*Drift* Univ of California Press  
 "I wish the Handbook of Ethnography had been available to me as a fledgling ethnographer. I would recommend it for

any graduate student who contemplates a career in the field. Likewise for experienced ethnographers who would like the equivalent of a world atlas to help pinpoint their own locations in the field." - Journal of Contemporary Ethnography "No self-respecting qualitative researcher should be without Paul Atkinson's handbook on ethnography. This really is encyclopaedic in concept and scope. Many "big names" in the field have contributed so this has to be the starting point for anyone looking to understand the field in substantive topic, theoretical tradition and methodology." - SRA News Ethnography is one of the chief research methods in sociology, anthropology and other cognate disciplines in the social sciences. This Handbook provides an

unparalleled, critical guide to its principles and practice. The volume is organized into three sections. The first systematically locates ethnography firmly in its relevant historical and intellectual contexts. The roots of ethnography are pinpointed and the pattern of its development is demonstrated. The second section examines the contribution of ethnography to major fields of substantive research. The impact and strengths and weaknesses of ethnographic method are dealt with authoritatively and accessibly. The third section moves on to examine key debates and issues in ethnography, from the conduct of research through to contemporary arguments. The result is a landmark work in the field, which draws

on the expertise of an internationally renowned group of interdisciplinary scholars. The Handbook of Ethnography provides readers with a one-stop critical guide to the past, present and future of ethnography. It will quickly establish itself as the ethnographer's bible.

Comprehensive directories list programs in this volume, as well as others in the graduate series. Catalogue of the Officers and Graduates

of Yale University University of Ottawa Press

As Europe becomes more integrated at the economic and political level, attempts are being made to harmonize education policies as well. This volume offers an important contribution in that the authors examine, for the first time, the politics and practices of social anthropology education across Europe. They look at a wide variety of current developments, including new teaching initiatives, the use of participatory teaching materials, film and video, fieldwork studies, applied anthropology, student perspectives, the educational role of museums, distance learning and the use of new technologies.

- Clear exam with good grades using thoroughly Researched Content by experts.

*Annual Catalogue* CHANGDER OUTLINE  
 “This book was written late in the North American night, with the rumbling thuds and booming train horns of the nearby rail yard echoing through my windows, reminding me of the train hoppers and gutter punks out there rolling through the darkness.” In *Drift*, Jeff Ferrell shows how dislocation and disorientation can

become phenomena in their own right. Examining the history of drifting, he situates contemporary drift within today's economic, legal, and cultural dynamics. He also highlights a distinctly North American form of drift—that of the train-hopping hobo—by tracing the hobo's legal and political history and by detailing his own immersion in the world of contemporary train-hoppers. Along the way, Ferrell sheds light on the ephemeral intensity of drifting communities and explores the contested politics of drift: the strategies that legal authorities employ to control drifters in the interest of economic development, the social and spatial dislocations that these strategies ironically exacerbate, and the ways in which drifters create their own slippery forms of resistance.

Ferrell concludes that drift constitutes a necessary subject of social inquiry and a way of revitalizing social inquiry itself, offering as it does new models for knowing and engaging with the contemporary world.
