Contrast the Fools' Guild with the Assassins' Guild next door: one is pleasant, light and airy and the corridors echo with the quiet activity of people working hard to master a job they love; the other is gaunt, forbidding and silent, except for the occasional muffled sob . . . The Fools' Guild, founded 150 years ago, is also a hospital, craft standards enforcer, fraternal society and school. There is always a place and a custard pie in the face for any young boy with an amusing hump, speech impediment or other laughable deformity. As with previous diaries in the series, the usual mundane dates are complemented by the Discworld's own special occasions, so you will always know when to expect the Soul Cake Duck's choccie eggs and

which days are most auspicious for the throwing of custard pies.

THE NEW YORK TIMES BESTSELLER

Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of *The Miracle Morning* In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing

more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. *
ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. *
PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a

worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has

been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***

Erstmals in ungekürzter Form: Der

wiederentdeckte Roman von einem der bedeutendsten afroamerikanischen Autoren der USA. Es scheint ein Samstagabend wie jeder andere zu sein: Der schwarze Arbeiter Fred Daniels ist auf dem Weg nach Hause zu seiner hochschwangeren Frau, den Wochenlohn in der Hosentasche. Völlig unvermittelt halten ihn drei Polizisten an und verhaften ihn. Fred geht anfänglich noch von einem Missverständnis aus, aber als man ihn des Doppelmordes beschuldigt, ahnt er, in was für einen Albtraum er geraten ist. Schläge, Kreuzverhör, psychische Manipulation entfremden ihn von der Welt und der Realität: Er unterschreibt ein Geständnis, das ihm in einem schwachen Moment und unter falschen Versprechungen vorgelegt wird. So bleibt ihm nur die Flucht in den

Untergrund – in das dunkle, nasse Labyrinth der Kanalisation.

The Post Office: this musty, dusty and sh***y organisation was jolted back into life in GOING POSTAL. Hidebound and rulebound, the Post Office is creaking towards a brave new world of efficiency - and it may even deliver the mail, too.

But like all bureaucracies, the Ankh-Morpork Post Office has its rules and regulations and these, together with the history of this once-great department, are highlighted and parodied in the Ankh-Morpork Post Office Handbook. How do you send eggs through the Post Office? What size envelope is banned? And what happens when snails start eating the mail? It's all here in the Ankh-Morpork Post Office Handbook and Diary 2007. * that's of the pigeon guano type, of course.

A Nest of Vipers is the twenty-first novel in Andrea Camilleri's irresistible Inspector Montalbano series. On what should be a quiet Sunday morning, Inspector Montalbano is called to a murder scene on the Sicilian coast. A man has discovered his father dead in his Vigàtan beach house, his body slumped on the dining room floor, his morning coffee spilled across the table, and a single gunshot wound at the base of his skull. First appearances point to the son having the most to gain from his father's untimely death, a notion his sister can't help but reinforce. But when Montalbano delves deeper into the case, and learns of the dishonourable life the

victim led, it soon becomes clear half of Vigàta has a motive for his murder and this won't be as simple as the inspector had once hoped . . . A Nest of Vipers is followed by the twenty-second gripping mystery, The Pyramid of Mud.
