Michele Faehnle and Emily Jaminet are busy wives, mothers, and volunteers. They are also friends, Catholic speakers, and the dedicated coauthors of *Divine Mercy for Moms*, which continues to inspire women to come together to pray, study, and live in friendship around the Divine Mercy devotion. In the midst of their active lives, Faehnle and Jaminet found themselves missing their old friends and searching for new ones. They also realized that they needed to continually work to develop deep, meaningful relationships that would allow them to be themselves, to care for others and be cared for, and to deepen their Catholic faith. In *The Friendship Project*, Faehnle and Jaminet explore the cardinal and theological virtues with an eye toward friendship. Focusing on faith, hope, love, prudence, gratitude, loyalty, generosity, and prayerfulness, they help us answer questions such as, "What does it mean to be women of hope, and how does that change our lives and make us more compassionate friends during difficult times?" and "How does prayerfulness teach us how to listen to and talk with both God and our friends, which helps us reach out to those we love?" Faehnle and Jaminet answer these questions and more by employing Church teaching and telling us stories of their own friendships and those from the lives of saints and biblical women—including the Blessed Virgin Mary and St. Elizabeth, St. Thérèse of Lisieux and her sister Servant of God Léonie, and Sts. Perpetua and Felicity. Not only will you be drawn closer to friends both new and old but you'll also be reminded how these friendships—and the virtues you practice to nurture them—draw you closer to God. Prayers, discussion questions, and a study guide make this a perfect resource for women's groups

This man had remained on the same spot helpless, hopeless, abandoned, rejected, impotent and unforgiven for 38 years! (That was even before Jesus was born). He had no man to help him. He stayed by the well of blessings and miracles for 38 years, yet all was not well with him. Many knew he had an ugly past. Some had forgotten about him. Most never knew who he was. To his family, he has been forgotten. To the society, he was no longer relevant. The Bible even never mentioned his name. But one day, Jesus was going to the Temple and stopped by to attend to him. He did not even know Jesus. Why would Jesus stop because of a man who had an ugly past? Why would Jesus stop because of such a man who never have faith to be healed nor ever knew Jesus? Why would Jesus stop because of a man who is unforgiving and unforgiven? Jesus stopped and asked this man a simple but heart-searching question: "DO YOU WANT TO GET WELL?" This book is specially written for three reasons. • To find peace in God's forgiveness • To find peace in forgiving others • To find peace in forgiving yourself The healing begins when the silence is broken. "DO YOU WANT TO GET WELL?"

God, who said, "Let light shine out of darkness," has shone in our hearts to give the light of the knowledge of the glory of God in the face of Jesus Christ. 2 Corinthians 4:6 This book is a cry from the heart of John Piper. He is pleading that God himself, as revealed in Christ's death and resurrection, is the ultimate and greatest gift of the gospel. None of Christ's gospel deeds and none of our gospel blessings are good news except as means of seeing and savoring the glory of Christ. Forgiveness is good news because it opens the way to the enjoyment of God himself. Justification is good news because it wins access to the presence and pleasures of God himself. Eternal life is good news because it becomes the everlasting enjoyment of Christ. All God's gifts are loving only to the degree that they lead us to God himself. That is what God's love is: his commitment to do everything necessary (most painfully the death of his only Son) to enthrall us with what is most deeply and durably satisfying—namely, himself. Saturated with Scripture, centered on the cross, and seriously joyful, this book leads us to satisfaction for the deep hungers of the soul. It touches us at the root of life where practical transformation gets its daily power. It awakens our longing for Christ and opens our eyes to his beauty. Piper writes for the soul-thirsty who have turned away empty and in desperation from the mirage of methodology. He invites us to slow down and drink from a deeper spring. "This is eternal life," Jesus said, "that they know you the only true God, and Jesus Christ whom you have sent." This is what makes the gospel—and this book—good news.

In *Exposing the Spiritual Roots of Disease*, Dr. Henry Wright presents a thoroughly biblical and compelling case for healing. If you think you've read all you need to know about healing, it's time to take another look. In this updated edition with expanded material, Dr. Wright clearly shows that disease is not a random occurrence and that science and medicine have their place in dealing with illness but can only offer disease management. What if the answers to true healing and freedom have been in the Bible all along? Dr. Wright spent decades learning the spiritual roots of disease and blocks to healing. In his journey, he discovered that there is a spiritual root issue in about 80 percent of all diseases, which is a direct result of a breakdown in our relationship with God, ourselves, or others. Through his groundbreaking teachings, he helped hundreds of thousands to experience wholeness in their lives. If you have recently received a diagnosis or have been struggling with your health for years, there is hope and healing ahead. "Dr. Henry Wright destroys the lie that we are helpless victims of diseases.... This book is long overdue and is essential reading for any Christian struggling with sickness and for those who seek to minister to them." —Dr. Rebecca Williams, MA, MB ChB, DRCOG, DCH, DTM&H "Dr. Wright uses a solid scriptural base to reveal the roots of disease and give clear guidance on how we can be free in spirit, soul, and body!" —Sheila Pitcock, LVN

Do you feel that God has abandoned you? Do you struggle with fear and grief? Are you weighed down with doubt, anger, or depression? Do you wonder if you can really trust God? You are not alone. For eight years, author Karen A. Mace and her husband, Ross, served as missionaries in South America. Blessed with the joy of doing God's work they brought their two daughters Miriam and Sarah with them and rejoiced in the birth of their third daughter Ileana soon after arriving in Ecuador. God tested Karen and Ross more than most of His soldiers. After the deaths of Ileana and Sarah in Ecuador, just three and twelve at the time, Karen was thrown into a crisis of faith that lasted for years. She understands how even the most faithful can stumble and question and reject the love of the Lord. *Healing Begins in the Heart*, Karen shares how God found her in her doubt. God exposed the lies that Karen had once believed. He showed her how deception created the false lens through which she saw God. As she grew in knowledge of God's loving care, she came to see the life transforming truth of who God really is and the freedom that is hers through all that Jesus has done. An open and honest sharing of Karen's trials, tragedies, and ultimate victories, this is a story about God's grace, His perseverance with us, and His desire for an intimate relationship with us that leads us into the good plans and purposes He has for each one of us.

Have you ever prayed for a sick friend? Does God heal today? If so, why are so many people in pain around us? We have all heard stories of miraculous healings. But can we believe them? Why are some people healed and some not? Does God give ordinary Christians the authority to heal? As Ken Blue explores these questions he found plenty of answers, but none that satisfied him. He wanted answers that were true to Scripture and true to a loving and just God. His search into the Bible and into the ministry of healing has produced a rich and very human book. Here is a book for everyone who has ever prayed for a sick friend.

Holiness denominations at the turn of the twentieth century were characterized by three teachings: sanctification, divine healing, and dispensational views of the second coming. Faith Cure explores the divine healing movement between 1870 and 1920, examining its practitioners, its cultural milieu, its biblical and theological foundations, and its results. Hardesty concludes with a discussion of spiritual healing today and its connection with the broader cultural search for alternative medicines.

groundbreaking, classic work, Chester and Betsy Kylstra show how you can trace pain and woundedness back to four foundational sources. True, lasting restoration and healing take place by dealing with these four sources together in an integrated way, instead of as separate areas. They are · release from ancestral sins and curses · replacement of destructive beliefs with godly ones · healing from emotional and spiritual pain · deliverance from demonic oppression This well-proven manual is designed for both personal recovery and ministry to others. In it, the Kylstras provide guiding Scriptures, step-by-step processes, self-inventories, visual aids, tables and real-life stories of people being restored through this integrated, fourfold approach. You can live free! Become who you are meant to be, and help others do the same. "I heartily recommend this book to all who would heal others or be healed themselves."--John Sandford, co-founder, Elijah House, Inc. "An outstanding, life-changing book!"--Dr. Ché Ahn, senior pastor, HROCK Church; co-founder, Harvest International Ministry "This book expresses the most balanced and workable ministry in the area of biblical healing that I have ever witnessed or experienced."--Dr. Bill Hamon, founder and bishop, Christian International Ministries Network "The Kylstras' systematic teaching will restore your foundations to be truly free in Christ."--John Arnott, founding pastor, Catch the Fire

There are heated discussions happening on the conflict between science and faith. This disagreement tends to focus around three main issues, one of them being what causes our sinful behavior. The intense conflict has to do with biblically defined sinful behaviors and if there just might be a biological predisposition for these behaviors. The *Biology of Sin* speaks to this debate and hopefully brings some resolution to the conflict. As both a Christian and a neuroscientist, Dr. Stanford has seen scientific knowledge distorted to justify sinful behavior and perhaps more disturbingly, he has seen Christians misuse Scripture to demonize and alienate the very ones they should be reaching out to. He suggests that the underlying cause of this problem in the church is a lack of knowledge, both of basic brain function and scriptural teaching. The *Biology of Sin* discusses sinful behaviors, including adultery, rage, addiction, and homosexuality, asking of each: What does science say, and what does the Bible say about this behavior? He then attempts to reconcile the fact that biological predispositions do play a role in behavior which the Bible defines as sinful while always emphasizing the authority of God's Holy Word and the abundant grace he has for those struggling with habitual sin.

The Holy Spirit, once forgotten, has been "rediscovered" in the twentieth century - or has he? Sinclair Ferguson believes we should rephrase this common assertion: "While his work has been recognised, the Spirit himself remains to many Christians an anonymous, faceless aspect of the divine being." In order to redress this balance, Ferguson seeks to recover the who of the Spirit fully as much as the what and how. Ferguson's study is rooted and driven by the scriptural story of the Spirit in creation and redemption. Throughout he shows himself fully at home in the church's historical theology of the Spirit and conversant with the wide variety of contemporary Christians who have explored the doctrine of the Holy Spirit. Foundational issues are surveyed and clarified. Hard questions are explored and answered. Clarity and insight radiate from every page. Here is the mature reflection of a Reformed theologian who will summon respect and charity from those who disagree.
