AN ACTOR SUCCEEDS: TIPS SECRETS & ADVICE ON AUDITIONING CONNECTING COPING & THRIVING

Tips [eBook - Biblioboard] Smith & Kraus (Book). An Actor Succeeds is a very special collection containing all the best trade secrets of the biggest and most successful film and theater professionals. Presented in an informative format, An Actor

Succeeds is a useful yet entertaining how-to, tips-and-advice book comprising nearly 900 quotes mostly from actors but also directors, writers, casting directors, and more. The book is conveniently divided into five chapters: Acting, Auditioning, Connecting, Working, and Coping. Here's a sampling of quotes from each section: (Acting) "Of course we all learn that acting is basically reacting. The least acting you ever have to do is in a close-up. The close-up may require an actor's reaction, but a small, subtle one. Generally speaking, the less you 'act' in a close-up, the better." Sir

John Gielgud. (Connecting) "Acting, especially in motion pictures, is very hierarchical, like a caste system. The stars are royalty, the other actors are serfs—okay, commoners... If you're not a big shot, you gotta be careful not to push or intrude. You gotta watch what you say, how you say it, and, especially, when you say it." Bruce Dern. (Working) "Acting in front of a camera or a live audience requires intense concentration, to shut out the real world and create the character's reality. Focus is just as important for an actor as for a cinematographer." Keira Knightley. (Coping) "Partly I got into show business to become rich and famous and thus show up anyone who'd treated me badly growing up. But doesn't one evolve with maturity? My focus ultimately changed from negative to positive, as I found that I enjoyed the work, even the struggle, for its own sake." Michael Landon

Many books on acting for beginners approach the subject in an abstract, theoretical way. Rodney Whatley designed *Acting: Year One* around the environment in which many acting students learn the

craft—the college classroom. Skills and concepts are laid out in 31 lessons, mirroring the structure of a 15-week course. Whatley's down-to-earth, accessible writing engages students, meeting them where they are in their acting journey. The exercises accompanying the text make it easy for instructors to apply what their students read directly in class. Sample grading sheets are included throughout the book, benefiting instructors as well as students, who can learn what criteria they'll be graded on.

Author Patrick Tucker uses insights and techniques gained from over 40 years of directing both screen and stage to open up the craft of effectively telling stories, exploring the reality of a directing career with practical day to day solutions and problem-solving methods for working directors. This book addresses the fact that most professional directors spend

their careers directing other writers' scripts, and deals with the practicalities of working on continuing dramas. Following the Director's mantra of 'show, not tell' it contains over 300 illustrations, diagrams, paperwork examples and floor plans, with lists and charts throughout. Covering planning, preparation, and shooting a project, it delves beyond just script construction and into the nuts and bolts of screen directing. Directors at any level are always under huge time constraints, and this book provides immediate and simple solutions to working under such restrictions.
