SOON TO BE A HULU ORIGINAL SERIES *ONE of NPR’s and TIME’s BEST BOOKS of the YEAR * NAMED A MOST ANTICIPATED BOOK of the YEAR by WOMAN’S DAY, NEWSDAY, PUBLISHERS WEEKLY, BUSTLE, and BOOK RIOT!* “A book that sneaks up on you...I am hooked.” —Roxane Gay, New York Times bestselling author This acclaimed and “welcome debut from a seriously talented author” (New York Post) is a disarmingly honest, unapologetically black, and undeniably witty novel that will speak to those who have gone looking for love and found something very different in its place. Queenie Jenkins is a twenty-five-year-old Jamaican British woman living in London, straddling two cultures and slotting neatly into neither. She works at a national newspaper, where she’s constantly forced to compare herself to her white middle class peers. After a messy break up from her long-term white boyfriend, Queenie seeks comfort in all the wrong places...including several hazardous men who do a good job of occupying brain space and a bad job of affirming self-worth. As Queenie careens from one questionable decision to another, she finds herself wondering, “What are you doing? Why are you doing it? Who do you want to be?”—all of the questions today’s woman must face in a world trying to answer them for her. “A must-read novel about sex, selfhood, and the best friendships that get us through it all” (Candace Bushnell, New York Times bestselling author), Queenie is a remarkably relatable exploration of what it means to be a modern woman searching for meaning in today’s world.

Bill and the Dream Angel Abrams

Patrick McGrath has created his most psychologically penetrating vision to date: a nightmare world rocked to its foundations by a passion of such force and intensity that it shatters the lives--and minds--of all who are touched by it. Stella Raphael, a woman of great beauty and formidable intelligence, is married to Max, a staid and unimaginative forensic psychiatrist. Max has taken a job in a huge top-security mental hospital in rural England, and Stella, far from London society, finds herself restless and bored. Into her lonely existence comes Edgar Stark, a brilliant sculptor confined to the hospital after killing his wife in a psychotic rage. He comes to Stella's garden to rebuild an old Victorian conservatory there, and Stella cannot ignore her overwhelming physical attraction to this desperate man. Their explosive affair pits them against Stella's husband, her child, and the entire institution. When the crisis comes to a head, Stella makes a decision--one that will destroy several lives and precipitate an appalling tragedy that could only be fueled by illicit sexual love. *Asylum* is a terrifying exploration of the extremes to which erotic obsession can drive us. Patrick McGrath brings his own dazzling blend of cool artistry and visceral engagement to this mesmerizing story of a fatal love and its unspeakably tragic aftermath. And in *Stella Raphael*, a woman who tears down the walls of her constricted existence to pursue a dangerous passion, he has created a character who will long be remembered for her willingness to take the ultimate risk, even if she must pay the ultimate price.
