Daily Warm-Ups: Nonfiction Reading Grd 1 Teacher Created Resources

Jumpstart your students' minds with daily warm-ups that get them thinking mathematically and ready for instruction. Daily Math Stretches offers practice in algebraic thinking, geometry, measurement, and data for grades K-2 to provide an early foundation for mastering mathematical learning. Written by Guided Math's author Laney Sammons and with well-known, research-based approaches, this product provides step-by-step lessons, assessment information, and a snapshot of how to facilitate these math discussions in your classroom. Digital resources are also included for teacher guidance with

management tips, classroom set-up tips, and interactive whiteboard files for each stretch.

**Daily Warm-Ups: Language Skills Grade 2** Maupin House Publishing, Inc.

Just as athletes stretch their muscles before every game and musicians play scales to keep their technique in tune, mathematical thinkers and problem solvers can benefit from daily warm-up exercises. Jessica Shumway has developed a series of routines designed to help young students internalize and deepen their facility with numbers. The daily use of these quick five-, ten-, or fifteen-minute experiences at the beginning of math class will help build students' number sense. Students with strong number sense understand numbers, ways to represent numbers, relationships among numbers, and number systems. They make reasonable estimates, compute fluently, use reasoning strategies

(e.g., relate operations, such as addition and subtraction, to each other), and use visual models based on their number sense to solve problems. Students who never develop strong number sense will struggle with nearly all mathematical strands, from measurement and geometry to data and equations. In *Number Sense Routines*, Jessica shows that number sense can be taught to all students. Dozens of classroom examples -- including conversations among students engaging in number sense routines -- illustrate how the routines work, how children's number sense develops, and how to implement responsive routines. Additionally, teachers will gain a deeper understanding of the underlying math -- the big ideas, skills, and strategies children learn as they develop numerical literacy.

Daily Warm-Ups: Reading, Grade 3 Teacher Created Resources

These success-proven exercises provide daily practice in various areas of math. There are 10 problems per page that reinforce and facilitate conceptual understanding in number sense, math reasoning, computation, time, money, measurement, geometry, probability, graphing, fractions, and decimals. The exercises systematically provide students opportunities to get practice in the most important math objectives each week and provide the teacher with immediate, easy-to-administer feedback on students' mastery. This workbook can be used as a warm-up, homework, or as a diagnostic tool for the teacher, parent, or administrator. The individual pages can be used to diagnose weak areas and provide opportunities to facilitate the students' full understanding of concepts. Students are challenged and consistently exposed to a variety of concepts in all objective areas. Each book spirals in level of difficulty and continues to

encourage students to think about math in real-life situations. For math proficiency activities at lower levels, see *Math Warm-Ups Grade 2* and *Math Warm-Ups Grade 3*. This series meets NCTM standards and builds test-taking proficiency. Grade 4

Daily Warm-Ups: Language Skills Grade 1 Teacher Created Resources

Make math matter to students in grade 5 using *Daily Math Warm-Ups!* This 128-page resource introduces, reinforces, and assesses math skills and fosters further understanding of math concepts. It includes 180 daily lessons; computation, graphing, and word-problem exercises; 18 assessments in standardized-test format; 12 real-world application activities; and a reproducible problem-solving strategy guide. The book supports NCTM standards.

Math Warm-Ups Carson-Dellosa Publishing

Quick, easy, effective activities support standards and help students improve skills they need for success in testing.

*Daily Warm-Ups: Science Grade 2* Stenhouse Publishers

Quick, easy, effective activities support standards and help students improve skills they need for success in testing.

Daily Math Warm-Ups, Grade 1 Creative Teaching Press

Make math matter to students in grade 4 using *Daily Math Warm-Ups!* This 128-page resource introduces, reinforces, and assesses math skills and fosters further understanding of math concepts. It includes 180 daily lessons; computation, graphing, and word-problem exercises; 18 assessments in standardized-test format; 12 real-world application activities; and a reproducible problem-solving strategy guide. The book supports NCTM standards.

Math, Grade 2 Teacher Created Resources

Each book in the *Daily Warm-Ups: Reading* series provides

students with over 150 opportunities to master important reading skills. The warm-ups include both fiction and nonfiction reading passages, followed by questions that are based on Bloom's Taxonomy to allow for higher-level thinking skills. Book jacket.

**Daily Math Warm-Ups, Grade 2** Learning Express (NY)

"Over 150 warm-ups cover parts of speech, sentence structure, vocabulary, and mechanics and usage. Each warm-up provides a brief overview of a particular skill, an example of using the skill correctly, an activity for the skill, and a follow-up writing activity for applying the skill." -- (p.4) of cover.

*Daily Warm-Ups: Nonfiction Reading Grd 4* Carson-Dellosa Publishing

180 reproducible quick activities--one for each day of the school year--review, practice, and teach English prefixes, suffixes, and roots.

Carson-Dellosa Publishing

"Includes 150 leveled passages with a variety of interesting topics ; Comprehensive questions that target reading skills & strategies ; Standards & benchmarks."--Cover.

*Math, Grade 4* Shell Education

Quick, easy, effective activities support standards and help students improve skills they need for success in testing.

Daily Math Warm-Ups, Grade 5 Teacher Created Resources

Quick, easy, effective activities support standards and help students improve skills they need for success in testing.

**Number Sense Routines** Teacher Created Resources

Quick, easy, effective activities support standards and help students improve skills they need for success in testing.

*The Daily 5* Walch Publishing

Quick, easy, effective activities support standards and help students improve skills they need for success in testing.

*Daily Warm-Ups: Reading, Grade 4* Teacher Created Resources

Help your grade 5 students explore standards-based science concepts and vocabulary using 150 daily lessons A variety of rich resources including vocabulary practice, hands-on science activities, and comprehension tests in multiple-choice format help you successfully introduce students to earth, life, and physical science concepts. 30 weeks of instruction covers many standards-based science topics.

Daily Writing Warm-Ups Corwin Press

10 Warm-Ups that feature guided instruction, 4 Practice Tests

**Daily Warm-Ups: Nonfiction Reading Grd 5** Teacher Created Resources

"Includes 150 leveled passages with a variety of interesting topics ; comprehensive questions that target reading skills & strategies ; and standards & benchmarks."--Cover [p. 1]

*Daily Routines to Jump-Start Math Class, Elementary School*

Teacher Created Resources

Make math matter to students in grade 2 using Daily Math Warm-Ups! This 128-page resource introduces, reinforces, and assesses math skills and fosters further understanding of math concepts. It includes 180 daily lessons; computation, graphing, and word-problem exercises; 18 assessments in standardized-test format; 12 real-world application activities; and a reproducible problem-solving strategy guide. The book supports NCTM standards.

Getting Ready for the 4th Grade Assessment Test: Help Improve

Your Child's Math and English Skills – Many parents are expressing a demand for books that will help their children succeed and excel on the fourth grade assessment tests in math and English –especially in areas where children have limited access to computers. This book will help students practice basic

math concepts, i.e., number sense and applications as well as more difficult math, such as patterns, functions, and algebra. English skills will include practice in reading comprehension, writing, and vocabulary. Rubrics are included for self-evaluation.
