The Foxhole Court No Starch Press
 Like the best-selling *Black Hat Python*, *Black Hat Go* explores the darker side of the popular Go programming language. This collection of short scripts will help you test your systems, build and automate tools to fit your needs, and improve your offensive security skillset. *Black Hat Go* explores the darker side of Go, the popular programming language revered by hackers for its simplicity, efficiency, and reliability. It provides an arsenal of

practical tactics from the perspective of security practitioners and hackers to help you test your systems, build and automate tools to fit your needs, and improve your offensive security skillset, all using the power of Go. You'll begin your journey with a basic overview of Go's syntax and philosophy and then start to explore examples that you can leverage for tool development, including common network protocols like HTTP, DNS, and SMB. You'll then dig into various tactics and problems that penetration testers encounter, addressing things like data pilfering, packet sniffing, and exploit development. You'll create dynamic, pluggable tools before diving into cryptography, attacking Microsoft Windows, and implementing steganography. You'll learn how to: Make performant tools that can be used for your own security projects Create usable tools that interact with remote APIs Scrape arbitrary HTML data Use Go's standard package, net/http, for building HTTP servers Write your own DNS server and proxy Use DNS tunneling to establish a C2 channel out of a restrictive network Create a vulnerability fuzzer to discover an application's security weaknesses Use plug-ins and extensions to future-proof products Build an RC2 symmetric-key brute-forcer Implant data within a Portable Network Graphics (PNG) image. Are you ready to add to your arsenal of security tools? Then let's Go!

Burn, Bomb, Destroy Insights

"Featuring over seventy recipes -- including hearty breakfast to start off a day of adventure, appetizers, breads, soups and stews, sides, desserts, drinks, and main dishes to delight even the most exacting Culinarian -- this cookbook gives you everything you need to bring the tastes of Hydaelyn into your own home"--Back cover

Samak the Ayyar Simon and Schuster

Over 25 official crafting activities inspired by the Harry Potter films. Filled with imaginative projects, this official book of craft activities channels the magic of the Wizarding World into your home. Featuring over 25 crafts covering a range of skill levels, *Crafting Wizardry* includes clear, step-by-step, illustrated instructions so that the whole family can share in the magic. Inside you'll learn how to craft your very own wand, decorate your home to showcase your Hogwarts house pride, create your own pop-ups, and so much more. Sprinkled with fun facts and behind-the-scenes insights, this book also features film stills, original concept art, and blueprints from the making of the Harry Potter films to take you deeper into the Wizarding World and further inspire your creativity. So get ready, it's time for some crafting wizardry!

Almost White No Starch Press

From Fredrik Backman, New York Times bestselling author of *Beartown*, comes a heart-wrenching story of the ways loyalty, friendship, and love carry a small community through its darkest

days. After everything that the citizens of Beartown have gone through, they are struck yet another blow when they hear that their beloved local junior hockey team will soon be disbanded. What makes it worse is the obvious satisfaction that all the former Beartown players, who now play for a rival team in Hed, take in that fact. As the tension between the two towns simmers, a surprising newcomer is handpicked to try to save the Beartown club. Soon a new team starts to take shape around Amat, the fastest player you'll ever see; Benji, the intense lone wolf; and Vidar, a born-to-be-bad troublemaker. But bringing this team together proves to be a challenge as old bonds are broken, new ones are formed, and the enmity with Hed grows more and more heated. As the big game between Beartown and Hed approaches, the not-so-innocent pranks and incidents between the communities pile up. By the time the last game is finally played, a resident of Beartown will be dead, and the people of both towns will be forced to wonder if, after all they've been through, the game they love can ever return to something simple and innocent. *Us Against You* is a declaration of love for all the big and small, bright and dark stories that form and colour our communities. Compelling and heartbreaking, it's a roller-coaster ride of emotions and a showcase for "Fredrik Backman's pitch-perfect dialogue and unparalleled understanding of human nature" (Shelf Awareness).

We: A Manifesto for Women Everywhere Insights

Things I Learned from Mario's Butt Dark Horse Books

Have you ever wondered why some video game characters wear trousers and others don't? Or pondered the connection between a character's toned, muscular derrière and their level of dexterity? What about the depth of a crack, the jiggle of a cheek? When it comes to video game character designs, one of the most overlooked aspects is the buttocks. Sure, we might appreciate a nice toned butt on a character or giggle at GIFs of farts from time to time, but how often do we stop to really think about the meaning of the butt? In *Things I Learned from Mario's Butt*, video game critic Laura Kate Dale brings backsides to the foreground, analysing dozens of posteriors and asking the important questions: Has Mario let himself go? Do Link's small buttocks hold him back? When he dies, is Pac-Man eaten by his own caboose? Wedged full of original artwork by Zack Flavin, and featuring

interviews with game developers and guest butt reviews from gaming favourites such as Jim Sterling, Stuart Ashen, Brentalfloss and more, this book is a deep dive into why butts are downright integral to the games we play. So, crack it open and have a cheeky look inside at some of the most interesting bottoms the world of video games has to offer.

The Spider and the Fly Casemate

Your favorite Overwatch® heroes' backstories are revealed in this anthology from Dark Horse Books and Blizzard Entertainment®! From Soldier: 76 to Ana, Tracer to Symmetra, discover the history behind Overwatch's heroes. How did Bastion become part of the team? Why did Ana Amari disappear? Where did Tracer get her catchphrase? Learn all this and more in this hardcover anthology of the first twelve issues of Blizzard's Overwatch comics, written and illustrated by an all-star creative team including Matt Burns, Robert Brooks, Micky Neilson, Nesskain, Bengal, and more.

Whether you're an Overwatch novice or a Grandmaster, this is an essential companion! • Reveals backstories and new details about Overwatch's heroes. • Essential companion to the international best-selling game Overwatch! • Overwatch has won 100+ Game of the Year awards! • Overwatch is a global phenomenon with 30 million players! • Includes short stories by World of Warcraft: Chronicle writers Robert Brooks and Matt Burns!

Viking Rune Smith Udon Entertainment

Control dinosaurs. Tame women. Rule the world. With the defeat of Wyss, Victor has taken out his most deadly adversary yet and added loyal survivors to his tribe. But Dinosaurland has ways of keeping everyone on their toes. Distant smoke to the east alerts Victor that potential allies are in trouble, so he must choose between making a long journey without his most powerful friends, or losing the opportunity to advance the technology of his tribe.

LEGO Still Life with Bricks Chronicle Books

Witness the concept and design behind the genre-defining science fiction military action and drama with *The Art of Metal Gear Solid V!* Chronicling the development of Kojima Productions's magnum opus, and featuring hundreds of pieces of never-before-seen art, this beautifully assembled volume is an essential addition to any gamer's collection. Dark Horse is proud to offer a piece of gaming history with *The Art of Metal Gear Solid V!*

IncrediBuilds: Star Wars: Millennium Falcon Deluxe Book and Model Set Little, Brown Books for Young Readers

This format is designed to be read on color devices and cannot be read on black-and-white e-readers. In the second *Adventure Zone* graphic novel (adapted from the McElroy family's wildly popular *D&D* podcast), we rejoin hero-adjacent sort-of-comrades-in-arms Taako, Magnus, and Merle on a wild career through a *D&D* railroad murder mystery. This installment has a little of everything: a genius child detective, an axe-wielding professional wrestler, a surly wizard, cursed magical artifacts, and a pair of

meat monsters. You know, the usual things you find on a train. Hot on the heels of *The Adventure Zone: Here There Be Gerblins*, the smash hit graphic novel that launched the series, *The Adventure Zone: Murder on the Rockport Limited!* picks up the saga where volume 1 left off. Both books are based on "The Adventure Zone," a tabletop RPG comedy podcast with downloads numbering in the tens of millions and an army of passionately devoted fans. With art and co-adaptation from Carey Pietsch, the McElroys are once again turning their raucous freewheeling *D&D* campaign into some damn fine comics.

Overwatch: The Official Cookbook First Second

Build new habits with this 30-day interactive activity designed to inspire you to live life with more attention to self-care. This unique and interactive activity encourages you to cultivate a daily commitment to self-care. Thirty removable daily self-care tags provide space to write down your self-care intention for the day, and then hang it on a beautiful freestanding tree of life. Each self-care tag is contained inside a pull-open window with an inspirational quote about self-care and is to be opened one at a time over the course of 30 days. **BUILD BETTER HABITS:** It takes 30 days to form a habit, making the 30 removable prompts in this interactive format the perfect way to develop a practice of self-care. **DECOR AND MORE:** As the beautifully designed daily prompts are added to the intricate tree, they create a lovely decoration for a desk or tabletop and are a delightful reminder to care for yourself. **THOUGHTFUL GIFT:** This is the perfect gift for mindfulness practitioners and anyone hoping to cultivate self-care.

The Suite Spot Insight Editions

A guide to using the Ghidra software reverse engineering tool suite. The result of more than a decade of research and development within the NSA, the Ghidra platform was developed to address some of the agency's most challenging reverse-engineering problems. With the open-source release of this formerly restricted tool suite, one of the world's most capable disassemblers and intuitive decompilers is now in the hands of cybersecurity defenders everywhere -- and *The Ghidra Book* is the one and only guide you need to master it. In addition to discussing RE techniques useful in analyzing software and malware of all kinds, the book thoroughly introduces Ghidra's components, features, and unique capacity for group collaboration. You'll learn how to: Navigate a disassembly Use Ghidra's built-in decompiler to expedite analysis Analyze obfuscated binaries Extend Ghidra to recognize new data types Build new Ghidra analyzers and loaders Add support for new processors and instruction sets Script Ghidra tasks to automate workflows Set up and use a collaborative reverse engineering environment Designed for beginner and advanced users alike, *The Ghidra Book* will effectively prepare you to meet the needs and challenges of RE, so you can analyze files like a pro.
