Firefly Nights
Capstone Secrets are like pennies. Everybody's got one, even the poorest among us. For generations, the Jensens have raised their families in the small Montana town of Moose Creek, where gossip spreads faster than the wind. Yet some secrets need to be told. When twenty-one-year-old Bea discovers she's pregnant on the heels of her husband losing his job, she's forced to admit she

needs help and asks her dad for a place to stay. But past resentments keep her from telling him all that's going on. Mitch Jensen is thrilled to have a full house again, though he's unimpressed with Bea's decisions: dropping out of college, marrying so young--and to an idealistic city kid, of all things. Mitch hopes to convince Bea to return to the path he's always envisioned for her, but she's

changed since her mom died. And he refuses to admit how much he's changed, too, especially now that he might be losing his mother as well. Grandma June is good at spinning stories, but there's one she's never told. Now that her mind is starting to fade, her time to tell it is running out. But if she reveals the truth before her memories are gone forever, the Jensen family will never be the same.

They call me soulless. A destroyer of innocents. An apocalypse waiting to happen. That's what getting dumped at the altar will do to you. Keeley Moore was as happy as a proverbial clam when he found his Beloved, the one woman fated to be the love of his immortal life. Jenna was

smart, had a quirky mind, and promised to be the salvation he had long sought. And then she left him at the altar without so much as a single word of explanation. Naturally, he swept up the tattered remains of his heart, and swore to forget her. One hundred and thirty years later, he's still trying NOT to think about her. Jenna Boyle has no idea who is the tortured, tormented, and sexy-as-

sin man who claims she betrayed him a century ago, but she's not overly worried about their past. It's the present that concerns her, mostly in getting Keeley free from the monsters who have turned him from a peaceful vampire into a Thrall, the dreaded ancestor of all Dark Ones...one who is about to go into a murderous, unstoppable killing spree. Then there's the Weaver's Council, who threaten to

banish Jenna for crimes she doesn't remember committing. Although Keeley is determined to keep Jenna from hurting him again, he's drawn to her time after time. And it's getting increasingly difficult to convince himself that she would be better off without him in her life. If only he could find the source of his enthrallment ...if only he could find a way to save Jenna without destroying

<p>himself...if only he had a future.
