Sew Many Dresses, Sew Little Time Laurence King Publishing

Nearly two decades after the fall, the transcendent city of Iris is the only place rumored to have a cure to the disease that decimated the world. Beyond Iris, are the remnants of the old world, crawling with the Depraved. Infected with Lethe, they no longer remember the people or dreams they were once willing to fight for, and are left instead with familiar voices that whisper dark and unfamiliar words within their minds. Instinct is all that keeps the diseased struggling to exist another day. Deep underground, below Iris, exists a compound, prison to the Nameless who traded their freedom for the cure to Lethe. It is here that 736 fights to protect those she loves. Not against the Depraved that she's taught to fear, but against the society that saved her from that fate. She was willing to trade away her rights to regain the ability to form memories, but she won't let the cult that cured her treat the lives of the Nameless like a resource to be used and discarded. At least, not without a fight. How much is 736 willing to sacrifice for revenge against her captors? For those she cares about? For freedom? Everything has a cost, what would you be willing to pay? *** For trigger warnings visit: <https://www.megantennant.com/trigger-warnings>

How to Design Your Own Dress Patterns Rizzoli Publications

This comprehensive guide explores the fundamental sewing methods fashion designers need and teaches professional garment construction. Chapter One introduces sewing tools and machinery (including industrial machines). It discusses how to work with patterns and explains cutting-out methods. Chapter Two is devoted to different fabrics and how they work, focusing on the construction of a garment, including fastenings and trimmings, and the use of materials to support structured pieces, such as corsets. Hand-sewing techniques and basic seams are explored in Chapter Three. Techniques are demonstrated with step-by-step photographic guides combined with technical drawings. A guide to making garment details and decorations, such as pockets, waistlines, and necklines, is found in Chapter Four. Chapter Five addresses fabric-specific techniques, for everything from lace to neoprene. The best technical approaches to use for patternmaking and construction are discussed for each fabric. Catwalk images demonstrate how these kinds of techniques are employed by designers.

Make Your Own Dress Patterns: With over 1,000 how-to illustrations CRC Press

With her "choose-your-own-adventure" approach to sewing, Tanya Whelan offers an invaluable collection of patterns that empowers sewers to become designers. The trick is a set of patterns for 6 skirts and 8 bodices that line up perfectly at the waist, plus an additional 4 sleeve styles and 4 necklines. Tanya gives readers clear instructions and easy-to-follow step-by-step diagrams that allow them to use the enclosed pattern pieces to create up to 219 fitted dresses, including simple strapless designs, sheaths, and halter gowns. The book covers basic dress construction and altering techniques for women of all shapes and sizes.

Evening Dress David and Charles

Edith Head was perhaps the most famous Hollywood costume designer of all time. Long before Rachel Zoe, Andrea Leibermann, Estee Stanley, and Nicole Chavez were styling Hollywood celebrities, eight-time Oscar Award-winning Edith Head was the sartorial sensation behind the silver screen's most high-profile stars and starlets. *The Dress Doctor*, adapted from her 1959 autobiography and enhanced with lavish illustrations of her most famous dresses by artist Bill Donovan, revisits the Golden Age of Hollywood with entertaining anecdotes about dressing some of

the town's biggest legends—Audrey Hepburn, Grace Kelly, Cary Grant, and Marlene Dietrich, to name a few. In her lifetime, Head was also a sought-after authority by everyday women for her invaluable tips on dressing well: *The Dress Doctor* includes her witty observations and dispenses the no-nonsense timeless advice for which she was legendary.

Doll Dress Boutique MIT Press

More than forty frock designs for your (or your little one's) doll collection! Classic A-lines, sleeveless summer dresses, and party frocks—learn to sew eighteen-inch doll dresses for every occasion. This huge collection of over forty miniature dress designs includes twenty-eight complete dress patterns, plus thirteen bonus looks created from mix-and-match elements. Plenty of sewing tutorials are included, along with beautiful photography of the stylish dresses. With princess seams, pretty pockets, and a variety of necklines, dressing up your doll has never been so much fun!

Reverse Design Design Originals

This classic pattern making text provides clear and detailed instructions for creating dresses and their components - from skirts and bodices to sleeves and collars.

Aletheia Fox Chapel Publishing

Dress Design Patterns of Various Reigns from Antique Costume By Talbot Hughes From Prehistoric to Nineteenth Century Victorian The designing and making of Costume is a craft--sometimes artistic--with which we are all more or less concerned. It is also, in its own way, one of the living arts, that is, it is still carried forward experimentally by experts directly attached to the "business." It has not yet been subjected to rules of good taste formulated by Academies and Universities; but when Inigo Jones, the great architect, was asked to make some designs for fancy dress, he based them on the Five Orders of Architecture, and ponderous fancies they were. If we look for the main stem of principle on which modern Costume develops, we seem to find it in the desire for freshness, for the clean, the uncrushed, and the perfectly fitted and draped. Probably a modern lady's ideal would be to wear a dress once, and then burn it. A correlative of the ideal of freshness is the delight in perfect "cut," and the rapidly changing fashions are doubtless conditioned in part by the desire for the new and unsullied. "Novelty" is a guarantee of newness. In such ephemeral productions it would be vain to seek for certain fine types of excellence which were once common when dresses were not so lightly cast aside. So it is necessary that we should understand what the ruling principle is, for it is one which will not be set aside at the bidding of well-meaning reformers. I will only venture to say that it would be desirable to make the attempt to separate in some degree the more constant elements of dress from those which are more variable. It will seem a pity to more than outsiders that a "well-dressed" person need wear so little which deserves to have been made by human hands, and nothing which deserves to be preserved. Fine laces and jewels are allowed to be antique--could not the circle of such things be a little broadened? A properly groomed man carries about on him literally nothing worth looking at. We might surely look for a watch-chain with some delicacy of handiwork--something beyond mechanical reductions of iron cables. Fine buttons might conceivably be made to go with the studs, or be made of crystal, amethyst, and silver or gold. Women might allow of the transfer of fine embroidered applications from one dress to another, or make more use of clasps and the like. I am confident that when it is pointed out, it will be felt as a shortcoming that no part of a fine lady's dress need now be too good to throw away. Although the present volume is cast into the form of a history, it is also intended to be a book of suggestions; and the hope is held that modern dressmakers may refer to it as much as, or more than, those who are interested in dress from the historical point of view.

Fancy Party Gowns Barrons Educational Services

Zero Waste Fashion Design combines research and practice to introduce a crucial sustainable fashion design approach. Written by two industry leading pioneers, Timo Rissanen and Holly McQuillan, the book offers flexible strategies and easy-to-master zero waste techniques to help you develop your own cutting edge fashion designs. The authors of *The Tunic Bible* craft a “clever guide to the DIY creation of tried and true staples of a woman’s wardrobe . . . truly inspiring” (Publishers Weekly). Discover the secrets to sewing a stylish wardrobe with staying power! This spirited guide walks you through thirty timeless garments to make for yourself, including a must-have button-up shirt, tailored trousers, a flattering A-line dress, and the indispensable modern classic pencil skirt. With a conversational narrative, the authors have created an engaging, informative guide to sewing by tracing the origins of each garment, along with styling and sewing tips, charming fashion illustrations, and a modeled photo gallery. Pencil skirt pattern and instructions included! “This delightfully illustrated book featuring a conversational narrative chronicles 30 beloved classic silhouettes that lie at the core of women’s wardrobes . . . Each garment chapter laced with fascinating facts and trivia tidbits gives new meaning to why we wear what we wear . . . [a] keen guide to creating a fresh collection of timeless garments.” —Elysian “It should be inspirational to those just beginning to sew for themselves as well as those who just aspire to it! . . . With this book in hand, you will both sew and dress with confidence and style.”

—Fifty Dresses “This book is so well-written and the illustrations are amazing.” —Girls in the Garden Sewing for Fashion Designers Bloomsbury Publishing

A beautiful picture book about Ann Cole Lowe, a little-known African-American fashion designer who battled personal and social adversity in order to pursue her passion of making beautiful gowns and went on to become one of society’s top designers. Wisps of cloth would fall from their worktables like confetti, and Ann would scoop them up and turn them into flowers as bright as roses in the garden. Ann’s family came from Alabama. Her great grandma had been a slave, so her family knew about working hard just to get by. As soon as Ann Cole Lowe could walk, her momma and grandma taught her to sew. She worked near her momma in their Alabama family shop in the early 1900s, making glorious dresses for women who went to fancy parties. When Ann was 16, her momma died, and Ann continued sewing dresses. It wasn’t easy, especially when she went to design school and had to learn alone, segregated from the rest of the class. But the work she did set her spirit soaring, as evidenced in the clothes she made, including Jackie Kennedy’s wedding dress and Olivia de Havilland’s dress at the Oscars when she won for Best Actress in *To Each His Own*. Rarely credited, Ann Cole Lowe became “society’s best kept secret.” This beautiful picture book shines the spotlight on a little-known visionary who persevered in times of hardship, always doing what she was passionate about: making elegant gowns for the women who loved to wear them.

Finding definitions for fashion is easier than ever. The Fairchild Dictionary of Fashion, 3rd Edition, defines more than 15,000 fashion terms, including apparel, accessories, and their components; historical and textile terms that relate to contemporary fashion; and the language of the fashion business. Its organization of 51 broad categories, such as activewear, blouses and tops, clothing, construction details, footwear, headwear, jewelry, laces, necklines, shirts, skirts, and waistlines, promotes comprehension of related terms. Categories are fully cross-referenced to the alphabetical listing. Includes terms not readily found in ordinary dictionaries and pronunciation guides for foreign words. An appendix of designers includes emerging leaders. Lavish illustrations by Bina Abling enhance definitions, capturing both the details and style of fashion. Labeled “anatomical” drawings show how the parts of fashion items fit together. Alphabetical page tabs add to the ease of use. This dictionary is the ideal reference for designers, fashion media, instructors, students, historians, and fashion enthusiasts.

Couture Techniques Storey Publishing, LLC

“A tribute to a time when style -- and maybe even life -- felt more straightforward, and however arbitrary, there were definitive answers.” -- Sadie Stein, *Paris Review* As a glance down any street in America quickly reveals, American women have forgotten how to dress. We lack the fashion know-how we need to dress professionally and beautifully. In *The Lost Art of Dress*, historian and dressmaker Linda Przybyszewski reveals that this wasn’t always true. In the first half of the twentieth century, a remarkable group of women -- the so-called Dress Doctors -- taught American women that knowledge, not money, was key to a beautiful wardrobe. They empowered women to design, make, and choose clothing for both the workplace and the home. Armed with the Dress

Doctors’ simple design principles -- harmony, proportion, balance, rhythm, emphasis -- modern American women from all classes learned to dress for all occasions in ways that made them confident, engaged members of society. A captivating and beautifully illustrated look at the world of the Dress Doctors, *The Lost Art of Dress* introduces a new audience to their timeless rules of fashion and beauty -- rules which, with a little help, we can certainly learn again.
