BRENDAN ERICKSON

Roman Religion Longman
In Jung's ideas about the "blond beast"
and other "innate" characteristics of
various races, McGowan detects
disturbing echoes of Alfred Rosenberg,

the German Nazi Party's chief ideologist;
and his attitude toward women, by
today's standards, is decidedly sexist -
all of which makes his continuing
popularity in the politically correct 1990s
difficult to understand.

Excavations at Gözlü Kule, Tarsus

Gramercy

This volume on the Roman poet Ovid (43

BCE – 17 CE) comprises articles by an international group of fourteen scholars. Their contributions cover a wide range of topics, including a biographical essay, a survey of the major manuscripts and textual traditions, and a comprehensive discussion of Ovid's style. The remaining chapters are devoted to focused studies of each of Ovid's major works, with emphasis given where appropriate to the poet's interest in genre and narrative techniques, his engagement with the poetry that preceded his oeuvre, his response to the political, religious, and social realities of Augustan Rome, and his enduring legacy in the European literary traditions of the first 1300 years after his death. Brill's Companion to Ovid combines close analysis of each of Ovid's major works with a

comprehensive overview of scholarly trends in the study of Latin poetry and Roman literary culture. It will be a valuable resource for students and scholars of Latin literature alike.

With more than 550 maps and graphics, all completely revised, this atlas provides accurate coverage of the whole world. Introductory sections for each continent are also fully updated and feature stunning images that portray unique physical geography and highlight the sprawling extent of major cities. The flags and country facts at the end of each continental section reflect the latest statistics from national and international sources.

Impostures Innocentes; Or, a Collection of Prints from the Most Celebrated Painters, Viz. Rafael, Guido, Engraved in Imitation of These Masters, with a Discourse on the Prejudices of Certain Critics, in Regard to Engraving John Wiley & Sons

An important collection of essays on Ovid's *Metamorphoses* and its reception. What is Wrong with Jung Wesleyan University Press

Whether hugging the terrain, screaming through low valleys or hurtling over the treetops, action photos capture the excitement of low-flying warplanes. Covers the A-10, Thunderbolt Tankbusters, Buccaneers, Tornadoes and more.

Poimandres John Wiley & Sons
Beginning in the late nineteenth century,

large numbers of Greek papyri dating to the early Christian period were discovered in Egypt. Some of these contain biblical texts or fragments of Hellenistic literature, but many others are nonliterary: private letters, records of business transactions and civil proceedings, etc. New Testament scholars soon recognized that this corpus of new material could in many cases illuminate usages in the Greek New Testament for which exact parallels had never been located in classical Greek literature. For the first time it was possible to recognize that "New Testament Greek" was not a peculiar Hebraic-Greek dialect but an expression of the "Koine" Greek commonly used in everyday life throughout the eastern Mediterranean world. In the first decade

of the 1900s, James Hope Moulton asked George Milligan to join him in assembling data from the papyri regarding particular New Testament words. After Moulton's death in 1915, Milligan continued the work. The result was the publication of *The Vocabulary of the Greek Testament* in fascicles between 1914 and 1929 and in a single-volume edition in 1930. This work has been reprinted a number of times, and New Testament scholars still consider it a standard reference. Milligan's 14-page introduction describes the papyri and their significance for our understanding of the language of the New Testament. Then, after a table of abbreviations, follow 705 pages of entries in alphabetical order. The entries are given in Greek script, but in this new reprint Strong's numbers have been

added to make the work more accessible to those with limited knowledge of Greek. Another important new addition is an index of New Testament passages. This thorough index, meticulously prepared under the direction of Professor Daniel B. Wallace of Dallas Theological Seminary, will greatly enhance the usefulness of this classic work for scholars, pastors, and all who wish to delve more deeply into the meanings of New Testament words.

On Pagans, Jews, and Christians

University of Pennsylvania Press

An analysis of the relationships between pagan Greece, imperial Rome, Judaism, and Christianity.

A Companion to Ovid Gale Ecco, Print Editions

This dictionary aims to make learning

and understanding vocabulary easy and clear. It contains integrated thesaurus boxes and topic boxes allowing students to expand their vocabulary, and 3000 active words point students to the key words they need to know.

OPERA MINORA SELECTA Cambridge University Press

Provides an account of the religious history of Rome starting from its mythical origins.

Lusitano Horse Baker Academic

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions

to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The eighteenth-century fascination with Greek and Roman antiquity followed the systematic excavation of the ruins at Pompeii and Herculaneum in southern Italy; and after 1750 a neoclassical style dominated all artistic fields. The titles here trace developments in mostly English-language works on painting, sculpture, architecture, music, theater, and other disciplines. Instructional works on musical instruments, catalogs of art objects, comic operas, and more are also

included. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library T112503 Also published under title: 'Innocent counterfeits', 1756. London: printed for J. Boydell, 1756. [2],8, [2]p., plates: port.; 2°
