A girl in a seven-story
apartment building has
trouble sleeping

because of her disruptive neighbors, who all seem to be characters from fairy tales.

The Guard The Floating Press

The award-winning historian provides a provocative new analysis of the Battle of the Alamo—including new information on the fate of Davy Crockett. Contrary to legend, we now know that the defenders of the Alamo during the Texan Revolution died in a merciless predawn attack by Mexican soldiers. With extensive research into recently discovered Mexican accounts, as well as forensic evidence, historian Phillip Tucker sheds new light on the famous battle, contending that the traditional myth is

even more off-base than we thought. In a startling revelation, Tucker uncovers that the primary fights took place on the plain outside the fort. While a number of the Alamo's defenders hung on inside, most died while attempting to escape. Capt. Dickinson, with cannon atop the chapel, fired repeatedly into the throng of enemy cavalry until he was finally cut down. The controversy surrounding Davy Crockett still remains, though the recently authenticated diary of the Mexican Col. José Enrique de la Peña offers evidence that he surrendered. Notoriously, Mexican Pres. Gen. Antonio López de Santa Anna burned the bodies of the Texans who had

dared stand against him. As this book proves in thorough detail, the funeral pyres were well outside the fort—that is, where the two separate groups of escapees fell on the plain, rather than in the Alamo itself.

Heroes, Gods and Monsters of the Greek Myths Harper Collins

Most people have heard of the Celts--the elusive, ancient tribal people who resided in present-day England, Ireland, Scotland and France. Paradoxically characterized as both barbaric and innocent, the Celts appeal to the modern world as a symbol of a bygone era, a world destroyed by the ambition of empire and the spread of Christianity throughout Western Europe. Despite the

pervasive cultural and literary influence of the Celts, shockingly little is known of their way of life and beliefs, because very few records of their stories exist. In this book, for the first time, Philip Freeman brings together the best stories of Celtic mythology. Everyone today knows about the gods and heroes of the ancient Greeks, such as Zeus, Hera, and Hercules, but how many people have heard of the Gaulish god Lugus or the magical Welsh queen Rhiannon or the great Irish warrior Cú Chulainn? We still thrill to the story of the Trojan War, but the epic battles of the Irish Táin Bó Cuailgne are known only to a few. And yet those who have read the stories

of Celtic myth and legend—among them writers like J. R. R. Tolkien and C. S. Lewis—have been deeply moved and influenced by these amazing tales, for there is nothing in the world quite like them. In these stories a mysterious and invisible realm of gods and spirits exists alongside and sometimes crosses over into our own human world; fierce women warriors battle with kings and heroes, and even the rules of time and space can be suspended. Captured in vivid prose these shadowy figures—gods, goddesses, and heroes—come to life for the modern reader.

Myths in Minutes

Casemate

This complete guide to youth readers' advisory

covers genres, reading interests, and issues, as well as provides lists of sample titles and recommended reading. Finding children and 'tweens great books to read is still a key library service, even in the age of computers. Readers' Advisory for Children and 'Tweens is an easy-to-use, practical guide that will help any library staff member become more comfortable offering this service—and more adept at producing satisfying results. Beginning with basic advice on the readers' advisory interview, the book details how to find books for different age groups, including young children and their parents, emergent readers, transitional readers, and adept readers. It explores genre fiction

for 'tweens, nonfiction, poetry and folklore, and graphic novels, and it offers techniques on promoting books and reading.

Potentially sensitive issues such as book challenges, assisting English language learners, serving children from various cultures, working with teachers, and helping reluctant readers are addressed, as well. The advice is augmented with handy booklists and descriptions of dozens of websites that aid in youth readers' advisory.

Simon and Schuster

With *The Modern Myths*, brilliant science communicator Philip Ball spins a new yarn. From novels and comic books to B-movies, it is an epic exploration of literature, new media and technology, the nature of storytelling, and the making and meaning of our most important tales. Myths are usually seen as stories from the depths of time—fun and fantastical, but no longer believed by anyone. Yet, as Philip Ball shows, we are still writing them—and still living them—today. From *Robinson Crusoe* and *Frankenstein* to *Batman*, many stories written in the past few centuries are commonly, perhaps glibly, called “modern myths.” But Ball argues that we should take that idea

seriously. Our stories of Dracula, Dr. Jekyll and Mr. Hyde, and Sherlock Holmes are doing the kind of cultural work that the ancient myths once did. Through the medium of narratives that all of us know in their basic outline and which have no clear moral or resolution, these modern myths explore some of our deepest fears, dreams, and anxieties. We keep returning to these tales, reinventing them endlessly for new uses. But what are they really about, and why do we need them? What myths are still taking shape today? And what makes a story become a modern myth? In *The Modern Myths*, Ball takes us on a wide-ranging tour of our collective imagination, asking what some of its

most popular stories reveal about the nature of being human in the modern age. *Creation Myths of the World [2 volumes]* Chronicle Books The #1 New York Times bestseller—a “gripping, suspenseful” (Washington Post) retelling of Norse myths—now with spectacular illustrations. In this dazzling, illustrated edition of the instant classic that has sold more than a million copies, award-winning illustrator Levi Pinfold brings Neil Gaiman’s bravura rendition of the Norse gods and their world to life. Bursting off the page with breathtaking, full-color art are tales of fierce battles with giants, storied quests for knowledge, and the gods in Asgard: Odin,

the highest of the high, wise, daring, and cunning; Thor, Odin's son, incredibly strong, yet not the wisest of gods; and Loki—son of a giant—blood brother to Odin and a trickster and unsurpassable manipulator. Gaiman fashions these primeval stories into a novelistic arc that takes us from the genesis of the legendary nine worlds to Ragnarok, the twilight of the gods and the rebirth of a new time. Through his epic storytelling and Pinfold's enthralling images, these gods emerge with their fiercely competitive natures, their susceptibility to being duped and to duping others, and their tendency to let passion ignite their actions, breathing vivid life into

these long-ago myths. "Who else but Neil Gaiman could become an accomplice of the gods, using the sorcery of words to make their stories new?" —Maria Tatar, translator and editor of *The Annotated Brothers Grimm* "Gaiman brings rakish mischief and severe glamour to the Norse canon." —*The New Yorker* "Remarkable. . . . Gaiman has provided an enchanting contemporary interpretation of the Viking ethos." —Lisa L. Hannett, *Atlantic* "A lively, funny and very human rendition of Thor the thunder god, his father Odin and the dark-hearted trickster Loki (plus countless other gods and monsters)." —Petra Mayer, NP

Inside Fires and

Floods Peace Hill Press

Based on scores of interviews with the artist's relatives, friends, lovers, producers, accompanists, managers, and fans, this brilliant biography reveals a man of many layers and contradictions.

Following the journey of a musician who left his family's poor cotton farm at age eight carrying only a guitar, the book chronicles his life on the open road playing blues music and doing odd jobs. It debunks the myths surrounding his meetings with Blind Lemon Jefferson and Texas Alexander, his time on a chain gang, his relationships with women, and his lifelong appetite for gambling and drinking.

This volume also discusses his hard-to-read personality; whether playing for black audiences in Houston's Third Ward, for white crowds at the Matrix in San Francisco, or in the concert halls of Europe, Sam Hopkins was a musician who poured out his feelings in his songs and knew how to endear himself to his audience--yet it was hard to tell if he was truly sincere, and he appeared to trust no one. Finally, this book moves beyond exploring his personal life and details his entire musical career, from his first recording session in 1946--when he was dubbed 'Lightnin'--to his appearance on the national charts and his rediscovery by Mack McCormick and Sam

Charters in 1959, when his popularity had begun to wane and a second career emerged, playing to white audiences rather than black ones.

Overall, this narrative tells the story of an important blues musician who became immensely successful by singing with a searing emotive power about his country roots and the injustices that informed the civil rights era.

The Illustrated Book of Myths Oxford

University Press

The first anthology to present the entire range of ancient Greek and Roman stories—from myths and fairy tales to jokes Captured centaurs and satyrs, talking animals, people who suddenly change sex, men who give birth, the temporarily

insane and the permanently thick-witted, delicate sensualists, incompetent seers, a woman who remembers too much, a man who cannot laugh—these are just some of the colorful characters who feature in the unforgettable stories that ancient Greeks and Romans told in their daily lives. Together they created an incredibly rich body of popular oral stories that include, but range well beyond, mythology—from heroic legends, fairy tales, and fables to ghost stories, urban legends, and jokes.

Legends of

Charlemagne DK

Publishing (Dorling Kindersley)

The bestselling classic that redefined our view of the relationship

between beauty and female identity. In today's world, women have more power, legal recognition, and professional success than ever before. Alongside the evident progress of the women's movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an obsession with physical perfection that traps the modern woman in an endless spiral of hope, self-consciousness, and self-hatred as she tries to fulfill society's impossible definition of "the flawless beauty."

American Scientist
MIT Press

In this sequel to the bestselling *Mythos*, legendary author and actor Stephen Fry moves from the exploits of the Olympian gods to the deeds of mortal heroes. Perseus. Jason. Atalanta. Theseus. Heracles. Rediscover the thrills, grandeur, and unabashed fun of the Greek myths. Whether recounting a tender love affair or a heroic triumph, Fry deftly finds resonance with our own modern minds and hearts. Illustrated throughout with classical art inspired by the myths, this gorgeous volume invites you to explore a captivating world with a brilliant storyteller as your guide. • Each adventure is infused with Fry's distinctive voice and writing style. • Connoisseurs of the

Greek myths will appreciate this fresh-yet-reverential interpretation, while newcomers will feel welcome. • Retellings brim with humor and emotion. "Mostly Chiron saw in the child, and the young man he became, boundless courage, athleticism, intelligence, and ambition. He saw too lots of words beginning with 'self,' which gave him pause. Self-belief, self-possession, self-righteousness, self-confidence, self-love. Perhaps these characteristics are as necessary to a hero as courage." In *Heroes*, Fry draws out the humor and pathos in both tender love affairs and heroic battles, and reveals each myth's relevance for our own time. • A collector's edition filled with

classical art inspired by the myths and a luxe, foil-stamped jacket • Perfect gift for mythology and history buffs, lovers of ancient Greece, art aficionados, and devoted fans of Stephen Fry • Add it to the shelf with books like *Circe* by Madeline Miller, *Norse Mythology* by Neil Gaiman, and *Mythology: Timeless Tales of Gods and Heroes* by Edith Hamilton
Celtic Mythology
 Armadillo
 A "marvelous" (Economist) account of how the Christian Revolution forged the Western imagination. Crucifixion, the Romans believed, was the worst fate imaginable, a punishment reserved for slaves. How astonishing it was,

then, that people should have come to believe that one particular victim of crucifixion-an obscure provincial by the name of Jesus-was to be worshipped as a god. Dominion explores the implications of this shocking conviction as they have reverberated throughout history. Today, the West remains utterly saturated by Christian assumptions. As Tom Holland demonstrates, our morals and ethics are not universal but are instead the fruits of a very distinctive civilization. Concepts such as secularism, liberalism, science, and homosexuality are deeply rooted in a Christian seedbed. From Babylon to the Beatles, Saint Michael to #MeToo, Dominion tells the story of how

Christianity transformed the modern world. *Heroes* Macmillan A collection of myths from many cultures. *Alexander the Great* Penguin 'Book of Myths' is a challenge every spiritual seeker must accept. It questions popular spiritual beliefs such as positive thinking, self-improvement, meditation, enlightenment, and so on. Never imposing itself on the reader, it facilitates a thorough enquiry of spiritual misconceptions touted as facts. The book compels the reader to scrutinize the fundamentals of their spiritual knowledge, and in the process of doing so, aims to demolish false knowledge.

The Guard: A Tale of
Two Lives is a story
about a girl with no
freedom to choose.
She is made a guard,
and her story is the
story of the lives of

millions of girls in
Africa who travel from
crib to grave with no
control over their lives.
Reva the Guard takes
us on a journey from
humble beginnings
that ultimately result in
dramatic changes in
the political scenario of
Libya with characters
in the highest echelons
embroiled in her story.
It is a gripping and
reflective story of a
woman who embarks
on a journey of self-
realization and is
caught up in the
turmoil of
powermongers. Lust,
jealousy, powerthe
ancient vices are
dominant throughout
the story. The book
also takes the reader
right to the beginning
of history when Libya
was in its nascent
stages, and it also
gives the reader an
insight into the culture,

history, and religion of the people of Libya. This story has stemmed from the experience of the author who is a frequent visitor to the mysterious continent. The author was a professor in English (20082009) at Al-Fateh University, Tripoli, Libya. On her second visit to Africa, she visited Kenya, Tanzania, and Zanzibar in 2013. In 2016, she visited Egypt. Most of the incidents/events that are written and recorded in this book happened during these years. She has witnessed, as well as visited, the places mentioned in the book. *The Jungle Book* Terrace Books
Shadow is a man with a past. But now he wants nothing more than to live a quiet life

with his wife and stay out of trouble. Until he learns that she's been killed in a terrible accident. Flying home for the funeral, as a violent storm rocks the plane, a strange man in the seat next to him introduces himself. The man calls himself Mr. Wednesday, and he knows more about Shadow than is possible. He warns Shadow that a far bigger storm is coming. And from that moment on, nothing will ever be the same...

Book of Myths

PrashantAdvait
Foundation

In the first authoritative biography of Alexander the Great written for a general audience in a generation, classicist and historian Philip Freeman tells the remarkable life of the

great conqueror. The celebrated Macedonian king has been one of the most enduring figures in history. He was a general of such skill and renown that for two thousand years other great leaders studied his strategy and tactics, from Hannibal to Napoleon, with countless more in between. He flashed across the sky of history like a comet, glowing brightly and burning out quickly: crowned at age nineteen, dead by thirty-two. He established the greatest empire of the ancient world; Greek coins and statues are found as far east as Afghanistan. Our interest in him has never faded. Alexander was born into the royal family of Macedonia, the kingdom that

would soon rule over Greece. Tutored as a boy by Aristotle, Alexander had an inquisitive mind that would serve him well when he faced formidable obstacles during his military campaigns. Shortly after taking command of the army, he launched an invasion of the Persian empire, and continued his conquests as far south as the deserts of Egypt and as far east as the mountains of present-day Pakistan and the plains of India. Alexander spent nearly all his adult life away from his homeland, and he and his men helped spread the Greek language throughout western Asia, where it would become the lingua franca of the ancient world. Within a short

time after Alexander's death in Baghdad, his empire began to fracture. Best known among his successors are the Ptolemies of Egypt, whose empire lasted until Cleopatra. In his lively and authoritative biography of Alexander, classical scholar and historian Philip Freeman describes Alexander's astonishing achievements and provides insight into the mercurial character of the great conqueror. Alexander could be petty and magnanimous, cruel and merciful, impulsive and farsighted. Above all, he was ferociously, intensely competitive and could not tolerate losing—which he rarely

did. As Freeman explains, without Alexander, the influence of Greece on the ancient world would surely not have been as great as it was, even if his motivation was not to spread Greek culture for beneficial purposes but instead to unify his empire. Only a handful of people have influenced history as Alexander did, which is why he continues to fascinate us.
