A harrowing, remarkable poetry memoir about one girl's struggle with anxiety disorder. A harrowing, remarkable poetry memoir about one girl's struggle with anxiety disorder. This is a true story of growing up, breaking down, and coming to grips with a psychological disorder. When Samantha Schutz first left home for college, she was excited by the possibilities -- freedom from parents, freedom from a boyfriend who was reckless with her affections, freedom from the person she was supposed to be. At first, she revelled in the independence. . . but as pressures increased, she began to suffer anxiety attacks that would leave her mentally shaken and physically incapacitated. Thus began a hard road of discovery and coping, powerfully rendered in this poetry memoir.

So much theology is confusing and intimidating. The concepts themselves are given weighty-sounding names, such as incarnation and justification, and the explanations of the concepts sometimes can be more confusing than the names. É Captivating, entertaining, and highly informative,É*Crazy Talk*Éhelps readers navigate their way through that complexity and offers a vocabulary that dares (and equips!) its readers to embrace their own faith in a new, well-informed way. É The purpose ofÉ*Crazy Talk*,Ésays editor Rolf A. Jacobson, is to render the heart of our Christian theology in a form that is accessible and appealing to everyone. The format of the book is similar to that of a dictionary of theological terms, but with a twist of humor! Each entry includes the name of the theological term, an ironic definition of the term, and a short humorous essay offering a fuller explanation of the term. In making the term understandable, Jacobson concentrates on the big theological issue that is at stake in the term and why it matters. É This revised and expanded edition includes new and expanded entries and all new images.

The sheriff has come to "put away" Elizabeth Miller--to take her to the state mental hospital. "Well, I may be crazy," Elizabeth tells us, "but I know I'm not wild-crazy, just maybe quiet-crazy, and I don't know which one is worse." For someone about to be penned up with the "crazy folks," you wouldn't think she'd be so calm and analytical. But Elizabeth Miller knows that her trip to the asylum

is her last chance at an independent life, her last chance at getting away from Angela--the little dead girl inside her who won't die, who threatens to take over her life. In the hospital, she will find beauty and terror, but most of all, she will find her own inner strength--the strength to heal herself and to face the family and small town she has had to flee. Joyce Durham Barrett's debut novel is the uplifting story of one woman who triumphs of a terrible past and wakes up to find the world as an adult: ready to embrace it in all its complications, its many shades of meaning and uncertainty, its degrees of good and bad, its wild, wonderful, terrifying, thrilling reality.

Life is like high school. For Grey Talbot teaching high school history was a choice. When a gorgeous blond punk of a kid walks into his class with attitude to spare, Grey fears his choice might just be his undoing. High school kids kept getting younger and Paul Gaines stayed the same. Moving from one city narcotics unit to the next, his youthful looks and slender body made him a perfect undercover cop for the job. Meeting the professor wasn't part of the deal. The man was smart sexy and off limits even if he was younger than Paul. For Grey getting involved with one of his students, even if that student wore a badge meant playing with fire. Fire that could burn them both.

Since the 'migration crisis' of 2016, long-simmering tensions between the Western members of the European Union and its 'new' Eastern members - Poland, the Czech Republic, Slovakia, and Hungary - have proven to be fertile ground for rebellion against liberal values and policies. In this startling and

original book Ivan Kalmar argues that Central European illiberalism is a misguided response to the devastating effects of global neoliberalism, which arose from the area's brutal transition to capitalism in the 1990s. Kalmar argues that dismissive attitudes towards 'Eastern Europeans' are a form of racism and explores the close relation between racism towards Central Europeans and racism by Central Europeans: a people white but not quite.

Bipolar II is a form of bipolar disorder in which a person, when in a manic cycle, is crippled by anxiety, irritability, and highs just intense enough to be embarrassing. Instead of being the life of the party, someone with Bipolar II might be too nervous to go to the party at all. And, unlike the Bipolar I sufferer who may attempt suicide in a depressive cycle, the Bipolar II might be incapacitated by guilt over an imaginary crime. In *Less than Crazy*, health writer and Bipolar II sufferer Karla Dougherty shares her story, presenting the first patient-expert's guide to recognizing and living well with this condition. Covering both adults and children, this accessible, all-in-one resource includes information on diagnosis, conditions that may mimic Bipolar II, and treatments.

A beautifully written and evocative memoir of pain and redemption, of hurt and healing, from an actress whose private life and personal choices have made her a household name. "My life is a life movies are made of," wrote Anne Heche in the proposal for her memoir. Yet what is truly surprising about Heche is that the most publicized event of her past -- her romance with Ellen DeGeneres -- is only one development in a fascinating and difficult life that has included more than its share of heartache and tragedy. Heche's memoir reveals the woman behind the headlines, one who has conquered overwhelming odds. Far from a celebrity memoir, this is an empowering and thought-provoking book guaranteed to surprise and inspire.

The Bible can be hard to understand. To many of us, it often does seem like a crazy book. But, according to the authors of *Crazy Book*, the crazy book we call the Bible actually teaches us the sanity that we need. The sanity that lets us know who God is, who we are in light of God's love, and where God's love can be found and experienced. Very similar in tone and organization to *Crazy Talk*, the authors of *Crazy Book* unleash their passion, faith, and humor. This time they have their sights on the Bible and biblical terms, and they don't hold back. Here, they've elected to focus on major people, events, places, books, and types of literature in the Bible, communicating the life-giving truth of the Bible via often knock-em-dead humor. The volume's

savvy and sassy overtones are bound to leave an impression. This is an accessible book almost devoid of scholarly jargon but filled with scholarly insight. The revised and expanded addition includes new and expanded entries and all new images.

Placed within the context of the academic environment, this multi-focused book identifies students as active contributors and learners; faculty as researchers, teachers, and learners; and administrators as a synthesis of all three modes of collaboration. While focusing on the mutuality of educational enterprises, *Common Ground* raises provocative questions about the dynamics of gender and cooperation at various levels of academia. It reveals the transformative power of collaboration by challenging traditional notions of single authorship and beliefs about knowledge as individually owned and acquired. By offering different perspectives on feminism and collaboration, this book establishes the basis for re-thinking Romantic notions about creativity, re-conceptualizing conventional ideas regarding competition, and re-reading traditional hierarchies and authoritarian relationships.

The improv star of *Whose Line Is It Anyway?* puts his “unique comic vision” to work on a range of literary classics (Toronto Star). Based on the improv game *First Line, Last Line*, actor and comedian Colin Mochrie puts his own spin on works of classic literature. Taking the first line and last line from classic books and poems, Colin recasts these familiar stories in his own trademark offbeat style. Join in the fun as a rainy day at home becomes a zombie-killing adventure in *The Cat and My Dad . . .* as well as riffs on everything from *A Tale of Two Cities* to a classic Sherlock Holmes novel, proving that no literary masterpiece is too big, or too small, for the improvisational comedy treatment. “Colin Mochrie is a comedic and creative force to be reckoned with. Therefore, this book is a literary force to be reckoned with. If you are too lazy for reckoning, just read this book and everything will work out nicely.” —Brad Sherwood “Colin Mochrie is devastatingly handsome, perilously smart, and smells like warm maple syrup. Step inside his hilarious and complex mind, and abandon all hope.”
