Inks, Drinks, and Catfinks!: the Custom Cartoon Art of Shawn Dickinson Gemstone Publishing
Mickey Mouse and his friend from the future Eega Beeva take an amazing journey into the future. But will they be in time to stop a villain that rhymes? Big adventure awaits the world's favorite little mouse as BOOM Kids! brings you the world-reowned writer/artist Casty epic, "Mickey Mouse and the World to Come!"

Mickey Mouse and the Orbiting Nightmare KaBOOM!

When a magic cloak sends Mickey to the future, he expects to see wild high-tech innovations "but he didn't count on high-tech warlord Pegleg Pete, whose robot Mekka Men hold the World of Tomorrow in an iron grip. It's up to Mickey, Minnie, and fembot femme-fatale Mimi to end this electronic enemy's reign of terror! Floyd Gottfredson, artist of Mickey Mouse from 1930-1975, created decades of masterful stories starring Mickey as an epic adventurer and time-traveler. You never know where " or when " he'll go next! Case in point: the other tales in this book! You'll find Mickey on Cap'n Skidd's 19th century ghost ship, facing a two-timing island princess! Then Mickey inherits Uncle Max's "House of Mystery" and his battle against creepy chemist Drusilla and her morbid minions! Restored from Disney's original proof sheets, *The Tomorrow Wars* also includes more than 20 pages of futuristic extras!

How to Read Donald Duck Dark Horse Comics

First published in 1971 in Chile, where the entire third printing was dumped into the ocean by the Chilean Navy and bonfires were held to destroy earlier editions, *How to Read Donald Duck* reveals the capitalist ideology at work in our most beloved cartoons. Focusing on the hapless mice and ducks of Disney--curiously parentless, marginalized, always short of cash--Ariel Dorfman and Armand Mattelart dissect the narratives of dependency and social aspiration that define the Disney corpus. Disney recognized the challenge, and when the book was translated and imported into the U.S. in 1975, managed to have all 4,000 copies impounded. Ultimately, 1,500 copies of the book were allowed into the country, the rest of the shipment was blocked, and until now no American publisher has dared re-release the book, which sold over a million copies worldwide and has been translated into seventeen languages. A devastating indictment of a media giant, a document of twentieth-century political upheaval, and a reminder of the dark undercurrent of pop culture, *How to Read Donald Duck* is once again available, together with a new introduction by Ariel Dorfman.

A chivalrous knight-errant and the power of his imagination finds reality in this adaptation of the classic novel by Miguel de Cervantes that stars Goofy and Mickey Mouse! Goofy is an uptight comic book store manager with not a care for the fantastical stories in the comics he sells. Mickey, on the other hand, is an eager, enthusiastic store keeper, rejoicing in the next new release. When a box of comics accidentally knocks Goofy over the head, he wakes with a case of literary possession--assuming the persona of knight-errant Don Goofote of Castilla! Worried for his friend's psyche, Mickey humors Goofy's newfound identity and undertakes his place as squire, Sanchito Mouse! For Don Goofote, though the line between fantasy and reality is blurred, he won't let anything escape his binocular eyes and they battle criminals, giants, and beasts. But there's something more sinister lurking beneath Goofy and Mickey's city--something far from make-believe and beyond their dreams . . . Will Don Goofote and Sanchito Mouse find a way back to reality in time to save the day?
