Cowgirl's Creed Courage doesn't develop when things are going well. Instead, it creeps up your backbone fed by the springs of fear. So begins *A Cowgirl's Life in the Mountains*, where colorful, authentic characters—including the author herself—reveal their stories as they navigate rugged terrain and negotiate the temperaments of fellow travelers. In her debut book, Lauralee Northcott braids together stories, songs, poems, menus and recipes from her 30-plus years as a horseback guide and cook in Washington's Pasayten and Lake Chelan-Sawtooth wilderness areas. Lauralee captures human (and animal) behavior humorously and thoughtfully, recounting evenings where her cook tent and the campfire became the space for sharing hearty dinners, reflecting on the day, getting better acquainted, and enjoying cowboy music. Focused and engaging, her experiences as an entertainer and a mountain horseman shine through. Perfect for anyone who loves the mountains, horses and the wilderness, *A Cowgirl's Life in the Mountains* will teach readers practical wilderness tips, as well as the art of Dutch oven cooking and how to set up their own backyard "campfire"—a space to share a meal and a story, and the magic of the outdoors. So saddle up and grab a big slice of hard-won, horseman knowledge, served up in some kickass prose and sweet poetry!

A Cowgirl's Heart Andrews McMeel Publishing

What does it mean to be a westerner? With all the mythology that has grown up about the American West, is it even possible to describe "how it was, how it is, here, in the West—just that," in the words of Lynn Stegner? Starting with that challenge, Stegner and Russell Rowland invited several dozen members of the western literary tribe to write about living in the West and being a western writer in particular. *West of 98* gathers sixty-six literary testimonies, in essays and poetry, from a stellar collection of writers who represent every state west of the 98th parallel—a kind of Greek chorus of the most prominent voices in western literature today, who seek to "characterize the West as each of us grew to know it, and, equally important, the West that is still becoming." In *West of 98*, western writers speak to the ways in which the West imprints itself on the people who live there, as well as how the people of the West create the personality of the region. The writers explore the western landscape—how it has been revered and abused across centuries—and the inescapable limitations its aridity puts on

all dreams of conquest and development. They dismantle the boosterism of manifest destiny and the cowboy and mountain man ethos of every-man-for-himself, and show instead how we must create new narratives of cooperation if we are to survive in this spare and beautiful country. The writers seek to define the essence of both actual and metaphoric wilderness as they journey toward a West that might honestly be called home. A collective declaration not of our independence but of our interdependence with the land and with each other, *West of 98* opens up a whole new panorama of the western experience.

In this first substantial study of rodeo women, Mary Lou Lecompte surveys the early rodeo cowgirls' achievements as professional athletes, the near demise of women's rodeo events during World War II, and the phenomenal success of the Women's Professional Rodeo Association in regaining lost ground for rodeo cowgirls. Recalling an extraordinary chapter in women's history as well as the history of American sport, *Cowgirls of the Rodeo* contributes to a deeper understanding of the challenges facing women in the American West and in American sport.

Jasmine Montgomery had a temper! It got her in to trouble sometimes. In fact, it had cost her a job on more than one occasion. That was unfortunate, as she struggled to finish school while supporting herself. All that changed when a dreamy man offered her the perfect job. He was a very attractive, easygoing, well-mannered gentleman who took an immediate interest in her. It was perfect, until she found out Trent had a real aversion to temper tantrums and held people accountable for what they did. While that was new to her and hard to get used to, she loved the way he protected her and made her feel safe and very happy. When she found herself in the center of an unthinkable scandal, she had to rely on

that safe feeling and trust Trent to find her and protect her one more time.

Can they somehow find a way to right their wrong? Changes abound when a group of seven ladies raised in an orphanage become an inheritance to the small town of Pine Falls, Nebraska. The ladies have grown up to be strong and independent, out of necessity. That serves them well in a new environment as they start seeing the many single men in town, until they start pairing off as couples. The local men are familiar with the dangers of living in the west in 1890, and try to protect their special lady. However, the ladies are used to taking care of themselves and each other. The men have a difficult time getting the ladies to rely on them and say something if things don't seem right. Just as they think they've found a solution, a traumatic event intervenes. The ladies know the men would have prevented it, had they known what was happening. Now the ladies are wracked with guilt as they hope their men can somehow find a way to right their wrong.
