This book tells the story of the Mirza Beg

clan of the Mughal Dynasty. The Mughals,  
who were ethnic Turco-Mongol and  
descendants of Timur, or Tamerlane, came  
originally from Central Asia. They  
established the Mughal empire in India  
which lasted from 1526 to 1857,  
introducing many aspects of Persian  
culture into India, for example literature,  
painting, and architecture. Under the  
Great Mughal Emperors, the Mughals  
experienced expansion and prosperity.  
When the Mughals extended their reign to  
Jammu and Kashmir, some prominent  
Mughal families migrated to Jammu and

Kashmir from Delhi and permanently settled in various parts of the region. The Mirza Beg clan of Udhyanpur was one such family that settled in the Udhyanpur region of the Chenab Valley, which was a famous and beautiful pass en route to Kishtwar, owing to its strategic location and picturesque beauty. The Timurid Legacy: A brief history of the Timurid Turco-Mongol Clan of Udhyanpur is written in an accessible style that should appeal to historians, academics, and non-academics alike. Untold stories, historical facts, and detailed family trees and lineages of many families living in the region should help the reader navigate through the glorious past of this influential Turco-Mongol Clan of Udhyanpur.

Ye Risala Aala Hazrat Ka Ek Fatwa Hai Jo Aapne Ek Angrezi Parche Ke Radd Mein Saadir Farmaya Tha *Pakistan Federal Shariat Court Judgement on Interest (RIBA)* Turath Publishing

Ye Risala Aala Hazrat, Imame Ahle Sunnat Radiallaho Ta'ala Anho Ka Ek Fatwa Hai Jo Aapne Imam Abu Yusuf Ke Difaa Mein Tehreer Farmaya Hai, Ghair Muqallideen Ke Ek Mashhoor Aitraz Ka Jawab Bade Hi Zabardast Tariqe Se Diya Gaya Hai Fatwa Africa University Press of Florida At a time when ordinary courage has become rare, one has to look up to the lives of those who stood for dissent in the colonial era. Back in the 19th century, Justice Syed Mahmood, son of the great social reformer Sir Syed Ahmad Khan, became the first judge to resist colonial power by espousing the cause of judicial independence. At the age of just 32, he not only remains the youngest, but also the first Indian Muslim and first north Indian to be appointed as a High Court judge in India. Endowed with a judicial acuity ahead of his times, a number of his dissents were later accepted by the courts, and continue to be the law. This book chronicles the triumphs and tragedies of Syed Mahmood's life, and his contribution in shaping the consciousness of post 1857 India. With an impressive array of research, perception and analysis, the book succeeds in exhuming a seminal

figure from the dust of history, and showcases the past speaking to the present.

Jurmana (Roman Urdu) Abde Mustafa Publications

There are numerous conflicts ensuing in the Middle East, but not all are being fought with rockets and rifles. While the Internet has proven invaluable to those who wish to uphold a patriarchal society and spread the message of Islamic fundamentalism, Muslim women have used the Web to build a transnational community intent on growing women's rights in the Middle East. There is a large disparity between a Muslim woman's role according to the Qur'an and her role as some corners of Muslim society have interpreted it. In Velvet Jihad Faegheh Shirazi reveals the creative strategies Muslim women have adopted to quietly fight against those who would limit their growing rights. Shirazi examines issues that are important to all women, from routine matters such as daily hygiene and clothing to controversial subjects like abortion, birth control, and virginity. As a woman with linguistic expertise and extensive life experience in both Western

and Middle Eastern cultures, she is uniquely positioned as an objective observer and reporter of changes and challenges facing Muslim women globally. Jaa-al Haq (Roman Urdu) Abde Mustafa Official

A book of this kind has never been written before. It took courage to write this book and it will take courage to read it. One of our most popular books, THE CRIMINALS OF ISLAM unveils the true faces of the revered stalwarts " of Islam who emerged over the last 1400 years. So-called Imams ", Historians ", Ulema ", Sheikhs ", Sufis " and Maulanas " - all have made a mockery of Islam. They have converted the beautiful Message revealed to the exalted Prophet into the counterfeit, alien and deplorable manmade religion that we see

today. It is a far cry from Ad-Deen, Islam, The Benevolent Social System of Life presented in the Qur'an. Shabbir Ahmed quotes extensively from the Ahadith literature, and enlightens the reader on how and why the once thriving Muslim world has deteriorated into its present state.

The History of the Book in South Asia covers not only the various modern states that make up South Asia today but also a multitude of languages and scripts. For centuries it was manuscripts that dominated book production and circulation, and printing technology only began to make an impact in the late eighteenth century. Print flourished in the colonial period and in particular lithographic printing proved particularly popular in South Asia both because it was economical and because it enabled multi-script printing. There are now vibrant publishing cultures in the nation states of South Asia, and the essays in this volume

cover the whole range from palm-leaf manuscripts to contemporary print culture.

**Syed Mahmood** Abde Mustafa Officia Covering the entire spectrum of Arabic manuscripts, and especially the handwritten book, this book consists of a glossary of technical terms and a bibliography. The technical terms,

collected from a variety of sources, embrace a vast range of topics dealing with the making and reading (studying) of Arabic manuscripts. They include: the Arabic scripts, penmanship, writing materials and implements, the make-up of the codex, copying and correction, decoration and bookbinding. A similar coverage is reflected in the bibliography.

In view of the fact that, as yet, there is no concise monograph on Arabic manuscripts in the English language, this book is an important contribution to this field. And, since Arabic manuscripts represent an enormous resource for research, this work is an indispensable reference for all students of Islamic civilization.
