A Commentary on the Revelation of St. John, the Divine

Hal Leonard Publishing Corporation

Schuyler Van Alen is confused about what is happening to her. Her veins are starting to turn blue, and she's starting to crave raw meat. Soon, her world is thrust into an intricate maze of secret societies and bitter intrigue. Schuyler has never been a part of the trendy crowd at her prestigious New York private school. Now, all of a sudden, Jack Force, the most popular guy in school, is showing an interest in her. And when one of the popular girls is found dead, Schuyler and Jack are determined to get to the bottom of it. Schuyler wants to find out the secrets of the mysterious Blue Bloods. But is she putting herself in danger? Melissa de la Cruz's vampire mythology, set against the glitzy backdrop of New York City, is a juicy and intoxicating read.

Dying to Be Me Zondervan Academic

The glamorous Manhattan lives of the Blue Bloods have been threatened by the rise of the Silver Bloods. Schuyler seems to hold the key to their survival, but even she is struggling to

concentrate on following her destiny. Life, and love in particular, just seem to keep getting in the way.

The union of classical agnosticism and traditional Christianity has produced a more contemporary "middle of road Christianity." This book presents numerous facts about history and theology in an easy to understand manner. It also re-introduces us to the badly misunderstood theology of agnosticism and introduces us to Contemporary Agnosticism. Presented are Jesus' teachings after intense historical and scientific analysis. Contemporary agnostics consider Jesus a great visionary and wandering sage but no more the son of God than any of us. With that in mind, the reader is urged to appreciate various contemporary religious principles, not because they'll go to a mythical hell if they don't, but because of its positive effect on the individual and society. Christian history and theology are candidly scrutinized providing the reader with a tremendous amount of reference material.

All hell breaks loose in Meljean Brook's erotic, supernatural debut novel. Lilith, a demon, has spent 2,000 years tempting men and guaranteeing their eventual damnation. That is, until she meets her greatest temptation: the man whose life mission has been to kill her.

A Theology for the Church Disney Electronic Content

The revised edition of *A Theology for the Church* retains its original structure, organized under these traditional theological categories: revelation, God, humanity, Christ, the Holy Spirit, salvation, the church, and last things. Each chapter within these sections contains answers to the following four questions: What does the Bible say? What has the church believed? How does it all fit together? How does this doctrine impact the church today? Contributions from leading Baptist thinkers R. Albert Mohler, Jr., Paige Patterson, and Mark Dever among others will also appeal to the broader evangelical community. Included in this revision are new chapters on theological method from a missional perspective (Bruce Ashford and Keith Whitfield) and theology of creation, providence, and Sabbath that engages current research in science and philosophy (Chad Owen Brand). Chapters on special revelation (David Dockery) and human nature (John Hammett) have also been updated.

Scripturalizing Revelation GNP

A fresh contribution to the growing body of New Testament scholarship on empire, both ancient and modern Darden's reading of Revelation examines John the Seer's rhetorical strategy, in general, and imperial cult imagery in chapters 4 and 5, in particular, through the lens of an African American scripturalization supplemented by postcolonial theory. The scripturalization proposes that John the Seer's signifyin(g) on empire demonstrated that he was well aware of the oppressive nature of Roman imperialism on the lives of provincial Asian Christians. Yet, ironically, John reinscribed imperial processes and practices. Darden argues that African American biblical scholarship must now attend adequately to these complex cultural negotiations lest it find itself inadvertently feeding the imperial beast. Features: Relates the potential for African American cooption by the U.S. Empire to the cooption by the Roman Empire both thematized and performed in Revelation Book-length study on postcolonial African American biblical hermeneutics A reading supplemented by postcolonial theory that better addresses the hybridity of African American identity

Presents a controversial history of violence which argues that today's world is the most peaceful time in human existence, drawing on psychological insights into intrinsic values that are causing people to condemn violence as an acceptable measure. *Misguided Angel (Blue Bloods, Book 5)* Disney Electronic Content Renewal Theology deals with the full range of Christian truth from within the charismatic tradition. Previously published as three separate volumes, *Renewal Theology* represents the first exhaustive, balanced articulation of charismatic theology. *Renewal Theology* discusses: Book One--God, the World, and Redemption - Book Two--Salvation, the Holy Spirit, and Christian Living - Book Three--The Church, the Kingdom, and Last Things. As theology, this work is an intellectual achievement. But it is much more than that. The author urges the church to undertake its task of theology in the proper spirit: - an attitude of prayer - a deepening sense of reverence - an ever-increasing purity of heart - a spirit of growing love - a theological approach rooted in the glory of God. Done in such a spirit, theology becomes a faithful and powerful witness to the living God.
