exceptional contribution to Mexican history. It will appeal to students and specialists of history, indigenous studies, ethnohistory, and anthropology of Latin America and Mexico Cordillera Deep Vellum Publishing

This book provides a comprehensive, updated syntheses of all the information available on Mar Chiquita, covering a various aspects of the geography, geological history, biology and ecology of the site, as well as a detailed analysis of the current land-use patterns, environmental

threats, and conservation issues. Mar Chiquita, located in the province of Cordoba, Argentina, is a protected wilderness area that includes South America's largest saline lake and wetland. It has a very rich bird biodiversity, including three of the six species of flamingos that exist in the world, and high numbers of intercontinental migratory shorebirds. For this reason, the area has been declared an International Site by the Ramsar Convention on Wetlands of International

Importance, and also a Site of Hemispheric Importance by the Western Hemisphere Shorebird Reserves Network. Largely unknown until very recently, particularly in terms of the English literature, the site is rapidly gaining international visibility, not only in terms of scientific research, but also as site of interest for the nature lovers around the globe. Written in a language accessible to the non-specialists, the book focuses on integrating the

dynamic, functional processes in the ecosystem, while at the same time providing the necessary descriptive information. Accordingly, it is of interest to scientists from diverse disciplines interested in saline wetlands, as well as to students, managers, and the general public.

**Introducción a la Filosofía Intercultural de la Liberación** Young Eco Fiction

Zarathustra was Nietzsche's masterpiece, the first comprehensive statement of his mature

philosophy, and the introduction of his influential and well-known (and misunderstood) ideas including the "overman" or "superman" and the "will to power." It is also the source of Nietzsche's famous (and much misconstrued) statement that "God is dead." Though this is essentially a work of philosophy, it is also a masterpiece of literature, a cross between prose and poetry. A considerable part and parcel of Nietzsche's genius is his ability to

make his language dance, and this is what becomes extraordinarily difficult to translate. It has been almost 40 years since Hollingdale's version for Penguin and almost 50 since Kaufmann's. However, anyone who appreciates the German original knows that these translations are merely adequate. While earlier translators have smoothed out the rough edges, cut corners and sometimes omitted troublesome passages outright, this one honors and respects the original

as no other. Kaufmann and others are guilty of the deplorable tendency to "improve" on the original. Much is lost by this means, to say nothing of the interior rhythms, the grace notes, the not always graceful but omnipresent and striking puns and wordplays. And in not a few instances the current translation improves on Kaufmann's use of English or otherwise clarifies what Nietzsche is really saying *Into the Wild Arkho* Ediciones Twelve short stories that

NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but *Into the Wild* is a mystery of the highest order." —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his

car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. Into the Wild is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the

Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a

clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different

thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

La presente colección funciona como una brújula que articula el conjunto de los debates llevados a cabo por FAIA, en el contexto de sus permanentes esquemas de diálogo con la comunidad internacional de pensadores con la que se integra. Además, pretende ofrecer al lector una respuesta didáctico-pedagógica, esto es, un insumo para la enseñanza y el aprendizaje de un nuevo pensamiento, crítico, liberacionista y de-

colonial: un comienzo otro de la filosofía de la liberación, desde, en y con ella. En este Tomo I, se presentan métodos para una filosofía intercultural de la liberación comprendida, aquí, como praxis política descolonial para la emancipación de los pueblos; en rigor, se trata de un sentipensar actuante que pone en palabra las formas de resistencia, lucha y proyectos políticos liberacionistas, desde una perspectiva dialógico-participativa y crítica de

los procesos de opresión, exclusión y expulsión.
